RED CROSS DRIVE.

This is Red Cross week. The drive started Monday for a million dollar mercy fund. Apportionments were made for groups of States; these were subdivided into State units; and the latter were further divided into counties, cities, towns and villages.

Many of the lesser divisions did not wait till Monday to begin the work of raising their quotas. Before last Saturday night many had oversubscribed their quota. The largest and most efficient

organization for the relief of humanity in the world is the American Red Cross. It knows no creed or race. The world is its field.

Wherever there is suffering, hunger, distress, wounds to bind up, hearts to cheer-anything for the uplift of humanity -- the Greatest Mother in the Worldthe Red Cross-is there.

Give to it for bumanity's sake. for the sake of yours and your neighbor's boys, that they may feel the warmth of the sympathetic hand while their life-blood flows to make the world a safer and better place for you and the generations after you to live in.

WORK OR FIGHT.

The job of the loafer and idler -the non-producer-is fading away and will soon be gone. The Governor and the U. S. War Department are taking a hand. Every able-bodied boy or man will have to do something to help win the war.

While our soldiers are going "over there" to make the supreme sacrifice, NO ONE has any sort of right to be idle.

PRAYER AND FASTING.

The President has proclaimed May 30th as a day for fasting and prayer for the success of the Allied forces.

Late war news indicates that the Hun is preparing for another supreme assault on the allied battle front. For a week there have been no big battles; but there have been numerous raids in which the Allies have worsted the enemy. The Allied fivers have been successful in the air and greatly harassed the enemy.

THE CLANER STARS AND STRIPES

AMERICAN TROOPS ARE BRIGAD ED WITH BRITISH ON THIS MOST IMPORTANT SECTOR.

BETWEEN HUN AND THE PORTS

Less Than Two Months Required to Get Them Across and Into Position.

American troops are awaiting the time when they will be thrown into battle on an entirely new part of thte battlefield in France. The announcemen that the Stars and Stripes are waving with the British Union Jack and the French Tri-Color on this hat tlefield and that the Americans were "completing their training in the area occupied by the troops which are blocking the path of the Germans to the channel ports," which may indicate that somewhere along the line from Merville to Ypres is the point where General Pershing's men will once more strike the Germans.

This is the fifth section of the front where Americans have been located. The others are east of Luneville, northwest of Toul, north of St. Mihiel and on the heights of the Meuse, and in the Montdidier sector of the Pic-ardy battle area.

How many Americans are behind the British front, when they arrived and the part of the United States from which they came, are as yet unknown. It is probable that they are not to be used as a separate unit but will be brigaded with the British in meeting the next stroke of the Germans in the northern battlefield.

Ugh! Calomel Makes You Deathly Sick

Stop Using Dangerous Drug Before it Salivates you! It's Horrible!

You're bilious, sluggish, constipated, and believe you need vile,
dangerous calomel to start your
liver and clean your bowels.
Here's my guarantee! Ask your
druggist for a bottle of Dodson's Liver Tone and take a
spoonful to-night. If it doesn't
start your liver and straighten you
right up better than calomel and
without griping or making you
sick, I want you to go back to
the drug store and get your
money.

Take calomel to-day and to-mor Take calomel to-day and to-morrow you will feel weak, sick and
