WAR RESOLUTION

Declares State of War Exists Between German Government and United States, Passes Senate by Vote of 82 to 6.

Last night the United States Senate passed the following resolution by a vote of 82 to 6 after a strenuous debate of 12 hours.

"Whereas, the Imperial German Government has committed repeated acts of war against the government and the people of the United States of America; therefore, be it resolved, by the Senate and House of Representatives of the United States of America in Congress assembled, that the state of war between the United States and the Imperial German Government, which has just been thrust upon the United States, is hereby formally declared; and, that the President be, and is hereby authorized and directed to employ the entire naval and military forces of the United States and the resources of the government to carry on war against the Imperial German Government; and, to bring the conflict to a successful termination; and, that the resources of the country are hereby pledged by the Congress of the United States."

At the same time this resolution was introduced in the House. The House will discuss the resolution and pass it.

Congress convened Monday and the House was reorganized by the election of Champ Clark as Speaker to succeed himself. Mr. Clark received 217 votes and Jas. R. Mann, Republican Leader, received 205 votes, Lenroot of Wisconsin 2, Gillette of Massachusetts 2. Schall of Minn., Prog.; London of N. Y., Socialist; Randall of Calif., Prohibitionist; and Martin of Louisiana, Prog.-Protectionist, voted for Clark. These thought it best that Congress be organized in harmony with the administration.

Every preparation is being made to place the United States on a war footing. Congress will vote all the money needed for the purpose and the boundless resources of the country will be at the command of the government.

The British and French troops continue to push the Germans back.

NEGROES TO HAVE HEALTH WEEK.

April 22-28 National Negro Health Week.

The week of April 22-28 will be observed by all colored people as National Negro Health Week. Plans are now being made by the colored people in North Carolina to clean up and get healthy during this week and the movement has the endorsement of the State Board of Health which will cooperate to the extent of furnishing for the occasion health literature for free distribution, also exhibits, lantern slides and lectures on various health subjects.

The movement was inaugurated in 1915 by Booker T. Washington who considered that the high death rate of the negro was the next fight the race should make. In issuing his call for a united effort to this end on the part of his people, he said: "We may differ on other subjects but there is no room for differences here. We must reduce our high death rate, dethrone disease and enthroned health. Without health and long life all else fails. Let us make a strong, long, united pull together."

According to the Negro Year Book, 450,000 negroes in the South are seriously ill all the time, at an annual cost of \$75,000,000; 112,000 negro workers in the South are sick continuously, losing annual earnings of \$45,000,000; 225,000 negroes in the South die annually paying a funeral expense bill of \$15,000,000; 100,000 of these deaths could be prevented, saving annually \$6,500,000 in funeral expenses alone, and in potential earnings \$170,000,000.

The vital statistics records of the State Board of Health show that the negro death rate in the State is much higher than that of the white, the white rate being 11.5 and the colored 16.9. For this reason it favors the negro health week movement or any other movement that will reduce sickness and death at this point. It makes the suggestion that towns and communities observe health week during any week of the spring or summer that is most convenient, and not to disregard it altogether because the week of April 22-28 may not be convenient.

Everybody knows the source of Austria's inspirations, but it remains to be seen whether China's belligerent declarations bear a Tokyo date line.

MILITARY CAMPS.

Many Will Go—Mr. Palmer, War Correspondent, to Lecture

Cor. of The Gleaner.

Chapel Hill, N. C., April 2.—As many as 200 students and members of the faculty of the University of North Carolina are expected to attend the military camps at Plattsburg, N. Y., this summer. Many students attending the camp last year, several going on free scholarships offered. It is the unanimous opinion of these men that the camp training is excellent and they are going again. The great need of military training at the present time of crisis will induce a great many to go.

The Army Appropriation bill this year provides funds to maintain these camps of instruction and training, and furnishes free of charge transportation, subsistence and uniforms to citizens in attendance. Thus the matter of expense is eliminated. The qualifications for attendance include sound health and the equivalent of at least a high school education. The applicants must be between the ages of 18 and 45.

These military camps build up a reserve by enabling the government "in times of peace, to train citizens for use in time of national emergency. They foster a patriotic spirit, without which a nation soon loses its virility, and falls into decay." In addition the camps give a healthful outdoor life and abundant physical training. The camps for adults will number four: June 2, July 1, July 11, Aug. 5, Aug. 11, Sept. 9, Sept. 15, Oct. 14. Junior camps for younger boys will also be held at Fort Terry, Plum Island, New York. Most of the Carolina men will attend the June, July and August camps. The State officer in charge of camps for the Eastern Division is Major General W. Glenn State Division Secretary, Greensboro, N. C.

