ADVERTISING RATES... The editor will not be responsible for views expressed by correspondents.

Entered at the Post Office at Graham, N. C., as second class matter. GRAHAM, N. C., July 18, 1918.

DEMOCRATIC CONVENTION.

The Democrats of Alamance county are called to meet in mass convention on Saturday, August 3, 1918, at 12 o'clock noon, at the Court House in Graham, for the purpose of nominating candidates for legislative and county offices.

All persons who intend to affiliate with the Democratic party in the elections of 1918, are invited to participate in this Convention.

By order of the Executive Committee of Alamance county. E. S. PARKER, JR., Chm'n County Dem. Ex. Com.

THE BATTLE RAGES.

The battle still rages following up the big offensive launched Monday. Each day's news has been watched eagerly for bigger events.

This drive has been looked forward to as the "supreme effort" to be made by the enemy. The brunt of it fell against the lines held by the French and American troops.

The behavior of the American troops has brought forth highest praise from both the English and French and our Government feels elated at the reports of the heroic conduct and bravery displayed by our boys.

The American soldier has gone to France to fight and he will not be satisfied without having the opportunity to do his part in the world-war.

No one need have any fear that America's soldiers will fall short of their best traditions.

QUENTIN ROOSEVELT

Yesterday's evening papers reported the death of former President Roosevelt's youngest son, Quentin, an American aviator. He had been flying inside the German lines and was returning when attacked by a German squadron.

This morning a dispatch appeared from Mrs. Theodore Roosevelt, Jr., in Paris, stating that the death of Quentin had not been reported. This gave a ray of hope to the father that perhaps the boy was yet alive.

The young man has to his credit a Hun flyer.

The North Carolina Press Association will meet in annual session in Asheville on July 24th and 25th. The program will include a number of interesting addresses, among them Mr. George Creel, Chairman of the Publicity Bureau, Washington, D. C.

Thomas Jefferson's ghost began taking an inventory of Potsdam on July 4.

VOTE ON PROHIBITION IS POSTPONED UNTIL AUGUST 16

Washington—While the senate continued to debate house resolution authorizing government control during the war of telegraph, telephone, cable and radio systems, leaders framed a program for presentation calling for a vote on the resolution at that time, postponement of a vote on prohibition legislation until late next month and a mid-summer vacation by interim recesses for three days until August 26.

OTHER SHORT LINES TAKEN OVER BY GOVERNMENT

Washington—The short line situation seems to be clearing up. Senator Simmons was notified that the Piedmont & Northern would be taken over. The Aberdeen & Rockfish, the East Carolina and the Durham & Southern will also be taken over. The Piedmont & Northern lines formerly were operated by the government, but this was one of the lines the railroad administration returned into the control of the owners.

ATTACK GERMANS ON PICARDY FRONT

BLOW DELIVERED ALONG FRONT OF THREE MILES TO DEPTH OF ONE MILE.

BRITISH FORCES ARE ACTIVE

Austrians Revolt in Serbia as Does Turkish Garrison in Asia Minor.

Striking the Germans on a front that has been quiet for the past six weeks, the French have once more broken through the enemy defenses and advanced their lines. This new blow at the enemy was launched between Castel and Mally-Raineval on the Picardy front, southeast of Amiens, where there has been but little fighting since the French by a local attack pushed the Germans out of Senecat wood late in May.

The attack was along a front of approximately three miles. It swept the Germans back out of the village of Castel and the Amiens-Juilly road a mile to the south, after clearing out a number of strong enemy positions. The French penetrated the German lines to a depth of more than a mile. The American attack on Cantigny, some time ago, advanced the line materially at that point, while the Australians and Americans on July 4 and 5 cut deeply into the German lines at Hamel and Villers Bretonneux, south of the Somme. The French attack was launched at a point between positions of the Americans at Cantigny and the Australians further north.

Between the Marne and the Aisne, the French are conducting their offensive operations. It is reported that the village of Longpont, south of Corcy, the capture of which was reported on Thursday, has been taken by General Petain's men who have also made progress north of Corcy, at the village of Longpont. The French, according to the French official statement, the allied lines have advanced, this marking a southern extension of the fighting line which has heretofore not been unusually active farther south than Longpont.

On the British front there has been spirited fighting, according to the official report which indicates that the French, around the Leys salient and down in the Picardy sector as far as Albert there have been scattered attacks made by the British. A revolt of Austrian troops in Serbia is reported from Italian sources. The mutiny was suppressed after hard fighting. Athens reports a similar attack on the Turkish garrison in Asia Minor, where it is said German officers were murdered by Turkish soldiers.

How's This?

We offer the Hundred Dollars reward for the case of Cataract that cannot be cured by HALL'S CATARACT MEDICINE. This medicine has been known as the most reliable remedy for Cataract, Has Cataract, Medicine acts thru the Blood on the Mucous surfaces, expelling diseased portions from the Blood and healing the eye.

