LOCAL NEWS.

The roads are not so bad as it was expected they would be, so we are informed, but it is feared when they thoroughly thaw out the trouble will begin.

Two negroes named Jim Neal and Emmitt Branham, both hailing from Georgia, got into a difficulty in Burlington yesterday evening when the former was stabbed by the latter. Neal died in a few minutes and Branham made his escape and has not been taken.

Mr. DeRoy R. Fonville of Burlington volunteered recently for the Y. M. C. A. service in the army and he was notified by telegraph yesterday to report to New York at once, and to bring with him certain articles of clothing. The nature of the telegram indicates that he will be sailing in a very short time for France.

Mr. J. L. Amick, Rural Carrier on Route No. 1, discovered that rats were making away with his corn. He procured a rat exterminator and after he had used it in his crib he made another discovery, to-wit, that he had exterminated 74 rats.

Groundhog Vindicated. February 2nd, last Saturday, everything was covered with sleet and it was dark cloudy all the day. The groundhog did not see his shadow when he came out. Ever since the weather has been growing milder. Here's hoping nothing will happen in the weather line to mar the good name the groundhog appears to have made for himself.

Sermon to Jr. O. U. A. M. and Boy Scouts Sunday Night. There will be a Sermon preached to the Jr. O. U. A. M. and Boy Scouts next Sunday night, Feb. 10, at 7:30 o'clock, at the M. E. Church, by Rev. S. W. Oldham of Hillsboro. He was formerly pastor of Graham Baptist Church and his friends here will be glad to hear him again.

All the Christian Endeavors of town meet at 6:30 p. m. at the M. E. Church. Everybody invited to attend.

A Week's Weather.

The weather is a never failing topic, so here it is for almost a week: Today a week ago everything was covered with sleet. The same condition prevailed Friday and Saturday (the latter "Groundhog Day"). These three days were cold. There was no sunshine, but the temperature was rising gradually. Sunday the sleet was still on hand, but the temperature rose and all the sleet fell from the trees. It cleared off Sunday night and there have been four days of sunshine. It turned cold Monday night and Tuesday morning was one of the coldest of the winter. It was not so cold yesterday morning; and this morning there was only a slight crust from the cold.

Nitrate of Soda Ordered—600 Bushels Soja Beans.

Monday was the last day for placing orders for nitrate of soda by the farmers. Mr. Jas P. Kerr, County Demonstration Agent, had notified hundreds of farmers throughout the county and sent them blank applications. On Monday he was at the court house to wind up the work and many met him and filed their applications on that day. When the day's work ended he had applications for fifty-eight tons. Since then he has received applications for several tons more. The Government arranged for the supply.

Mr. Kerr was in town today attending to the delivery of 600 bushels of soja beans. He says it was the largest lot he has ever seen. At the request of the farmers he went to Pasquotank county in December and purchased the beans from the farmers in that section. It was fortunate that the farmers took action as early as they did, for the price has advanced materially since the purchase was made.

Hon. W. J. Bryan at Burlington.

On Saturday night Hon. William Jennings Bryan addressed an audience of about 600 in the Graded School Auditorium. Many were there from the near-by towns and the country notwithstanding sleet and snow covered everything. He talked of the war situation about 30 minutes, urging everyone to stand behind the President and Congress in their efforts to prosecute the war to a successful conclusion, give of their means, buy bonds and war saving stamps and contribute to the Red Cross and Y. M. C. A. work.

After this he delivered his lecture on "The Prince of Peace," but he so skillfully entwined the two subjects that the whole seemed like one speech. The whole address was entertaining, edifying and instructive.

Mr. W. N. Thompson, being present made a proposition to do the work on the proposed road, which is embodied in the contract as follows:

Don't Forget the Soldiers in the Camps.

Raleigh, Jan. 31, 1918.—From every nook and corner in the State our young men have gone to the camps to learn the soldier's life. Shortly they will represent us on the firing line, and others will be called to service in their places.

While they are training, what can the home folks do to help them? These men are offering their lives for us. All that we can do for them will not equal the sacrifices they are making.

