The manufacturing plants and other businesses here patriotically observed the National Fuel Admin-istrator's order to suspend work in mills and factories to save fuel The factories stood from 12 o'clock Thursday night till yesterday morning-five days. Other busi-nesses complied with the order in so far as it applied to them. Mon-day was close-up day for all kinds of business, except drag stores and grocery stores, the latter keep-ing open till noon. It gives us pleasure to state that the order was obeyed here willingly and un-complainingly, which shows that the people are willing to undergo sacrifices for the welfare of their common country.