After you have taken HALL'S CATARACT MEDICINE for a few days, you will feel a great relief from your eye trouble. Start your trial today. Send for testimonials, free. J. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

PRESIDENT VEToes PRICE SET FOR COMING WHEAT CROP

Washington—In vetoing the \$28,000,000 annual agricultural appropriation bill because of its amendment fixing the government guaranteed minimum wheat price at \$2.40 a bushel, the President informed Congress that he did not believe the farmers of America "depend upon a stimulation of price to do their utmost to serve the nation and the world at this time of crisis."

A fixed minimum price of \$2.40 a bushel, the President said, would increase the price of flour from \$10.50 to \$12.50 a barrel and result in an additional burden of \$387,000,000 this year on the consumers. Such an increase in price, he said, would force a similar increase in Canada, thus enlarging the whole scale of financial operations in this country.

The President said the patriotic spirit of the farmers has been "one of the proudest and has shown them playing a most admirable and gratifying part in the full mobilization of the resources of the country." He added that the bumper crops they have raised this year have relieved the anxiety of the nations arrayed against Germany with regard to their food supplies.

Try It! Substitute For Nasty Calomel

Starts your liver without making you sick and cannot salivate.

Every druggist in Town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place.

"Calomel is dangerous and profane," says a prominent local druggist. "Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. It is large bottles at a few cents and if it fails to give easy relief in every case of liver sluggishness and constipation you are only to ask for your money back."

Dodson's Liver Tonic is a pleasant tasting purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine, no biliousness, sick headache, acid stomach or constipated bowels. It doesn't grip or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work. Take Dodson's Liver Tonic instead and feel fine, full of vigor and ambition. adv.

EXPECTED BATTLE NOT YET JOINED

GERMANS GREATLY ANNOYED BY SLOW AND METHODOUS ADVANCE OF FRENCH.

AMERICANS LOSE AIRPLANES

French and Italians Are Steadily Pressing the Germans Back Along Front.

French pressure along the line from the Marne to the Aisne, which began two weeks ago as a series of local attacks, has begun to yield results which are appreciable when taken from the Germans and strong viewed on the map. The town of Courcy, east of Retz forest, has been taken from the Germans and strong positions captured by the slow, methodical advance that has been the source of much annoyance to the enemy for several days.

As a result of the assaults made by the French from Ambleny, south of the Aisne, to the hills south of Courcy, their line has been straightened and advanced to high ground. There has been some reason for believing that when the Germans resume their offensive on the western front they will attempt to break through between the Marne and the Aisne in a dash straight for Paris.

On the British front, the Australians have been in action once more, penetrating German positions and capturing prisoners. On the rest of the lines, held by the British, there have been the usual artillery duels and patrol engagements.

French and Italian detachments are steadily pushing Austrian forces back along the western slope of the mountains that parallel the coast of Albania. They are reported north of the important town of Berat and have moved ahead in the Italy country to the east.

A Peking dispatch states that the Czech-Slovaks are in virtual control of all the western Siberia. Over vast stretches of this country they have triumphed over the bolsheviks. The overthrow of the bolsheviks at Irkutsk has been confirmed.

SUGAR EQUALIZATION BOARD CREATED

Washington—To equalize the price of sugar to the consumer in the face of prospects for an increase due to a threatened shortage, and to secure better distribution, President Wilson created the sugar equalization board on recommendation of Food Administrator Hoover. The board will be incorporated at \$5,000,000, the capital to be furnished by the president through his special war fund, and will have authority to acquire even at a loss to the government the production of beet sugar factories that cannot under the present price of beets be sold to the public at a reasonable price, and other high cost sugar. This will be resold in the common lot at the stabilized price, thus saving considerable to the consumer.

SEAPLANE FLIGHT OF ROYAL COUPLE

London—A royal air-escort of three Belgian seaplanes guarded King Albert and Queen Elizabeth on their flight over the channel from Belgium to England on a trip which marked the first time that any ruler has ever made an air flight from one country to another. The royal couple traveled in separate seaplanes, each operated by a Belgian army aviator. The king landed first near a British warship off Dover. The queen descended soon afterwards, her seaplane also landing near a warship. They started from the Belgian coast and made the trip to England in about 80 minutes.

AMERICANS TO OBSERVE GREAT FRENCH HOLIDAY

With the American Army in France—Bastille day, July 14, has been declared a general holiday by a general order from headquarters for all troops of the American expeditionary force not actually engaged with the enemy.

"It will be the privilege and duty of the American soldiers," says the general order, "to celebrate the French independence day, which appeals alike to every citizen and soldier of France and America."

