Influenza in Alamance.

The County Board of Health, as will be seen from its action puolished elsewhere in this issue, has taken a forward step to prevent the spread of the disease.

A number of cases have been reported throughout the county, but with the steps taken and the refraining from assembling in schools, churches and other places, it is hoped that the spread of the disease will be largely prevented.

ETTERS from our boys in the trenches and from the women in canteen and other war work, call bring to us the same message-SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can-5 cents or \$50.00. We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross

There is no profit in this to the publisher even in normal times, subscriptions are not sold at a profit. With war prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Remember that over in France, some brave soldier or sailor from this town—perhaps even some splendid woman working within sound of the guns—is depending on you to "KEEP THE HOME LOVE KINDLED."

Our Heroes Are Calling From Over There-Give What You Can to Help Those From Home.

Every citizen interested in the boy of his home town now at the front, and in the brave women who equally are serving their country abroad, has an of the sacrifice they are making. Th opportunity comes as a result of the generosity and thought of Colonel William Boyce Thompson of New York, who has conceived and put into execution what is known as the Home Po

man in foreign service will receive the town newspaper, and so be kept in constant touch with the places and the

people they know and love, Government is interested in the plan tance of keeping those in the service happy and constantly in touch with their home ties and associations. Noth ing is more depressing in a national emergency than the spirit of loneline in those serving their country, and of this feeling more effectually than read

ing the home town newspaper. \
Publishers of newspapers in all parts of the country-this newspaper include plan outlined by Colonel Thompso and they have agreed to co-operate in every way.

Under the ruling of the War Industries Board newspaper publishers are forbidden to send their newspapers free, even to soldiers. The newspape must be subscribed for in the regula way, the only exception being soldiers who formerly were in the employ of the newspaper and who left that service to enlist. Colonel Thompson there fore proposes that the public in each community contribute to a fund so that the home newspaper (in our case this the home newspaper (in our case this newspaper) may reach every man and faith. The call for workers is urgen woman now in the service of his coun-

Anyone may contribute to the fund, and any sum may be contributed. It is not necessary to contribute the entire amount of one subscription. It does not matter whether the rich man sends in one hundred dollars or the poor boy or little girl sends in five cents. Each gift will be a message of love and helpgift will be a message of love and help-fulness to the home town folks "Over There." The money will be lumped into one fund, out of which subscrip-tions will be entered as fast as the money is received.

ance will be turned over to the near Cross.

The plan is endorsed by the publisher of this newspaper without any thought of profit, either directly or indirectly, but with a sincere desire to help keep the home fires burning and to send to our heroes and heroines news of our town, to keep their hearts warm for us and to let them know they are constantly in our minds.

The publisher, of course, cannot make a profit on circulation, and additional circulation such as this will be—circulation from non-purchasers sent

The mothers of our boys are facing an ordeal with a bravery that com-mands respect and admiration. Here and there where tiny stars are turned from blue to gold, where anguish grip the heart, the nation stands in silence the heart, the nation thands in silence and honors the women who have given of their blood, the very bone of their bone, to their country. To them, home has lost its meaning—the soul of it has fied—there is no home, it is just a place, and no place is quite so lonely, unless it be within the hearts of those brave sons in far off France who long for that a word of home. There can for just a word of home. There can not be a man, there cannot be a wo man, there cannot be a wo man, no, not even a child, who whi fail to contribute just a little to mak the hearts of these patriots lighter Not one.
