

**Helps Sick Women**

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me. After 12 bottles, I am strong and well."

To Improve Conditions a Force of Experienced Mail Clerks May Be Sent to Make Deliveries.

Washington.—From eight to ten car loads of mail for American soldiers are undelivered in France, Second Assistant Postmaster General Praeger told the senate postoffice committee, and "thousands and probably millions" of letters addressed to the men overseas will arrive in New York soon to be sent to the dead letter office where an attempt will be made to return

them to the writers.

Blame for the failure to deliver this mail was placed on the war department by Mr. Praeger, who again explained that the army authorities handle all soldiers' mail in France the postoffice department delivering outgoing mail at Hoboken and receiving returning mail at the French ports.

Mr. Praeger said one way to improve conditions overseas would be to send a force of experienced mail clerks to France to deliver the mail to the soldiers.

Mr. Praeger told the committee that one reason for the confusion in the delivery of mail to soldiers was the failure of the war department to keep up its index system. This same cause he declared, also was responsible for the department's delay in sending out allotments to soldiers and in reporting casualties.

**THIRTIETH DIVISION TO SAIL FOR HOME JANUARY 20 TO 21**

Washington.—From eight to ten car loads from Bremer between January 21 and 25 and will reach America in seven to ten days, barring mishap.

While the war department is not ready to make official announcement it is stated that the division will land at Hoboken, N. J., rather than Norfolk.

The entire division will be rushed directly into various camps about New York, including Camp Dix, Camp Totten and others about Governor's Island. The men will be kept in camp eight days to two weeks, under observation or quarantine, and will then be sent to one of the Southern camps, presumably Camp Sevier or Camp Gordon and there will be mustered out. They will be given new clothing and back pay on leaving New York.

**W. J. BRYAN IN CONFERENCE WITH WOMAN SUFFRAGISTS**

Raleigh.—With William Jennings Bryan as the special guest, the North Carolina suffrage league was in special conference and agreed upon a program of legislation to seek at the hands of this general assembly, elected officers for the next year, and joined a great crowd at the city auditorium where the great commoner was the speaker and suffrage his special theme. The legislative agreement reached by the suffragists was to ask of this legislature simply the enactment of a provision that will give the women the right to vote in the party primaries, so that they may have a voice at least in the selection of the candidates for the offices of the state and county.

Mr. Bryan first discussed national prohibition as an accomplished fact and the great part democracy has had in its accomplishment.

**TO SAFEGUARD THE RIGHTS OF MINORITY NATIONALITIES**

Paris.—President Wilson is giving considerable attention to the problem of safeguarding the rights of minority nationalities in the peace treaty. The territories in question are occupied by mixed races. The race having an evident majority will, in principle, determine the future of the regions in question, but when that is done the peace settlement, it is held, must also include complete guarantees for the protection of minority races.

**PEACE CONFERENCE AND THEN LEAGUE**

**GREATER PROBLEMS MUST BE GIVEN PRECEDENCE OVER LEAGUE OF NATIONS.**

**DEATH DECREED THE KAISER**

Reputation of Germany's War Debt and Payment of Entire Cost of War by Germany Demanded.

Washington.—Speeches advocating postponement of consideration of the league of nations proposal until after the peace conference were made in the senate by Senators Sterling, of South Dakota, Republican, and Myers, of Montana, Democrat.

Both insisted that problems of the peace conference should not be complicated by this plan.

Senator Sterling contended that existing relations between America, Great Britain, France and Italy made a league of nations to enforce peace unnecessary. Senator Myers advocated establishing a restricted league later, without impairing the sovereignty of its members, and with the central powers barred at least for this generation.

Death for the former kaiser, life imprisonment of Von Bernstorff and others, Senator Myers said, should be provisions of the final peace treaty. He also argued for repudiation of Germany's war debt and payment of the entire cost of the war by the Germans; for confiscation of the kaiser's

personal fortune and retention by the victors of both the war and merchant-marine fleets of Germany.

**MORE THAN \$200,000,000 OF AMERICAN PROPERTY SEIZED**

Christiana.—More than \$200,000,000 worth of American property was seized by the German government.

This is the estimate of John Henry Cooney, manager and custodian of all the properties of the International Harvester Company in Germany during the war. "It was a year ago," he said, "that the imperial German government served notice on him that it would begin 'supervision' of the I. H. C. factories and offices. On January 4, 1918, the properties were formally confiscated, and on July 3 the 32 office workers in the Hamburg central branch were notified they must leave the offices, and stay away.

"No attempt to take our properties was made until the American government began seizure of enemy alien properties in America. It appeared that from time to time the German government was endeavoring to match each move of the American government as a reprisal.
