GRAHAM, N. C., April 18, 1918.

Liberty Bond Rally!

There will be Liberty Bond Rallies at Burlington and Graham Saturday afternoon. The speakers will be Hon. S. M. Gattis and another who has spent two years in France.

The speaking will begin in Burlington and finished in time for the speakers to reach Graham at 2:30 o'clock. Everybody turn out and hear them.

GRAHAM WINS NOT ONLY ONE, BUT TWO STARS.

Gets Honor Flag, Wins First Star and Leads the State.

Graham has its bond flag for Liberty Bond sales. It is on exhibition in the National Bank. The bond sale began last Saturday. Speaking the next morning of the sales the News and Observer says in regard to Graham.

"They have not only earned an Honor Flag, but so far it is the first community to earn not only one blue star, but two of them. A blue star is awarded when the quota is doubled, and an additional blue star every time the quota is again subscribed.

Their quota was \$34,300. They have subscribed to date \$105,700—more than three times their quota."

IRONY.

That Secretary of War Baker, after a visit to the theatre of war in Europe should return home on a German vessel taken over by the United States looks like keen irony. When the war birds of any hear of it they will no doubt have feelings of bitter resentment.

The Secretary arrived at an earlier port Wednesday. He is the American public that the American soldiers are in good health and well cared for, on the most cordial terms with the French and British, and that the only thing they are worrying about is the possibility of the war ending before they have a chance to take a hand in it.

A PERSONAL MATTER

The war our country is engaged in is a personal matter with every man, woman and child in the United States. It is coming home, closer and closer, to each one every day. Many have already read the names of kindred, friends and acquaintances in the casualty lists which are published daily. If you have seen none of yours in the list yet, you will not have to wait long. They will appear.

Would you have the struggle prolonged, or would you have it end as soon as possible? You can help to end it successfully—the only ending that is worth while, by saving in every possible way and lending your government money.

Late war news is to the effect that the British lines are still holding like a stone wall against the countless hordes of German soldiers hurled against them. The fighting has not been more terrific or desperate than for the past few days, and the situation on the sector held by the British has been extremely critical at times.

The Government wants to borrow your money to help win the war. It will pay it back with interest. Your neighbor's son has gone to the front to offer his life for your country and you. Every dollar you have or ever will have is not to be compared with that boy's offering. He is a patriot. If you hide your dollar, you are a slacker.

State Food Administrator Page has closed several flour mills in the past week for violating flour regulations. The law is for all and all must respect it or suffer the penalty.

Explain New Wheat Ruling to

Thousands of Customers—Insures Greater Food Saving.

Raleigh—State Food Administrator

Henry A. Page has been instructed by the Food Administration at Washington, in order to assure the continuous shipment of wheat to our armies abroad and the armies of our Allies, to appeal to the farmers of the State to market the residue of their wheat not later than May 1. No general order requisitioning wheat has been sent out by the Food Administration up to this time and probably will not be sent out before the date mentioned.

In some states the attention of State Food Administrators has been called to reports from loyal farmers that a number of pro-German farmers have determined to withhold their wheat from the market in order to handicap to as great an extent as possible the Government and its Allies in the war against Germany. These reports have been a few such instances reported in North Carolina. Such cases will be promptly investigated and persons in this class will be directed to market their wheat immediately upon penalty of having it confiscated by the Government.

Administrator Page is confident of an immediate and patriotic response upon the part of wheat growing farmers in North Carolina who still have wheat on hand. Mr. Page states that there is no pecuniary reason why wheat growers should not market all of their wheat beyond their own requirements until the next harvest. It is possible that a higher price will be fixed by Congress for the coming crop but it would not apply to wheat from the last harvest. Further, there is really some danger that the next crop will not sell at as high a price in North Carolina as wheat is selling at present because the rate of \$2.20 per bushel fixed by President Wilson by proclamation may be made to apply to all sections regardless of freight differentials, etc.

There is a further chance that the smaller mills which are now unrestricted as to the price they may pay for wheat, may be restricted to the basic price minus freight from the nearest basing point which would be from \$2.10 to \$2.15 per bushel from most points in North Carolina.

Karl Oscar Berthing, who was sent from Berlin to this country in 1914, to uphold the German cause in public lectures, has been taken to Fort Oglethorpe, Ga., to be interned for the duration of the war as an enemy alien. He was arrested at Lexington, Mass., a few days ago and was married the day before he was taken to the internment camp.

WANTED!

Ladies or men with rigs or automobiles to represent a Southern Company. Those with selling experience preferred, tho' not necessary. Patent selling proposition. Brand new article. Excellent pay for hustlers. Address Mr. Gregory, 160 1/2 Ave. N. Nashville, Tenn.

All the woolen mills in the country were directed by the War Department to hold their looms at the service of the government from now until July 1 in order to insure adequate supplies of cloth for uniforms. Manufacturers of civilian clothing who get any of the output of the mills will do so under special government permits.

Best Remedy for Whooping Cough

"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. Pro-Germans in North Carolina—Outbreak Feared.

Speaking in behalf of the bill to punish disloyal utterances, Senator Overman, in the Senate a few days ago, made this statement:

"I want to say that I have messages from my own State, where the Federal court is in session. A man was on trial who said he cared nothing for the American flag, that he loved the German flag better and would rather fight under the German flag than the American flag and he hoped Germany would win." No name or place was mentioned.