TO RECRUIT MALE STUDENTS FOR COLLEGE

Washington—President Wilson was asked by a committee of the emergency council of the National Education Association to endorse a campaign to recruit male students for colleges and prevent the present tendency of young men to leave the college for military service. The committee announced that a meeting of the council will be held here when plans for the campaign will be formulated.

RUB-MY-TISM—Antiseptic, Relieves Rheumatism, Sprains, Neuralgia, etc.

We will never believe that there is a war scarcity of paper so long as the comic supplement continues to challenge high heaven.

Now if Bryan would consecrate his life to the prohibition of tips or some habit equally demoralizing all might be forgiven.

CAUSE OF DESPONDENCY.

Despondency is often caused by indigestion and constipation, and quickly dispensed when Chamberlain's Tablets are taken. These tablets strengthen the digestion and move the bowels.

FIERCE BATTLE IS NOW IN PROGRESS

ENEMY ATTACK ON BOTH SIDES OF RHEIMS GALLANTLY MET, BUT SMALL GAINS MADE.

AMERICANS STERN FIGHTERS

Complete German Brigade Staff Is Among Prisoners Taken; Tanks Used in the Assault.

The expected renewal of the German offensive in France has begun. Fierce battle is in progress on both sides of the famous cathedral city of Rheims, which since the first offensive along the Marne has stood the apex of a sharp salient into the German line.

West of Rheims the Germans with the pressure of large numbers of troops, the unmaking of which was preceded by a veritable hail of high explosives and gas shells, have been enabled to cross the Marne at several places. East of the city, however, they have been held for the smallest of gains by the tenacious resistance of the defenders of the line. Altogether the two battle fronts aggregate about 65 miles in length.

American troops are fighting valiantly on the sectors they have been holding and at two points have met with notable success. At Vaux they not only broke down a violent attack by the enemy, but drove him back several hundred yards and only returned to their former positions when the advance of the Germans southeast of Chateau-Thierry across the Marne made the reoccupation of their trenches of strategic value.

Along the Marne, between the town of Fossey and the river Sumerlin, where the Germans crossed the Marne the Americans in a strong counter-attack forced back the enemy to the right bank of the stream. At other points along the river they used to the greatest advantage their machine guns against enemy elements which were crossing the river on pontoon bridges, killing or wounding many of them. In the counter-attack near Fossey between 1,000 and 1,500 German prisoners were taken by the Americans. The captured contingents included a complete brigade staff. The French general in command on this sector sent a congratulatory message to the general in command of the American troops.

The Germans in addition to their tremendous expenditure of explosives and gas shells used numerous tanks against the lines of the defenders and also opened with numerous naval guns bombardments of towns and cities far behind the battle line, dropping upon them shells from 10 to 12-inch pieces.

The details of the strategic scheme the Germans have in view have not yet been unfolded. It seems apparent, however, that the main objective in the first stages of the offensive is the throwing of their lines southward on both sides of Rheims, enveloping that city and forcing its capitulation.

RESULTS SO FAR SHOW FOCH WAS FOREWARNED

The fact that stubborn resistance met every German rush all along the line shows that General Foch was fully forewarned of the general territory in which the attack was developed. It appears certain that he had his reserves close up and outgeneralized the enemy in this vital factor.

NO PEACE SAVE BY THE SWORD, SAYS GEN. LLOYD

London—Maj. Gen. John Biddie, commanding the American forces in the United Kingdom, was among the guests at the annual Anglo-French dinner organized by the Alsace-Lorraine Patriotic League in London in connection with the French national day. General Biddie presided at a time when we most need it we surely should carry through and attain the desired end.

TOTAL AMERICAN DEATH LIST TO DATE IS 4,673

Washington—Casualties in the army and marine corps overseas increased 647 during the week compared with 703 the previous week, and aggregated 117,738 with the inclusion of the latest army list giving 73 names. Total deaths, including 291 men lost at sea, number killed in action, died of wounds, disease, accident and other causes, number 4,673—army men 4,100, marines 573.

GERMAN INFANTRY NO MATCH FOR AMERICAN

With the American Army on the Marne—The correspondent talked to some American soldiers now in hospital. They were in complete agreement that the German infantry was no match for the American. This is evidenced by the reports from all the American hospitals. There being only a few cases of wounds from rifle and machine gun fire, while most of the men are suffering from shrapnel wounds.

ARE YOU ONE OF THEM?

There are a great many people who would be very benefited by taking Chamberlain's Tablets for their weak, disordered stomach. Are you one of them? Mrs. M. R. Searl, Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago, and was troubled for two or three weeks with gas and severe pains in the pit of my stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me. I kept on taking them until cured, where tablets do not relieve pain but after the pain has been relieved may prevent its recurrence."

Boschke's German Syrup

Will quiet your cough, soothe the inflammation of a sore throat and loosen, stop irritation in the bronchial tubes, insuring a good night's rest, free from coughing and with easy expectoration in the morning. Made and sold in America for fifty-two years. A wonderful prescription, assisting nature in building up your general health and throwing off the disease. Especially useful in lung trouble, asthma, cough, bronchitis, etc. For sale by Graham Drug Co.

