## What T. R. Asserted in 1913;

### Stand He Took Yesterday.

1913.

Speaking at a dinner tendered by National Progressives on the eve of his departure for South America, Oct. 3, 1913, his "farewell address," Col. Roosevelt declared:

"The party is solid, and it is the firm determination of the rank and file, no less than the leaders, to preserve its political entity, its solidity and integrity."

"Men and women, I would continue the fight even if I stood entirely alone. I shall continue it with a glad and proud heart because it is made in your company."

"Win or lose, whatever the outcome, I am with you, and I am for this cause to the end. We are dedicated in this great war for righteousness, and while life lasts we cannot and will not abandon it."

"The men who believe that we will ever betray these ideals or abandon the task to which we have set ourselves do not know us and cannot ever guess at the faith that inspires us."

"This movement will never go back, and whatever may betide in the future, of one thing the disciples of an easy opportunism may rest assured—I will never abandon the principles to which we Progressives have pledged ourselves, and I will never abandon the men and women who drew around me to battle for those principles."

### CANDIDATE HUGHES.

Republican candidate Hughes was notified Monday and delivered his speech of acceptance. The people naturally, without regard to party affiliations, have been anxious to know what he would say and the line of policy or policies he would outline.

"The Progressives are yet, so to speak, 'on the fence.' Likewise many Independents. That they will get down on the Hughes side is by no means certain. Something with more pulling power than Mr. Hughes' speech of acceptance will have to be brought forth to induce them to fall off on that side.

## DEMOCRATIC CONVENTION CALLED.

The Democratic Convention for Alamance county, North Carolina, for the nomination of a member of the House of Representatives, and for all of our county offices, except the Clerk of the Superior Court, is hereby called to convene at the Court House in Graham, N. C., at 12 o'clock, noon, on Saturday, August 19, 1916.

Every Democrat in Alamance county is ex-officio a delegate to this convention and is cordially and most urgently invited to be present and take an active part in this convention.

This July 19, 1916.

WM. H. CARROLL, Ch'mn

County Dem. Ex. Com.

### BICKETT COMING.

County Chairman W. H. Carroll advises that he has had a letter from Hon. Thos. W. Bickett, Democratic nominee for Governor, stating that he will be in Graham on Saturday, August 19th, the date of the County Democratic Convention, and make a speech. The people of Alamance will be glad to hear him.

### WILSON-MARSHALL CAMPAIGN FUND.

A campaign fund of a considerable amount will be required to conduct the National Democratic campaign this fall. To the end that a sufficient amount may be secured, Mr. Henry Morgenthau, chairman of the finance committee, requested that a committee of influential North Carolinians be appointed to solicit funds in this State. In compliance with the request Messrs. Lynn B. Williamson and E. S. Parker, Jr., of Graham and F. L. Williamson of Burlington have been appointed members of the committee.

The Gleaner will be glad to cooperate in any way with the committee and to print an acknowledgment of any subscriptions which may be made.

### DEUTSCHLAND GETS AWAY.

About 8:30 last night the submarine merchantman, Deutschland, slipped out to sea unobserved, while some five cruisers were waiting to pick her up. She even got away unobserved by her convoy.

The ship and daring of Capt. Paul Koenig and his crew have excited the admiration of everybody, regardless of the fact whether they sympathize with the Allies or Germany in the terrific struggle on Europe, and there are few that would not wish the crew a safe return to her German port.

### THE CRY FOR HELP.

The cry for help has gone up from the counties in the west devastated by flood. It is in North Carolina—at our doors, not thousands of miles away. Eye-witnesses have spoken and tried to describe the calamity that has befallen the counties in the Blue Ridge foot hills. With all the power of speech given, it is doubtful if they have been able to paint the scene as it really is. In a few words it is this: The earthly possessions of those people have been swept away—all they have destroyed. Their homes, crops and lands are gone. They have been left destitute. Thousands and thousands of them will not live long enough to get on their feet and start in life again. It is utter desolation.

The people are responding generously. It is a case for prodigal generosity. The State central committee reports donations of over \$30,000. It will take many times that to save many from dire want. Congress has given \$540,000, of which \$300,000 will come to this State. Congressman Stedman asked for \$750,000. It is not proposed to restore the immense loss sustained, but to feed the hungry and clothe the naked. It is an urgent call.

## Try It! Substitute For Nasty Calomel

Starts your liver without making you sick and cannot salivate.

Every drug store in Town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place. "Calomel is dangerous and perfectly safe and gives better results than a prominent local druggist. Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. A large bottle costs \$2, and if it fails to give any relief in every case of liver sluggishness and constipation, you have only to ask for your money back." Dodson's Liver Tonic is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine, no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work. Take Dodson's Liver Tonic instead and feel full of vigor and ambition.

