GRAHAM, N. C., April 24, 1919.

President Wilson will stand for no secret treaties. His announcement gave the conference a considerable jolt.

Germany has been asked to send delegates to the peace conference clothed with power to act and sign the peace treaty as it shall come from the allied peace conference. There is to be no quibbling.

The Victory Liberty Loan drive started Monday. It has gone well. In many sections the allotment has been subscribed. The people are giving evidence of a stable and unflinching patriotism.

A crisis has come in the peace conference. Italy has made demands for certain territory that would shut some of the smaller Balkan States out from an outlet. To this demand President Wilson is unalterably opposed. The Italian delegates have become huffy and announced their intention of going home. It is a matter of justice to the smaller nations that Mr. Wilson is standing for.

### SUMMARY GIVEN OF PRESENT OUTLOOK

PRESIDENT MAY BE ABLE TO SAIL WITH SIGNED TREATY IN HIS POCKET.

### SMALL OPPOSITION TO TERMS

Brigadier General Richardson is at Archangel in Command of American Forces in That Region.

With David Lloyd George, British prime minister, again in his seat after his visit to London, where he defended his action at the peace conference before the house of commons, the council of four renewed its hearing of the claims of the Italians to the important Adriatic seaport of Fiume and also had under discussion the question of the Polish claims to Danzig on the Baltic. The council met at the "white house," the residence in Paris of President Wilson.

The opinion prevails in Paris that with the Italian demands now the remaining obstacle to a full agreement, the situation is such that President Wilson will be able to sail homeward in mid-May with a signed copy of the peace treaty for submission to Congress, which in some quarters in Paris it is believed will be called in extra session not later than June 1.

Little opposition to the peace terms is expected from the Germans, according to the latest reports in circulation in Paris as they are declared to be anxious for a return to peace conditions at the earliest moment possible. It is asserted that there is to be no German test of the treaty—the document to be issued only in the French and English languages.

Although a general strike has been proclaimed in Bremen and the assertion has been made that it has been impossible to unload foodstuffs, taken there on an American steamer, a German wireless communication asserts that the unloading of the vessel is assured. Employees of department stores and specialty shops in Berlin have joined the bank employees' strike. In Bavaria the situation still remains acute, but few details are available. In Vienna there also has been disturbances. The bolsheviks attempted to storm the parliament building but were defeated.

Brigadier General Richardson has arrived on an ice-breaker at Archangel to take command of the American forces fighting in that region.

### LAWRENCE STRIKERS DENY BOLSHEVIST CONNECTION

Boston.—Representatives of the Lawrence textile strikers who appeared before the state board of conciliation and arbitration which is investigating the trouble at the request of Governor Coolidge denied that the strike was a part of a bolshevik movement or was due to any other cause than the desire of the operatives to earn a living wage. Speakers estimated that 15,000 workers were still out in Lawrence.

### AYCOCK CUP CONTEST MAY 1st.

Forty-One Schools on the Finals.  
BY ROBERT W. MADRY.  
Chapel Hill, April 21.—Contrary to plans previously announced, no second preliminaries will be held throughout the State April 25 for high school debaters. Instead, those winning one in the first preliminaries will come to Chapel Hill to participate in the finals on May 1st and 2nd. Such is the decision reached by the University committee of the Debating Union, which was readily agreed to by the high schools interested.

Due to the war and the influenza epidemic the number of schools entering the contests this year has been cut down somewhat, and it was consequently thought best not to eliminate any more schools and thereby run the risk of making the finals less interesting than heretofore. The complete list of those winning out in the first preliminaries comprises 41 schools.

Preparations are nearing completion for one of the biggest holiday events in the history of the University when the annual "Junior Week" Easter holidays begin on Thursday of this week. The holidays will continue through Saturday and the students will be at liberty to go home or remain on the hill during these three days. "Junior Week" is always looked forward to with the keenest sort of delight by the students, who feel that they have earned a short rest from their studies.

This year every effort is being made to make the holiday program so attractive that practically every man will want to remain here for the three days. Every-thing will stay here for "Junior Week" is the slogan that has been going the rounds of the campus during the past two weeks. And from all indications a larger number of students than ever will remain for the gala days' events. The program is crowded with various events, including the Easter dances, which will be attended by many ladies of the State, the annual junior oratorical contest between representatives of the two literary societies, a faculty-senior baseball game, entertainments by the co-eds, lawn fetes, and receptions by faculty and citizens of the town.

