Several new names appear in the list as having joined the Red Cross. There are many more whose names should be enrolled. Our soldier boys need your help and encouragement now. Last week we mentioned that several persons from here attended Court at Hillsboro on Thursday as witnesses in the case of Clarence Sloan against our townsman, Mr. Peter Hughes. His action was for \$8,000 and the parents sued for \$3,000 for loss of services. Both were tried together. In the latter the jury gave nothing and the verdict of the jury was \$2,900 in the former.

Foushee, about a mile South of Graham, armed with a corn knife and a twenty-two rifle, took his seat at the mail box on the roadside. When asked what he was doing he said that he was going to kill the Kaiser and was waiting for him to come along. Biggest Snow in Years. Tuesday evening about sunset snow began falling and continued almost all night, and yesterday morning it was about 8 inches deep on a level. There was no wind, consequently no drifting. It is still here, for it was cold yesterday and the sunshine made little or no impression, and today it has been hazy and cold, and about noon there was a slight fall of hail.

More Sweaters Needed. The War Council of the American Red Cross recently sent the following statement to all Division Managers:

"It is imperative that all of the sweaters, wristlets and socks that can possibly be made by the women of the country should be turned in to the Supply Department at the earliest possible date. With the cold weather coming on, the demand for sweaters especially, has been beyond the capacity of all our resources to supply. We have forwarded promptly all knitted articles received from the Chapters and have in addition been compelled to buy in the market 550,000 sweaters, of which about 250,000 have been delivered. These sweaters are machine knit and the yarn used is a mixture of cotton and wool, so that it does not withdraw any considerable amount of yarn from the women knitters of the Red Cross. We are buying all the yarn we are able to secure that is suitable for knitters and sending it out to the Chapters as fast as we can get delivery of it. We have received from the Chapters about 200,000 sweaters, approximately the same number of machine-made sweaters, all of which have been delivered to the men in the camps and training stations, with the exception of a few thousand which we have had to send to France. The requests of our organization in France for sweaters and knitted goods have had to remain unfulfilled on account of our inability to secure enough for men in our own Army and Navy. We call upon the women to give us their very best effort from now until at least January 1st, that we may be able to furnish our own men with these comforts and have some to spare for the dire needs in France."

Mt. Zion Baptist church presented their pastor, Rev. W. H. Eller, ten dollars in gold for a Christmas gift.

The sugar famine is asking the Christmas cake problem quite a serious matter.

The Oakdale and X-roads communities are speaking of Christmas trees and entertainments sometime during the holidays; but where are the toys to come from in this high cost of living time?

Walter Neese and Ethel Coble were married Wednesday 4th. Esq. W. A. Tinnin performed the ceremony. Congratulations.

Our community has quite a number of fine porkers, and a few have already been killed.

Taking up the eighth grade work at Oakdale is a step in the right direction. Those people always know how to do things. Other improvements may be expected in the future. There is no better place to train the morals of girls and boys than a good country school, and the Oakdale people are well aware of that fact.

New Members For Red Cross.

EDITOR GLEANER: The American Red Cross must double their membership. Not one-fifth of those in Graham who should belong, do belong. By joining the Red Cross the only pledge you take is to pay One Dollar per year so long as you continue a member, and to enroll your name as one of those who want our soldier boys to have proper care and nursing when sick, or wounded. There is no promise on your part to do more than give the dollar, and that you must do before your name is enrolled; and by the payment of this dollar your name is placed upon the roll of those who not only want, but who have helped, to care for our wounded and sick boys. Beginning now, a drive for new members will be made. A list of those now members can be seen in Postoffice. Commencing in next week's issue, we will publish the list of the new members in this column.

Beer-Soaked Brutes.

Manufacturers' Record. A Baltimore physician gives as his opinion that Germany's brutality has been largely developed by the fact that for generations its people have been steadily soaked in beer. While this beer drinking habit has not made them out-and-out drunkards, in his opinion it has kept them so soaked in alcohol that the fiber of the nation has been largely destroyed through this evil influence.