"Uncle" Joe Cannon drew a big crowd of the faithful to Greensboro Saturday. The reports are that he made a rather pleasing speech, on the reminiscence order, naturally so, he being now past 80, and near the place of his birth. There were others along to do the political firing.

1916.

In his message declining the Progressive nomination for President yesterday Col. Roosevelt declared:

"Our loyalty is to the fact, not merely to the name, and least of all to the party name"

"Yet it has become entirely evident that the people under existing conditions are not prepared to accept a new party."

"The Progressive national organization no longer offers the means whereby we can make these convictions effective in our national life. Under such circumstances our duty is to do the best we can, and not to sulka because our leadership is rejected."

"Under existing conditions the nomination of a third ticket would, in my judgment, be merely a move in the interest of the election of Mr. Wilson. I shall therefore strongly support Mr. Hughes."

"Without any regard to what the personal feelings of any of us may be as regards the action of the Republican Convention, I wish very solemnly to ask the representatives of the Progressive Party to consider at this time only the welfare of the people of the United States."

"I earnestly bespeak for my fellow Progressives their ungrudging support of Mr. Hughes."

### Explosion Causes \$25,000,000 Damage.

Property losses estimated at \$25,000,000 were caused early Sunday by a series of terrific explosions of ammunition awaiting shipment to the Entente Allies and stored on Black Tom Island, a small strip of land jutting into New York Bay off Jersey City. The loss of life still is problematical. Two are known to be dead and at least two more are missing. Scores of persons were injured, some of them probably mortally.

The detonations which were felt in five States began with a continuous rapid fire of small shells, then the blowing up of great quantities of dynamite, trinitrotoluene and other high explosives, followed by the bursting of thousands of shrapnel shells which literally showered the surrounding country and waters for many miles around.

Fire that started soon after the first great crash spread death and desolation in its wake, destroyed thirteen of the huge warehouses of the National Storage Co. on Black Tom Island, in which were stored merchandise valued between \$12,000,000 and \$15,000,000.

### Important Events at the A. & M.

Four events of State-wide importance occur at the A. & M. College in Raleigh, August 22-31: (1) A three-day school for the members of the Boys' Clubs, from the 22nd to the 25th, (2) the annual conference of the ninety odd farm extension agents of the State, (3) the Farmers' Convention headed by Roger A. Derby of Jackson Springs, August 29-31, and (4) at the same time the Convention of Farm Women.

The Extension Farm News of July 22 is devoted entirely to the various programs. The schedule of events is exceedingly attractive. It ought to be read in every farm home in the State. Write for it. It offers a charming vacation for the whole family.

Every bottle warranted, but not one return in the report regarding DR. BETH ARNOLDS' BAL-SAM, the best summer medicine, from a large number of druggists in New South. Warranted by Hayes Drug Co.

By a vote of 46 to 19 the Senate has adopted a resolution requesting the President to transmit to the British government an expression of hope that it exercises clemency in the matter of the Irish political prisoners. The Senate foreign relations committee had reported the resolution unfavorably.

### The Best Laxative.

To keep the bowels regular the best laxative is outdoor exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables, and also establish a regular habit and be sure that your bowels move once a day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere.

The eleventh annual convention of the National Farmers' Union will be held at Palatka, Fla. November 25th.

\$100.—Dr. E. Detchons' Anti-Diuretic may be worth more to you—more to you than \$100 if you have a child who soils the bedding from incontinence of water during sleep. Cures old and young alike. It arrests the trouble at once. \$1.00. Sold by Graham Drug Company.

Two women and a man were killed when a building containing a restaurant collapsed at Hagerstown, Md. The walls had been weakened by a cloudburst.

## Signs of a Coming Democratic Land-slide.

Washington, D. C., July 29, 1916.—Glorious news for every sterling Democrat who wishes to see that great Democrat, Woodrow Wilson, swept back into the White House for four more years. He is going to be swept back on the biggest tidal wave ever re-recorded.

The State of Maine elects a Governor, two Senators and four Congressmen on Sept. 11. The National Democratic Committee is having a canvass made to ascertain the "trend of the sentiment up there." The first two counties canvassed, cast 1,700 votes for Wilson and a combined vote of 3,300 for Roosevelt and Taft in 1912. The canvassers report that the voters in those counties are going to give 3,746 votes to Wilson and 2,251 votes to Hughes. A sweeping change is indicated. These are the first states which show the most wonderful change in the voters, because in 1912 Wilson was "unknown", comparatively, but they know his record now, and want more of it.