Much interest is being manifested in the various events of "High School Week," as the dates, May 1st and 2nd, fast approach. At this time not only will the high school debaters come to Chapel Hill for the finals, but the annual high school track meet and tennis tournaments will also be staged. These events always draw hundreds of visitors to the University. Handsome prizes will be awarded the winners of the various athletic events.

The Carolina baseball team, with six games won, two lost, and one tied, will have a hard schedule during the forthcoming week. Davidson College will be met at Winston-Salem on Monday, the third game of the series with Virginia will be played in Charlottesville on Tuesday, Hampden-Sydney is on the program for Wednesday, the Medical College of Virginia will be faced at Richmond on Thursday, Washington and Lee will be played at Lynchburg on Friday, while the final game of the week will be staged in Baltimore with Johns Hopkins University on Saturday.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. (Catarhal Deafness is a disease of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear, or earache, and when it is entirely closed, deafness is the result. Unless the inflammation is reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh of the Eustachian Tube. It is an inflammation of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surface of the system. We will give you Hundred Dollars for any case of Catarrhal Deafness cured by Hall's Catarrh Medicine. All Druggists sell it. F. J. CHERNEY & CO., Toledo, O.

Paris.—The naval port of Sebastopol, in the Crimea, has not been occupied by Russian avret troops, according to a dispatch to The Journal (Les Debats) dated Sunday at Salonik. The dispatch says that fighting appears to have stopped for the time being in the southern Crimea. The bolsheviks are said to be slackening their advance in the face of allied artillery fire.

Every druggist in Town—your druggist and everybody's druggist has noticed a falling off in the sale of calomel. They all give the same reason. Dodson's Liver is taking its place.

### SAYS SHE KNOWS GOOD HEALTH NOW

Member of salvation army says she suffered for 20 years—Dreco has brought relief.

Many persons have testified to the great good Dreco has done them, but we print here a letter from a member of the salvation army stationed at Greensboro, N. C., which impresses us as being quite remarkable. She is Mrs. Francis Cox, and her statement is as follows:  
"For years I have been a great sufferer from nervous indigestion, and my food fermented in my stomach, causing gas to form; what little food I could eat did me no good whatever, and I became very weak and run down. I had palpitation of the heart so bad that I became alarmed, as I thought I had a chronic case of heart disease. My liver was affected which made me very dizzy at times, and I was so nervous that I could not sleep at night. I was so bad with rheumatism that I could not raise my hands to my head, and was unable to dress myself. I had tried everything in the shape of medicine in the hope of finding something to relieve me, but nothing seemed to help me until I started to take the new herbal stomach remedy, Dreco, and I am frank to say that I have never seen anything act so quickly, and with such splendid effect. After the first few doses my stomach was eased, and now I am over with all my troubles. Four bottles of Dreco has made me know what good health is once more."  
Dreco, the great root and herb tonic, is now sold by all modern druggists throughout the country and is highly recommended in Graham by Graham Drug Co.

### ANOTHER GRAHAM CASE

It Proves That There's A Way Out For Many Suffering Kidney Folks.

Just another reports of a case in Graham. Another typical case of kidney ailments relieved in Graham with Doan's Kidney Pills. W. W. Garrett, proprietor restaurant, court house square, Graham, gave the following statement in January, 1918: "I had a bad attack of kidney trouble and I thought my back was broken. I would be laid up for days, unable to help myself. My kidneys caused me a great deal of trouble, too. I had these spells every little while until I began using Doan's Kidney Pills. They did me more good than anything else I ever used. My back got stronger and my kidneys began acting as they should."  
On July 1, 1918, Mr. Garrett advised: "I have no need of Doan's Kidney Pills lately. I think this remedy is just what it is represented to be. Every word of my former statement still holds good." Price 60c at all dealers. Don't play ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Garrett had. Foster-Milburn Co., Prop's, Buffalo, N. Y.

### PREPARATIONS ARE BEING SPEEDED UP

COVENANT OF LEAGUE OF NATIONS TO BE DISCUSSED AFTER DECLARATION OF PEACE.