Later the following letter from District Attorney Carr at Wilmington was made public:

"We have the largest percentage of Germans in this town (Wilmington) of any place in the State, and many of our people are getting almost as restless as they were during the negro riot of 1898. Candidly, I fear violence, and it is only necessary for something to start."

"People are beginning to have small meetings, and there is talk of mass-meetings to stop pro-German talk. It is reported to me that a small meeting in discussing this matter last night, said 'To hell with the United States attorney's office.' The Federal laws passed since the war only justify arrest for disorderly conduct, and we can handle the situation if necessary, or words to that effect. I have cautioned the people about violating the law until I feel that there is a general impression here that my office is impotent to check pro-German propaganda."

Great Advantages For Advancement in the U. S. Navy.

There are over 100 ratings in the Navy today which every enlisted and enrolling man has a chance of earning and promotions are very rapid. Officer's Training Schools are constantly in operation for those who are ambitious and willing to study, and furthermore examinations are held from time to time, whereby the names of enrolled men who pass the examination are placed on an eligibility list, from which Assistant Paymasters with the rank of Ensign are appointed. Men are especially needed for the following rates in the Naval Reserve Force:

Seamen, second class.

Firemen, all classes.

Electricians, general and radio.

Yeomen, male and female who are qualified stenographers or typists.

Hospital Apprentices, 1st and 2nd class; Registered Druggist may be enrolled as 1st class.

Machinist's Mates.

Carpenter's Mates.

Cooks and Bakers.

Miss Attendants.

There is being organized a construction unit, known as the "French Aviation Construction Unit" for construction work in France. This station has authority to enroll carpenter's mates, bricklayers, boiler-makers, and boatswain's mates.

In addition to the class of men above mentioned there are openings for men in nearly every trade and calling to civil life, and under the new draft law, registered men can still join the Navy and Naval Reserve Force after securing a statement from their Local Board to the effect that their class and order number are so low that they are not in the current quota of their Board.

Enlistments in the Navy are for the duration of the war, but the term of enrollment in the Naval Reserve Force is 4 years; however, active duty is only required in time of war or National emergencies. After the war, a man may be returned to an inactive duty status, but receives a retainers' fee from the Government without the performance of any duty on his part for the remainder of his four year enrollment.

Enrollments in the Naval Reserve Force can be made at the Navy Enrolling Office, Commercial Bank Building, Raleigh, N. C., which office is prepared to furnish full information to all persons interested.

J. N. H. Clendenin, retired farmer, S. Main St., Graham, says: "I was bothered a great deal by weak kidneys. I had little control over the kidney action and had to get up many times during the night on that account. In the morning, my back was so sore and lame that I could hardly get out of bed. I read of Doan's Kidney Pills and bought a supply at the Graham Drug Co. A few doses relieved the pain in my back and one box cured me."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. Clendenin. Foster-Milburn Co., Props., Buffalo, N. Y.

GREENSBORO MAN GAINS 14 POUNDS IN TWO WEEKS.

Proximately Carpenter Goes Out of His Way to Tell the Story of His Deliverance From Pain.

WANTS THE WORLD TO KNOW OF IT.

"I want to see the Dreoce Man," announced a middle-aged man as he crowded his way into the Ferris-Klutz Drug Store in Greensboro a few days ago. "I want to see this man and tell him what Dreoce did for me and my wife so that he can publish my experience to the world."

The Ferris-Klutz Store was crowded with customers but everybody, including clerks and customers, stopped and turned to hear what this enthusiastic man had to say. And it was well worth their while for he told an interesting story.

The man, it developed later, was John Basinger, a carpenter of Proximity Station, and he has given permission for the publication of his strange story just as he told it then. This is what he said:

"I have bought three bottles of Dreoce. My medicine isn't all out but I came here tonight to tell you how much good Dreoce has done for myself and wife.

"I bought the three bottles about two weeks ago. At that time I was so bad off I hadn't been able to work a whole week.

"As bad as I need money I wouldn't take a thousand dollars tonight for what this medicine has done for me. My back ached so bad that it felt like someone was jabbing a knife into me. I couldn't sleep for the awful pains I had. If anyone had slapped me on the back I would have fainted.

"I took 16 boxes of a certain kind of popular kidney pills, have been treated by good professional men, and now a few bottles of Dreoce has done what all others have failed in, for tonight I am a well and strong man again, with not a pain in my body.

"See how I can stoop and bend over! How I can hit myself on the small of my back! It's wonderful what Dreoce has done! I sleep so sound now that I can't hear the whistle blow of mornings.

"My wife has suffered from rheumatism and Dreoce has relieved every pain in her body. Both of us have told many of our friends about this good medicine and I want every suffering man and woman to know about what it has done for me and mine."

NOTE—Dreoce, referred to in the above statement of Mr. Basinger, is dispensed by most good drug stores. It is particularly recommended and sold in Graham by Graham Drug Co.

J. Hamp Bowers, a merchant of Hampstead, Pender county, was jailed at Wilmington last week in default of \$500 bond. He is charged with sedition talking against the war.

A few doses of August Flower will relieve you. It is a gentle laxative. Sold by Graham Drug Co.

The strawberry crop in east Carolina suffered little damage from the recent frost and berries are now being shipped to northern markets in car load lots.

Proper Food For Weak Stomachs.

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.