Hindenburg in the "bug house,"

The Kaiser getting muzzy over the situation, reopening of the English prisoners, reopening of the bombardment of Rheims and the peevish blockade of this coast are all signs of the Hun disintegration.

In response to the request of General Pershing, his men will be furnished with safety razors, soap, hair brushes, comb, towels and tooth brushes.

ALL QUIET ALONG WESTERN FRONT

PREVALENCE OF BAD WEATHER PREVENTS MOVEMENTS OF IMPORTANCE.

FRENCH TROOPS TAKE VILLAGES

Morale of Austrians Extremely Bad, and Surrenders Are of Frequent Occurrence.

Bad weather conditions continue to prevail on the greater portion of the battle front in France and Flanders and the military operations are still far below normal. Nowhere have there been any engagements ranking in importance above trench raids and patrol encounters.

On several sectors, however, the big guns are constantly hammering away at opposing positions, particularly on the American front along the Marne; on the sectors held by the British and near Corcy, where the French face the enemy.

As yet there is no indication that the date for the commencement of the expected grand offensive by the Germans is at hand.

The British troops in Macedonia seemingly have started an operation against the Bulgarians which may develop westward along the battle-front and eventually conform with the successful drive which is being carried out by the French and Italians in Albania. West of the town of Dolrain, which lies on the railroad north of Saloniki, the British have developed a blow against the Bulgarians which was productive of good results.

Meanwhile, in Albania, the French and Italians are giving the enemy no rest, pressing him back daily mile after mile over the trackless country and capturing strategic positions and villages. The latest French official communication shows that the French troops have taken the villages of Narta and Gramshi.

The morale of the Austrians is declared to be extremely bad and surrenders of war-worn soldiers are reported constantly to be taking place.

HEROES IN MONSTER PARADE CELEBRATING BASTILLE DAY

Paris—Heroes distinguished during the war in all the entente allied armies participated in a monster parade through the streets of Paris in celebration of the fourteenth of July—Bastille day. American troops from the First and Second divisions, recently cited in army orders, represented the United States army. One detachment took part in the capture of Chateau-Thierry, while others were in the Chateau-Thierry fighting.

All the American units had been in France more than a year and wore two service stripes. The American expeditionary force was showered with flowers by French girls and were received all along the route with the greatest enthusiasm.

The parade was reviewed by President Poincaré, who was accompanied by General John J. Pershing, the commander-in-chief of the United States forces in France. The Americans occupied second place in the column.

CHARLOTTE MAN GAINS 10 POUNDS.

C. S. Pritchette Tells How He Was Delivered From Terrible Stomach Pains, and Kidney Disorder.

Thousands of men and women have stomach trouble and don't know it. They pay little or no attention to the small warning signals which come to them after every meal—that heavy, uneasy feeling, slight gas formation in the stomach, acid risings, and other symptoms which gradually grow worse as time wears on until finally the victim finds himself in the grasp of that most common of all human ailments, indigestion. This, even with the best of care, is likely to develop into kidney complaint, constipation, rheumatism, liver trouble and other serious ills.

"I am a painter," says C. S. Pritchette of 700 North Graham Street, Charlotte. "For a long time I suffered from indigestion which soon spread to my bowels and kidneys. My stomach seemed to bloat with gas until the pain was almost unbearable. Then I became constive and was forced to take powerful laxatives. But all my troubles are over now because I have found a medicine that has corrected all these faults. It's name is Dreco. I am no longer troubled with that gassy, bloated feeling and the pains in my stomach are gone. My bowels now have a regular normal action. Formerly I had to get up during the night as many as 8 or 10 times to relieve my kidneys; but Dreco has stopped that."

"I now sleep sound and well and don't sleep that drowsy feeling mornings. I now eat many things that I couldn't before. "I had 'painter's colic' often but since taking Dreco that never bothers me."

"I gained 10 pounds in weight." Mr. Pritchette is a prominent member of the First Baptist church of Charlotte and is well and favorably known among his large acquaintanceship. He is most enthusiastic in his praise of the new herbal medicine, Dreco, and urges all his friends to try it.

Dreco is sold by almost every good druggist and is strongly recommended in Graham by Graham Drug Co.

The Huns are smoking synthetic tobacco. In the meantime the Yanks are fixing up a dose for them to put in their pipes and smoke.

As we take it, the Junkers, still strong for efficiency, are now looking for some substitute for Von Kuehlmann.

CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY.

Now is the time to buy a bottle of this remedy so as to be prepared in case that any one of your family should have an attack of colic or diarrhoea during the summer months. It is worth an hundred times its cost when needed.

Summons by Publication.