After talking with hundreds of them in the camps, I want to offer three practical suggestions to the people at home as to what they may do. Every person who reads this statement can easily, and should, gladly, do all of them.

First, send your home paper to at least one soldier at the camp. Pick out one of the men you know and subscribe for your home paper and send it to him. Any member of his family will give you his correct address. Write him a letter and tell him you are sending it. The cost will be trifling. The thought will be appreciated. It is not an act of charity, but an act of patriotic service.

Second, at least once a week, make it a point to write a letter or a card to some soldier at the camp. Send him a magazine or a good book occasionally.

Third, keep your troubles at home. The soldier has enough of his own. Be strong enough and unselfish enough to cut out the trouble parts of your letters. There are plenty of good things to write about. The soldier has a man's size job, and besides, he can't help you. Why worry him when you have a better opportunity to look after your troubles than he has to help you?

Follow these practical suggestions and you will render a service worth while.

A Soldier's Strength

Every enlisted man would stand up stronger during the first year's service if he could have the benefits of

SCOTT'S EMULSION

because it fortifies the lungs and throat, creates strength to avoid gripe and pneumonia and makes rich blood to avert rheumatic tendencies.

Send a bottle of SCOTT'S to a relative or friend in the service.

The Norwegian cod liver oil in Scott's Emulsion is now refined in our own American laboratories which makes it pure and palatable.

Sift the sugar, salt and 1 cup of flour together, and stir into corn meal and yeast mixture. Beat thoroughly and set to rise. It should be light within two hours. Beat it thoroughly, add melted shortening, then remainder of flour, knead until smooth and elastic; set to rise as before.

Ugh! Calomel Makes You Deathly Sick

Stop Using Dangerous Drug Before it Salivates you! It's Horrible!

You're bilious, sluggish, constipated, and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of DODSON'S Liver Tonic and take a spoonful to-night. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick, I want you to go back to the drug store and get your money.

Take calomel to-day and to-morrow you will feel weak, sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless. Give it to your children any time. It can't salivate, so let them eat anything they want afterwards.

Federal Hospital Inmates

Knitting for the Soldiers

More than 100 women, inmates of St. Elizabeth's hospital, the federal institution for the insane, are knitting for Uncle Sam's sailors and soldiers. Prior to the war the women inmates did no work, though the men who are not violently insane have always done manual labor around the hospital. The women take great pride in their achievements and are aware of its patriotic nature. They have turned out a great quantity of useful garments.

ALL TIRED OUT.

Hundreds More in Graham in the Same Plight. Tired all the time; Weary and worn out night and day; Back aches; head aches; Your kidneys are probably weakened. You should help them at their work.

Let one who knows tell you how. Levi R. Tickle, Elon College, N. C., says: "I am afflicted with kidney trouble, the pains in the small of my back being severe. My back ached intensely at night, was lame in the morning, and bothered me greatly when stooped to lift anything. I tired easily, had dizzy spells, I had to get up three or four times at night to pass kidney secretions and a sediment was noticeable in them. I lost 25 lbs. in weight and had about given up all hope of recovering when Doan's Kidney Pills were brought to my attention. In four or five days they relieved me, and I cannot say too much in their favor."

Prick about all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tickle had. Foster-Milburn Co., Props., Buffalo, N. Y.

New Members For Red Cross.

EDITOR GLEANER: The American Red Cross must double their membership. Not one-fifth of those in Graham who should belong, do belong. By joining the Red Cross the only pledge you take is to pay One Dollar per year so long as you continue a member, and to enroll your name as one of those who want our soldier boys to have proper care and nursing when sick, or wounded. There is no promise on your part to do more than give the dollar, and that you must do before your name is enrolled; and by the payment of this dollar your name is placed upon the roll of those who not only want, but who have helped, to care for our wounded and sick boys. Beginning now, a drive for new members will be made. A list of those now members can be seen in Post office. Commencing in next week's issue, we will publish the list of the new members in this column.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into widowhood, I looked with dread from one month to the next; I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . . Nothing seemed to help me until, one day, . . . I decided to

TAKE CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . . It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your nervous system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.