### Setting Odds Changes.

Soon after the nominations were made in June, when it became known that "Teddy" would endorse Hughes, the Republicans offered a few small bets at 2 to 1 on Hughes, which were promptly taken up. But last week \$35,000 was offered on Wilson in New York at odds of 2 to 1 and no Republican takers at that. The outlook is glorious.

### Congress Speeding Up.

The House and Senate are fully alive to the fact that they will have to work more and talk less if they succeed in adjourning before September 30. The program agreed upon a few days ago, if carried out strictly to the letter, will result in an adjournment by August 20th. The Rural Credit Bill which was signed by President Wilson last week is one of the most valuable acts of legislation the "farmer" has ever received at the hands of Congress.

Republican Congresses used to legislate for the trusts but for the hard-working farmer, never. It is well known that the farmers, especially in the West and South, have been compelled to pay a high rate of interest for farm loans which are usually 8, 10, and sometimes 12 per cent. The Administration leaders are considering the establishment of a "Farmers' Bureau" which will further facilitate the securing of loans by farmers at low rates of interest.

### The Shipping Bill Progresses.

This important measure which will authorize the United States government to acquire a merchant marine in the quickest possible time, is now enjoying the "right of way" in the Senate. It is very certain that the bill will pass the Senate by an overwhelming vote because the Democrats are solidly behind it, and they have a majority of sixteen in the Senate, and those few Republican Senators from the great farming States of the middle West, will "seal their political doom" if they vote against this bill, which will bring so much prosperity to the agricultural and manufacturing industries of the United States. While our foreign trade is already enormous, we could add to it by more than five hundred million dollars of exports per year. With a large merchant marine to carry our goods to foreign countries, there will be no hitch to the great prosperity which we are enjoying, when the war ends. The war has been a real boon for two years, and our sale of ammunition abroad has not quite reached a half billion dollars for the two years. When it is recalled Germany and Austria can get no goods from the United States during the war, it will be seen that there will be an immense demand for American products in Germany and Austria as soon as the war is over. For these two countries alone buy more than five hundred million dollars worth a year, which is twice the value of the ammunition that we have sold on account of the war, so that when our sales of ammunition shall cease, our peace trade will more than double what we have lost by the ending of the war.

### Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my back and side, and a feeling of sore stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them, the feeling was all gone and the pains obtainable everywhere."

### The National Convention of the Prohibition party, in session at St. Paul, Minn., nominated J. Frank Healey, former Governor of Indiana, for President and Dr. Ira D. Landreth of Nashville, Tenn., for Vice-President. After the nominations the convention adjourned by singing the doxology.

### Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak I could not stand upright. The doctor prescribed Chamberlain's Colic Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was well over again. Many druggists recommend this remedy because they know it is reliable. Obtainable everywhere."

### Victory for Cardui.

Hamilton County Herald, Chattanooga, Tenn., June 23, 1916. We are rejoiced at the great victory won by Z. C. Patten, Jr., and the Chattanooga Medicine Co., at Chicago.

The jury returned a verdict in favor of the makers of Cardui, the woman's tonic, and held the American Medical Journal guilty of libel for publishing that Cardui is a non-merit without merit.

In short, the United States Court has placed the seal of its approval upon the remedy Cardui after one of the most exhaustive trials in the history of the country.

All Chattanooga will rejoice, and the verdict will attract nationwide attention.

## SUNDAY SCHOOL.

Lesson VI.—Third Quarter, For Aug. 6, 1916.

### THE INTERNATIONAL SERIES.

Text of the Lesson, 1 Cor. xiii.—Memory Verses, 4-7—Golden Text, 1 Cor. xiii, 13.—Commentary Prepared by Rev. D. M. Stearns.

It is only in this epistle to those whom he calls babes and carnal Christians that he makes any reference to the matter of "tongues" which some believers make so much of in our day, and when he does mention them they are last on the list and in connection with the interpretation of tongues (chapter xii, 7, 10, 28). He also says, "He that speaks in an unknown tongue pryt that he may be interpreted" and "I had rather speak five words with my understanding, than ten thousand words in an unknown tongue" (chapter xiv, 18, 19). The more excellent way of love he sets before us in our lesson chapter. The great chapter on Faith is Heb. xii, where the word is used over twenty times. The great chapter on Hope is Rom. viii, and this is one of the great Love chapters, but as to the use of the word, if we include the verb and the noun "beloved," it is found in John xv and our lesson contains the word nine times in each, if I have counted correctly.

