## 10 Business Lots

IN GRAHAM, N. C.

This property is owned by Mrs. Corinna Hunter and is located right on Main Street, of Graham, N. C. Business houses on either side of this property make it the most valuable business property to be had in that thriving city. This property is to Graham what the McAdoo property is to Greensboro, one of the most desirable in the city.

Mrs. Hunter has placed this property in our hands for sale with no strings to it, but says sell when the last bid is placed on it. It has been subdivided into business lots having ample frontage on Main street and if you ever intend owning property of real worth in the city of Graham be sure and own one of these lots at the end of the sale.

# Auction Sale!

OF

## Valuable Property At HAW RIVER, N. C.

The Jonathan Thompson, estate, consisting of one 9-room dwelling a Foundry and all equipment, and seven vacant lots right in the heart of the thriving village of Haw River, and is the most valuable property to be had in or around the town.

This foundry should be a very profitable investment for some hustling, energetic young business man as there is lots of foundry work to be done for the Cotton Mills at this place.

This property is just across the street from the Christian church, has a good road frontage on two streets, and should appeal to a person wanting a home or a home site, or the wise investor for business property in the future.

**This property will positively be sold when you are through bidding. The terms are very easy: One-third cash, balance one and two years. We invite you out to this sale.**

### PROVED SPIRIT OF DEMOCRACY

Voluntary Basis of Food Saving Showed Heart of America Beat True for Freedom.

To the voluntary service and sacrifice of the American people must be attributed the continued health, strength and morale of the Allied armies and the civil populace.

Upon this spirit of service and sacrifice will depend Europe's fate in the months to come. In the past year we have carried out an export program, the magnitude of which is almost beyond comprehension.

But with the new demands that have come, with the liberation of nations freed from German oppression, our exports must be almost doubled.

Instead of 11,820,000 tons, we must ship twenty million tons of food to Europe in the coming year—as much as can be pushed through our ports.

If the Allies had not been fed by America, it would have been impossible for them to maintain their defense against Germany.

Meeting this world need on a purely voluntary basis, the American people have conclusively proved that democracy is a success and that in time of need it will rise to its own defense.

If there were no other accomplishment to its credit the very fact that it has shown the strength of democracy has in itself more than justified the existence of the Food Administration in the eyes of the world.

Less than four months after the United States declared war the United States Food Administrator expressed his determination to meet America's food problem on a basis of voluntary action and reiterated his confidence that awakened democracy would prove irresistible.

Many thinking Americans, said Mr. Hoover, "and the whole world have been watching anxiously the last four months in the fear that democratic America could not organize to meet autocratic Germany.

Germany has been confident that it could not be done. Contrary proof is immediately at our door, and our people have already demonstrated their ability to mobilize, organize, endure and prepare voluntarily and efficiently in many directions and upon the mere word of inspiration aside from the remarkable assemblage of our Army and finances."

### SHE KEPT THEM ON THE JOB

### SAVE 16,000,000 BUSHELS OF WHEAT THAT FORMERLY WAS LOST IN THRESHING

Farmers, Urged by Food Administration, Provide Seven Extra Loaves of Bread for Every American.

By adopting cleaner threshing methods and by literally combing harvest fields to gather grain formerly wasted, threshermen and farmers of the United States this year saved fully 16,000,000 bushels of wheat, estimated as equivalent to about seven one-pound loaves of bread for every person in the country.

This rural food saving achievement, accomplished in scarcely six months time, was in direct response to requests by the Food Administration, which asked farmers and threshermen to reduce harvest losses from about 34 per cent.—the estimated average in normal times—to the lowest possible minimum.

Countryside grain threshing committees carried into every grain growing community the official recommendations for accomplishing the results desired.

In numerous instances drivers of racks with leaky bottoms were sent from the fields to repair their equipment and frequently bad order threshing machines were stopped until the cause of waste was removed.

In proportion to the number of persons engaged in gathering the nation's grain crop, cases of compulsion were comparatively rare. The Food Administration freely attributes the success of the grain threshing campaign to patriotic service by farmers, threshermen and their crews.