Frederick Palmer, the noted war correspondent, will visit the University of North Carolina on Thursday of this week, and lecture to the students on his experience as an eye-witness of the battles of the Somme and around Verdun. He will give a 15 minute talk and then show moving pictures of the battle fronts.

So great an interest has been aroused in this lecture that practically every seat in the house has already been engaged. Mr. Palmer delivered a private lecture to the war college in Washington a few days ago. He is coming South primarily to deliver his lecture here, at the earnest solicitation of Prof. Archibald Henderson. Mr. Palmer has probably seen more of actual modern warfare than any other man living. He has been war correspondent in every important war since the Spanish-American and has been on every battlefield of the present European war.

The University baseball team has a big week of it this week. It will play Wake Forest, Davidson and Elon among State colleges and Yale University Saturday. All games will be played here on Emerson Field. Saturday week it meets Virginia for the first game of this season, and the two teams meet here on April 16. Though largely made up of new material, the team this year has so far not met with a defeat, and has exhibited fine team work and individual capacity. Lewellyn and Powell will do most of the pitching while Bennett will receive. Bunn Hearn is proving an efficient coach. The team representing the freshman class also has an interesting schedule arranged, with most of their games on home grounds.

The partnership between "Mund Allah," appears to have been dissolved.

Some of the recalcitrant Senators can't imagine the President as having had any other kind than a stubborn cold.

As Enver Bey says the Bagdad troops "fell back slowly for military reasons," it is assumed that there weren't enough airships to go around.

Whatever may be said of Congress, it is composed of willing workers, most of whom do not care whether there is such a thing as a summer resort.

Try It! Substitute For Nasty Calomel

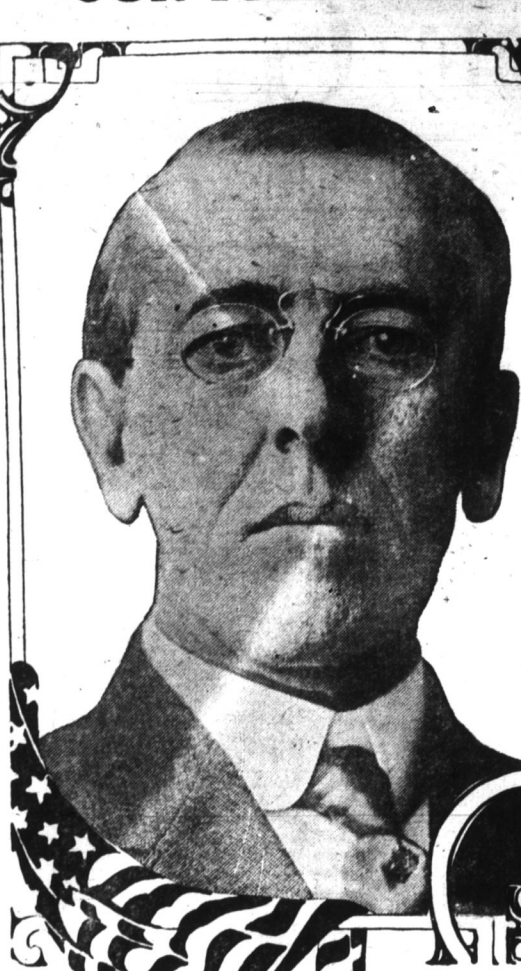

Starts your liver without making you sick and cannot salivate.

Every druggist in Town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place.

"Calomel is dangerous and perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. A large bottle costs 50c, and if it fails to give easy relief in every case of liver sluggishness and constipation, you will only be asked for your money back.

Dodson's Liver Tonic is a pleasant tasting purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine, no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you'll feel weak, sick and nauseated. Don't lose a day's work. Take Dodson's Liver Tonic instead and feel fine, full of vigor and ambition. adv.

Colored County Commencement.

Last Saturday was a big day for the colored schools of the county. The occasion was the Colored County Commencement. The day was ideal and the crowd large. This was not the first annual County Educational Rally for the colored people, but it was the first County Commencement, as this year brought forth the first graduates. There were three graduates—Myrtle and Marie Holt of the Woods Chapel school and Mary Ellen Turner of Union Ridge school. These girls passed a good examination, making average grades on all the subjects.

The address of the day was made by Mrs. Holland, State Colored Supervisor of Schools. Her address was plain, practical and good.

The exhibition of school products was fine. Sewing, Manual Arts work was largely in evidence. There was a large display of dresses, aprons, mats, rugs, axe handles, hammer handles, hand rakes, baskets, etc.