We are certainly safe in saying that there is no topic in the whole Bible so wonderful as the love of God, but the great matter is always the love of God to us, never our love to Him, which is not worth mentioning compared with His love to us. John is not spoken of as the disciple whom Jesus loved, it is not the love of Martha and Mary and Lazarus, but "Jesus loved Martha and her sister and Lazarus" (John xi, 3; xii, 22; xii, 23; xii, 27). The words that hold the most strongly are such as these: "The Son of God, who loved me and gave Himself for me." "Having loved His own... He loved them unto the end, or the uttermost." "I have loved those with an everlasting love" (Gal. iii, 20; John xiii, 1; Jer. xxxi, 3). These, with Eph. v, 25; John iii, 16; the many verses in 1 John iii and iv, and Song vii, 7, are to me some of the most wonderful, with John xv, 9. The first three lesson verses show the utter worthlessness of tongues, or speaking in tongues, or giving all our goods to feed the poor, or even our bodies to be burned, apart from love. What a complete laying low of all that men might boast of that the love of God may be magnified and His love constraining and working in us the works He has prepared for us. There is no room for boasting nor for any pride of man because of his ability to do this or that. The Lord alone must be exalted. Such love as is here described, in our memory verses, and was never fully manifested in any one except in Jesus Christ, but He is able to manifest it in us.

It is no doubt true that all the fruit of the Spirit in Gal. v, 22, 23, is but different manifestations of love, joy being love exulting, peace love in repose, and so on. According to Col. ii, 11, it requires all the might of His glorious power to make us patient and long suffering with joyfulness, but He is able to work all this in us, if we will let Him. To be kind to Him, as from all good opinion of ourselves, free of any of others, never provoked, never thinking nor speaking evil of any one, bearing and enduring all things for His sake—what a heavenly life! Yet do not turn from it or say it cannot be done, but rather turn to Him and say, "Lord, do thou fit me for Thy great name's sake." All our knowledge now is but partial, and if any man think that he knoweth anything he knoweth nothing yet as he ought to be (1 Cor. xiii, 9, 10; chapter viii, 2).

We may know that we have become children of God by faith in Christ Jesus and gladly sing, "I know that my Redeemer liveth" (Gal. iii, 12-20; Job xix, 25), but of the life we are yet to live and the unseen realities of His kingdom and glory we know but little.

There is a lot of childish prattle and self conceit we would do well to have done with and rather say, "O magnify the Lord with me, and let us extol His name together and ever" (Ps. cxlviii, 3; cxi, 1). Note the double context of "now" and "then" in verse 12, and may we not say that we know the power of the "now" that we shall live better in the "then" to His glory. Then, face to face, knowing as we are known, like Him, for we shall see Him as He is, even our bodies being fashioned like unto His glorious body (1 John iii, 1, 2; Phil. iii, 21).

Do not misunderstand the last verse of the lesson. We never heard of anything so great as the love of God, but the greatest thing on our part is faith, without which it is impossible to please God and by which alone we can become children of God. It is the one thing He looks for in us, the faith which worketh by love, because we have known and believed the love which God hath to us (Gal. v, 8; 1 John iv, 10). See how He commended the great faith of the centurion and the woman of Tyre and Sidon, while He reproved His disciples because of their little faith (Matt. vi, 30; viii, 10, 26; xix, 31; xxi, 28; xli, 38). Note also His admonition to "have faith in God" (Mark xi, 22).

You know what you are taking. When you take Grove's Tasteless Chili Tonic because the formula is perfectly pure in every respect, showing that it is Iron and Quinine in a tasteless form. No cure, no pay.—50c. adv.

### Test of an American Is His Fealty to the Government

By M. G. BRUMBAUGH, Governor of Pennsylvania

THE test of an American is not where he was born, but what he is doing and will do for the republic. If with resolute heart and clear mind this country is mine. I am for it first and always" he is a good enough American to maintain our prestige, defend our honor and promote our welfare. He is a desirable. The essence of democracy is good will, by which I mean that courtesy of the heart that will go to all men. Hatred and jealousy and bickering and strife and abuse are un-American. Those that lend themselves to endangering of class hatred or race hatred or any other hatred are not friends of this country, nor are they promoters of its lofty destiny.

WE MUST UNDERSTAND HERE AND NOW THAT IN THIS COUNTRY THE FUNDAMENTAL NEED IS THE ACCEPTANCE OF EACH TEACHING, EACH FOR ALL AND ALL FOR EACH.

Until we are touched, truly touched, by the call of our brother we are not truly Americanized, no matter whether our birthplace is in the United States or in the faraway lands beyond the great sea.