Incidentally grain growers of the United States are many millions of dollars "in pocket" as a result of the grain saved.

"I think if the people of America could only see and realize what the boys are doing out here," said a Captain after Chateau-Thierry, "they would gladly back them up with their last dollars and their lives if necessary."

"The marvel of our voluntary food-saving, now that we are 'getting results,' is that no one ever actually suffered any hardship from it; that we all are better in health and spirit and better satisfied with ourselves because of our friendly self-denial."

Food control in America, prevented the vice of breadstuffs steadily, averted specious speculation and extortion and preserved tranquillity at home.

### THE RED CROSS ROLL CALL.

When "the greatest mother in the world" calls the roll the week of December 16-23 the hope of the American Red Cross is that the answer for the entire American people will be: "All present, or accounted for."

It will be the occasion for 22,000,000 adults and 8,000,000 children to renew their membership and for all others to join. One happy slogan of the roll call announces that "all you need is a heart and a dollar."

Why does the Red Cross at Christmas conduct a membership campaign? Because it unites the people in an intimate way with the organization they have supported so magnificently. In other countries one of the most impressive things about the American Red Cross is the size of its membership, attesting truly popular approval.

This Christmas, "when our country is out of the deep waters of the war, every dollar paid for an annual membership in the Red Cross will be a direct Christmas gift to our land, air and sea forces and to those who have felt the sting of war in a way that we in this country have not experienced.

The ministrations of the Red Cross will be as good a substitute for Christmas at home as can be furnished under the circumstances.

The women of America, seeing in the Red Cross an extension upon a universal scale of the mothering instinct, will be quick to answer "Here" to the roll call, because service and sacrifice are womanly qualities and they are Red Cross qualities.

President Wilson, as president of the American Red Cross, says: "I summon you to the comradeship!"

"I think if the people of America could only see and realize what the boys are doing out here," said a Captain after Chateau-Thierry, "they would gladly back them up with their last dollars and their lives if necessary."

"The Red Cross are angels to us the way they treat us."

"Canteen service 100 per cent. in Toledo; fifteen cartloads of us well taken care of."

"Red Cross serving coffee. Oh, they do so much for us!"

"Do all you can for Red Cross—they do so much for us."

### CANTEEN AT FRONT FOR AMERICAN "BIRD MEN"

American flying men in France are to receive special attention from the American Red Cross as the result of a request for such service that has been received from General Patrick, Chief of the Air Service. Because of the necessity of keeping aviators overseas in the very best mental and physical condition for their hazardous duties, the service has long felt they should have more comforts and opportunities for relaxation than are provided by the ordinary canteen.

In compliance with the request the Red Cross is establishing special canteens at all points in France where our airmen, either students or officers, are stationed. Extra comforts and attention will be provided for our "bird men" at these canteens. They will be presided over by American women of intelligence and cheerful personality, whose chief duty will be to create as much home atmosphere as possible in the circumstances.

The American Red Cross is to have sole charge of these aviation canteens.

### ASK THE SOLDIERS.

That the soldiers, sailors and marines are deeply appreciative of the canteen service of the American Red Cross is given ample evidence many times every day. The keynote of their appreciation is perhaps best expressed on the post cards which they send to the "folks back home" when en route to points of embarkation. From a dozen picked up at random the following sentiments were taken and "spoke for themselves."

"Red Cross are sure treating us great en route."

"Red Cross are sure making it happy for us."

"Support Red Cross in everything."

"For God's sake never say 'No' to the Red Cross. They're wonderful."

"Long live the Red Cross."

"The Red Cross are angels to us the way they treat us."

"Canteen service 100 per cent. in Toledo; fifteen cartloads of us well taken care of."

"Red Cross serving coffee. Oh, they do so much for us!"

"Do all you can for Red Cross—they do so much for us."

### HAVE HAIR LIKE "20"

It's never too late to get rid of gray in the hair. The strands have benefited by this scientific discovery. Why don't you?