The first spelling prize was won by Eddie Evans of Patillo school and the second prize by Martha Miles of Unity.

The crowd was attentive, appreciative and orderly throughout the entire day. Such a splendid exhibition, such a large and interested crowd—peak well for the colored people of our county.

Cataract Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. This is the discovery of the Kustanichian Tube. When this tube is inserted, you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflammation of the mucous surfaces. Hall's Cat. Trib. Medicine acts thru the blood on the mucous surfaces of the eyes.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars Free. All Druggists.

N. C. STATE COLLEGE.

Large Dormitory to Begin at Once.

The work of constructing a large new dormitory at N. C. State College of Agriculture and Engineering will begin at once. The plans have been accepted and the contract will be awarded this week.

The recent Legislature appropriated, through bond issue, \$300,000 to the College to use in permanent improvement for the next six years. This building will be the first use of these funds. The General Assembly of 1915 granted \$20,000 for buildings at State, this amount being used to erect one section of a new dormitory, which had been badly needed for several years. The plans now under way are to complete this building by adding four new sections.

Upon completion, this dormitory will accommodate 192 students and, judging from the inquiries and applications already received, all the additional rooming capacity of the institution will be occupied with the opening of college next fall.

The building will be modern in every particular, and will be built along the same architectural style as the 1911 Dormitory. The plans call for three floors and a basement. The whole building is cut up into divisions of four rooms to the floor and baths are placed on each floor of each of these divisions. All of the rooms are large and airy with ample closet space. In the basement there is provided dressing room, storage room and baths for the use of athletic teams of the College and similar accommodations for the visiting teams, both of these opening directly on Riddick Field.

Addresses of All Old A. & M. College Men Wanted.

West Raleigh, N. C., April 4.—It is requested and urged that all former students of North Carolina State College of Agriculture and Engineering (formerly N. C. College of Agriculture and Mechanic Arts), who did not graduate, send their addresses to the Alumni Secretary.

The College, since its founding, has always kept up with the movements of its graduates, but prior to the establishment of the office of alumni secretary, has made no concerted effort to keep track of the men who did not graduate. The name of every person to enter the College is, of course, preserved on the records, but such a majority of these former students have changed their residences since their attendance as to make the records unserviceably inaccurate in getting in communication with these men. This call is, therefore, issued in the hope of reaching many old A. & M. men, the whereabouts of whom the College knows nothing at the present time.

All persons having attended N. C. State College of Agriculture and Engineering without graduating, regardless of the length of time of such attendance, are earnestly requested to send their addresses to Buxton White, Alumni Secretary, West Raleigh.

Railway Expenses Outrun Receipts.

Washington, D. C., April 4.—Expenses of the Southern Railway Company increased twice as much as earnings during February, according to figures showing results of operation, exclusive of interest, rentals, and other income charges, announced today by Comptroller A. H. Plant as follows:

Gross revenue, February, 1917, \$5,998,107, an increase as compared with 1916 of \$276,361, or 4.83 per cent; operating expenses, taxes and uncollectible railway revenues, \$4,638,336, an increase of \$546,398, or 13.35 per cent.

Gross revenue for the eight months period, \$52,696,028, an increase as compared with 1916 of \$6,320,058, or 13.63 per cent; operating expenses, taxes and uncollectible railway revenues, \$36,057,342, an increase of \$4,025,487 or 12.34 per cent.

Southern Railway Will Help Dispose of Farm Products.

A special from Atlanta, Ga., says:

That every Southern farmer who grows a food crop this year will be able to dispose of it at handsome prices either in its original shape or as live stock was the unanimous opinion of the fifty experts of the Development Service of the Southern Railway System and affiliated lines who met in Atlanta to discuss plans for farm marketing, immigration, and the agricultural and industrial development of the South.

The market and farm products agents are aiding the movement for increased production of food crops in the South by their efforts to put growers in touch with dealers and consumers desiring their products and have been so successful that the demand for products of Southern farms has greatly exceeded the supply.

While live stock growing is being advocated earnestly, farmers are urged to provide food crops before buying live stock. Any farmer in the territory served by the Southern Railway System or affiliated lines who desires aid in disposing of any crop will be given all possible assistance if he will communicate with the farm products agent located in his section, or with Roland Turner, chief farm products agent, Atlanta, Ga.

A certain confusion is certain to creep into the minds of any American who regulates his opinions by the editorials in the Berlin newspapers.

SUNDAY SCHOOL.

Lesson II.—Second Quarter, For April 8, 1917.

THE INTERNATIONAL SERIES.

