Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial and knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught."

## FOR THE BENEFIT OF ILLITERATES

Bill Introduced in Senate and House in Their Behalf—The Church Organization Will Also Give Practical Aid.

## WILL PROMOTE EDUCATION

The significant movement of the Times is that of the Centenary of the Methodist Episcopal Church South—Will Spend Millions Among the Uneducated.  
The fact that several thousand soldiers were unable to understand the orders given them from their superiors and that many thousands could not sign their own names to their questionnaires brought to light a condition so serious that two Southern Representatives at Washington are now introducing bills to promote the education of illiterates throughout the length and breadth of America. Senator Hoke Smith, of Georgia, has introduced a bill in the Senate "to promote the education of illiterates, of persons unable to understand and use the English language, and other resident persons of foreign birth," and the same measure has been introduced in the House by Hon. William B. Bankhead, of Alabama.  
The introduction of this important bill means a great deal to the South, which, because of its negroes and mountain whites, has long borne a reputation for illiteracy out of proportion to that of the rest of the country. Just what steps will be immediately taken as the result of the passage of the education of illiterates bill at Washington cannot be stated at this time, but, certainly, practical measures will be put into operation for the establishment of schools in both rural districts and cities.  
Other organizations besides that of the government are at work on the same problem—the establishment of schools in the heart of tenement districts and rural communities being a matter of first importance with all of them. One of the most significant movements of the times in this connection is that of the Centenary of the Methodist Episcopal Church, South, because that denomination will expend within the next five years over \$3,000,000 among the uneducated classes in the Southern and Western States. The church is to raise a fund of \$3,000,000 in an eight-day drive in April, the financial campaign being a part of the Centenary Celebration of the denomination. The money is being raised with a view to putting the work of the church on a business basis, the church considering its duty to the illiterates here in America to be among the matters of first importance which it should undertake. A survey has been made and the result of the campaign will be the appointment of \$3,000,000 among the various illiterate population as follows: Mountain population, \$750,000; Immigrant, \$900,000; negroes, \$600,000; Indians, \$150,000; cotton mill population, \$150,000; Christian literature for all of them, \$100,000.  
With the definite step undertaken at Washington, with one denomination already completing plans for furthering the work among them, and with other churches and organizations getting ready to join hands in their behalf, it is more than possible that the illiterates of the South are in a fair way to soon become educated citizens of the United States.

## METHODIST LEADERS RETURN FROM FRANCE

Three prominent leaders of the Methodist Episcopal Church, South, have just landed in America, after spending two months in Europe, where they went for the purpose of investigating actual conditions and declining upon a program for the expenditure of \$5,000,000, which sum will be allotted to European upbuilding by the Centenary Commission of the denomination. The three returning church leaders are Bishop James Atkins, Chairman of the Centenary Commission; Bishop Walter Lambuth, who has been in Europe for nearly a year in the interest of his church; and Dr. W. W. Pinson, General Secretary of the Mission Board.  
Dr. Pinson and Bishop Atkins returned to the headquarters of the denomination at Nashville the latter part of the week, and Bishop Lambuth went directly to his home at Oakland, California.  
While the plans for the European work have not been announced as yet, it is suggested that the commission say that they have mapped out a very satisfactory program and that five million dollars of the Centenary fund will be expended in upbuilding schools and churches in the devastated lands of Belgium, Italy and France.
