Old Pieces of Table Ware.

Capt. S. H. Webb of Oaks passed through town Monday, going to Statesville. He carried with him two old pieces of ware for his nephew who lives there. They had been in the family many years and were very valuable. One was a dish or platter, painted with blue designs, and measured 1 1/2 by 20 inches—large enough to hold a 20-lb turkey or ham. The other piece was an old wood-wedged pitcher. Such pieces as these are very rare and command fancy prices.

Two Frosts.

Frost appeared this and yesterday morning, and potato tops and some other green stuff clearly show the result. Just three weeks ago—on Wednesday and Thursday morning—there were slight frosts which slightly browned tender vegetation. According to tradition in these parts the first killing frost is not due before the 10th of October, nor until three months after the first Katydid is heard. Mr. Lewis H. Holt informed us yesterday that he heard his first Katydid on the night of July 10th.

Those who have heard Mr. Liddell at the Methodist church in the series of meetings in the spring will be glad to hear him again, and especially in the role of entertainer. Both lectures are full of entertainment as well as instruction. As the most central point, the court house has been secured for the lecture on the nights of 19th and 20th. An admission fee of 15c and 25c will be charged.

In 104th Year, John Weaver, Colored, Passes Away.

Perhaps the oldest person in the State passed away when John Weaver, colored, died last Sunday, October 8th. This old man had been in the County Home for the past 16 months, but prior to that he had been active and worked up to within a month or so before going to the Home. He gave the date of his birth as Dec. 23, 1812. He was tall—six feet and some inches, of massive frame and erect, and showed all the courtesy and deference of the old-time darkey. He went through the Civil War, but not being an enlisted soldier he could not get a pension, though he made application and Pension Board would have gladly granted it if they could have done so. He lived in the Southern part of the county before going to the Home.

SCOTT-GRAY MUTILALS.

Beautiful Wedding and Brilliant Reception.

The following account of the marriage Saturday night, Oct. 7th, is condensed from the Winston Daily Sentinel of Monday:

Much social prominence attended the marriage on Saturday night, of Miss Margaret Norwood Gray to Captain Donnell Everett Scott of Graham, the occasion bringing together a great many society folk from the Carolinas, Virginia and Georgia.

St. Paul's Episcopal church was the scene of the wedding, and was filled to the very steps outside, long before the hour scheduled for the service.

The beautiful sanctuary had been tastefully adorned with handsome ferns and splendid white dahlias; great bouquets of the dahlias, tied with white tulle decorated the choir posts, while still others blossomed on the altar, on each side of which gleamed the groups of altar candles.

Broad white satin ribbons were interwoven on the pews, the length of the aisles, the ends caught with tulle bows and bouquets of dahlias.

While awaiting the bridal party, the guests were delighted with a fine musical program; Mr. Frank Bland at the organ. This embraced "Valse," "Idylle," von Skop's "Tocata," Chopin's "Nocturne in F sharp," and "Traumeri."

Miss Rebecca Scott of Graham, the bridegroom's sister, sang with real charm Cadman's "At Dawning;" and Mrs. Harry Vass delighted every one with her splendid rendition of MacDermid's "Sacrament," and "If You Love Me."

Then, led by the acolyte, Master Ben Sheppard, the white-vested choir came down the aisle, singing the always beautiful "Faithful and True" chorus from "Lohengrin." The effect was specially fine, the voices being among the best of the city's talent.

The following from Graham witnessed the marriage; Mr. and Mrs. J. L. Scott, Jr., and Misses Blanch and Rebecca Scott, parents and sisters of the groom; Mrs. C. S. Hunter, aunt of groom; Messrs. J. Elmer Long, A. P. Williams, Armstrong Holt, L. G. Turner, A. R. Heritage, Ben and Richard Whitefield, Jas. Montgomery, U. F. Cates and Mack Kitch; and the following colored persons: Bill Rogers, a life-long servant, also Emma Walker and Will Walke, servants of the family here.

While a heavy guard of special deputies surrounded the court house at Lima, O., a jury returned a verdict of guilty against Charles Daniels, a negro, accused of assault on Mrs. Vivian Baber, wife of a prominent farmer on August 30, at which time a mob attempted to lynch Daniels, and forced Sheriff Eley, by threats of hanging, to lead a search for Daniels in automobiles.

Tar Heels On Border At Last.

Cor of The Gleaner.

For several months the Tar Heel soldiers have been in camp at Camp Glenn, which is situated about two miles from Morehead City. This was indeed a pleasant place for the boys, but they did not realize it until it was too late. Here we were blessed with the cool sea breeze from morn till night and lulled to sleep each night by the lonesome roar of the ocean waves. It was an exceedingly nice place, but still we longed for the day to come when we could start to the Mexican border.

Finally, on the 16th of Sept., about eight o'clock in the evening, orders came for us to move. The boys were overflowing with joy. There was music by the bands and loud shouting by the boys until late in the night. They could hardly wait until the day came for them to board the train for Mexico.

At last, on the 27th of Sept., the last of the Tar Heels started on the long-winded journey. The first city we stopped at for recreation after leaving our camp ground was Raleigh. We stayed there for two nights, and the day gave us a short parade and afterwards were given a royal reception by the some people. Finally the orders were given to start on. The 30, was led by the band and given loud cheers as the boys marched through Fayetteville St., playing the 3rd Regt. March.

It was taken only a few minutes until the boys had bidden farewell to their loved ones and were on their way again. The next stop was at Atlanta, Ga. There was a rather exciting place for many of the boys. They were treated very nicely by the people. After a short parade the boys were treated to drinks by one of the owners of a large ice cream parlor in the city. Soon after we were on our way again and every boy was filled with joy.

We traveled for several miles, at last arriving at Birmingham, Ala., at an account of diseases we could see only a small portion of the city. After a short rest here we started out again and soon arrived at Memphis, Tenn. Here the boys felt as if they had gotten back into old N. C., because of the warm reception given them by the good ladies of that city. They were given a full supply of fruit and all we could drink (nothing stronger than Coca-Cola). We could not stay here very long, so on our way we passed through Little Rock, Ark., and from there to Texas, Tex. We did not see much of the country, but we were treated in the night when we passed through each.

Finally we reached Fort Worth, Texas, where the boys had an exceedingly nice time because on every corner you could see the electric signs which read like this, "Sams Place," "Get your Choice Beer Here," "We Sell the Best Hot Lunch," etc. So, of course, under the circumstances they ate heartily at the hot lunch counters and finally the officers succeeded in getting the boys back to the train again without leaving only a few who were still at "Sams Place."

This was our last stop until we reached El Paso, which completed our journey, after covering over 4000 miles. We were very glad indeed when the train stopped at this city, but they were still about 8 or 10 miles from the camp. At last they found themselves in the place they had longed for so long. From the very minute they arrived they were disappointed to the fullest extent.

The situation of our camp is one of peculiar interest. To the rear of the camp grounds are the Franklin Mountains, which give the boys a great sport in climbing, killing rattlesnakes, falling into beds of cactus, and other things equally as hard, if not worse. In the front on each side is nothing but a vast plain just as far as the natural eye will allow you to see. Such a sight is very interesting to the Tar Heels, since they are not used to such things in the Old North State.

So, after all the long journey we have completed through the eight different States, and after all the many different beautiful sceneries of the different States we have been fortunate enough to see, and after all the warm reception given us by the good people of the different States, there is still a great desire in the bosom of every Tar Heel to pack his roll and board the train for the old N. C. he thought was h-l, but knows it was a paradise.

How I'm longing to return to civilization. CHAS. N. JONES, Band, N. C. 3rd Inf., El Paso, Tex.