Text of the Lesson, John xii, 17-44.

Memory Verses, 25, 26—Golden Text, John xi, 25—Commentary Prepared by Rev. D. M. Stearns.

The lesson chapter today is out of the regular order. Just one lesson, because of its being suitable for Easter. This is the home in Bethany which seemed to mean more to Jesus than any other and to which we were introduced in Luke x, 38-42, when we saw Martha serving, but not restfully, Mary serving also, but finding time to sit at Jesus' feet and hear His Word and commended by Him. We shall visit them again two weeks hence. In Matt. xvi, 6, it is called the house of Simon, the leper, and we feel like asking some questions, that we may know the family better. But whom shall we ask? Until we can see them and inquire more fully, if it shall then seem best, let us rejoice with them that Jesus loved each of the three, as it is written, "Now, Jesus loved Martha and her sister and Lazarus" (verse 5). Many Marthas have been made glad by this verse. I am glad because the Son of God loved me and gave Himself for me and that He loves with everlasting love and to the uttermost (Gal. ii, 20; Jer. xxxi, 3; John xiii, 1, R. V. M.). Why He permits sickness and suffering and death to come to those whom He loves is a constant question with many, but there is comfort in the assurance that God is love. His way is perfect. No real evil can ever come to His own, and the suffering of this present time are not worthy to be compared with the glory which shall be revealed in us (I John iv, 8; Ps. xviii, 30; xcd, 10; Rom. viii, 18). Why He did not go to them as soon as He received the word, but abode two days where He was (verse 12) is rather perplexing, but we must have absolute confidence in Him and keep singing, "Just and true are Thy ways" (Rev. xv, 3).

It would be well if the last clause of verse 4 held us under all circumstances, "For the glory of God, that the Son of God might be glorified." Glory to God the highest is the highest thing, and then peace (Luke ii, 14). When He did come Martha met Him first and Mary a little later, but both greeted Him with the same words, "Lord, if Thou hadst been here my brother had not died" (verses 21, 32). They sound respectful, but He understood and laid them both to rest. He spoke to Martha of resurrection, but she thought that He spoke of some far off event (23-24). The resurrection of the righteous should be to believers an ever present possibility and also the thought of holy ones who are dying, both of which He here asserts. See also (Rev. iv, 16-18; I Cor. xv, 50-53. Not something in the far distant future, but a possibility any day. "Yet a very little while, He that cometh shall come and will not tarry" (I Thes. i, 3, 7, R. V.). Many say not come to this world, but returned and said, "The Master is come and calleth for thee." Then she arose quickly and came unto Him (verses 28, 29). I wonder how the Jews comforted her (verse 31). How would you comfort such a sad heart? God is the Father of mercies and the God of all comfort, who comforts us in all our afflictions, that we may be able to comfort others, who are in such afflictions, by the comfort which we have received. "Comfort one another with these words" (II Cor. i, 3, 4; I Thes. iv, 18). Of too many it might be said, "Martha, come forth to me and be at peace with God." The same truth is in Ps. xxvii, 13-1 believed to be. The world's motto is, "Seeing is believing," but the Christian believes in order to see. Jesus talked a moment with His Father and then cried with a loud voice, "Lazarus, come forth!" Instantly he was at the mouth of the tomb, alive and well, but still bound hand and foot, with the graveclothes and his face bound about with the napkin. The same word that gave him life brought him also to the mouth of the cave. Many say that Lazarus was not fully forth at the dead, the righteous at the beginning of the thousand years and the unjust at the close of that period (chapter v, 28, 29).

It probably gave fear and trembling to some to see a dead man stand up with the graveclothes still on him, but Jesus said, "Loose him, and let him go," and soon he is freed from the habitments of death. Oh, the wonder-working Christ; truly a man, for He wept; truly God, for He can raise the dead, and He is ever "this same Jesus." Many who have come to life from the grave, come forth to us, fully freed from their graveclothes, the things they did in their former days when they were of this present evil age, but He who gave life is able to set free from all bondage and make free indeed to serve Him. If you are free by His word and Spirit, He will use you to set some one else free if you will.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing kidney and bladder ills? Graham people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

Mrs. J. M. Crawford, W. Harden St., Graham, says: "I suffered so severely from backache that I could hardly get around. Often sharp twinges caught across my loins. Was so tired that I could hardly move and was nervous. I tried different remedies for my kidneys but got no relief until I began taking Doan's Kidney Pills. They made me feel better in every way and my back stopped bothering me."

Price, 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Crawford had. Foster-Milburn Co., Props., Buffalo, N. Y.