### LABOR TROUBLES INCREASE

Grave Fears of Great Outbreaks in Turkey, Accompanied by Fresh Massacres of Armenians.

With the return to Paris of the British prime minister, David Lloyd George, accompanied by the Earl of Curzon and Lord Milner, it is expected that there will be a speeding up of the final preparations preliminary to the gathering of the representatives of the associated powers with the German delegates at Versailles on April 28th.

According to the present purpose, the covenant of the league of nations will be the first subject treated in detail after the declaration of peace after that the matter of military, naval and aerial terms, reparations, responsibilities and frontiers will be taken in hand.

As it is evident that the question of the possession of Fiume and the Dalmatian coast has not yet been definitely settled, the Italian delegates are working earnestly to secure a decision before the Italian chamber of deputies meets on April 24.

Labor troubles are brewing in the department of the Seine, France, of which Paris is the capital. A one-day strike has been called for May 1, by the general federation of labor, to put forward the federation's program, which calls for an eight-hour day, political amnesty, non-intervention in Russia, lifting of the state of siege and the censorship and the return of constitutional guarantees.

Disorders of such magnitude are reported from both European and Asiatic Turkey as to give rise to the fear that there will be great outbreaks at various points and new massacres of Armenians.

Germany will be forced either to accept or reject the allied peace terms by May 15, according to reports printed in Paris. It is indicated that the reply is expected before May 6, the peace conference being disposed to give the German government what it considers ample time in which to digest the terms and frame its reply.

What action would follow rejection of the terms by the Germans has not been forecast in reports from the French capital.

### PREPARE A HOG PASTURE.

Either of Two Kinds May Be Selected.

Extension Farm News.  
Hog pastures naturally are divided into two kinds—permanent and temporary.  
By permanent pasture is meant one on which the hogs may run the entire year, and which produces grass of some kind, or perhaps clover, in addition.  
By temporary pasture is meant one in which the grazing crop is short-lived and furnishes grazing for only a short time. Examples of such grazing crops are rape, sorghum, soybeans, oats, etc.

Permanent Pastures.  
Any well planned farm must have a permanent pasture, no matter what kind of animals are kept. Hogs are especially well adapted to pasturing. It is folly to undertake to raise pigs without a permanent pasture. However, one that is worthy of the name should have the following points of argument in its favor:  
1. It furnishes cheap food for the hogs.  
2. It permits cheap production of pork.  
3. It permits of exercise, which is essential to the brood sows and pigs.

To have a good permanent pasture, one must give it the same attention as he does his general crops. He must prepare his ground well, and, if necessary, lime it. Then he must sow or plant the grass seed or clover, just as he would his corn, wheat, or oats. It almost always will pay well to make an application of fertilizer, such as acid phosphate, or bone meal when the grass is planted.

There are several different kinds of grasses which are well adapted to permanent pastures. In some sections one kind of grass is best, while in another section some other kind of grass would be preferable. The most popular and well known pasture grasses are Bermuda, blue grass, orchard grass, and with these should be red clover, Japan clover (Lespedeza), or white clover.  
The county agent of the county

should always be consulted about the best pasture grasses and grass mixtures for any particular community.

Temporary Pastures.  
There are certain seasons of the year when there is little or no grazing in the permanent pasture. In the dry months of summer the permanent pasture often dries up. Then, in the fall and winter there is no grazing, except in the late winter or early spring for those pastures growing burr clover. By having such crops as rape, soybeans, cowpeas, rye, or oats growing, the hogs can be turned on these at such seasons, and thus have a pasture almost the entire year.

Rape can be planted either fall or spring. It is a cool weather crop, and furnishes abundance of most excellent grazing, provided it is planted on rich soil. Soybeans are planted in May and June, and they are wonderful for growing pigs and fattening hogs.  
The county agent will always be able to give valuable advice on the kinds of grazing crops adapted to any particular sections.

### The Reason Why.

Is it not wise to spend lavishly to save in the end? Is it not best to pour out money like water to save human lives? Haste always makes waste, but haste gets things done before it is too late. When we needed men and ammunition, we needed them at once. A million men blocking the German drive toward Paris did more in less time than two million probably could have done if the capital of France had fallen. And so if any one thinks that the United States did not receive full value for every dollar raised by its Liberty Loans let him ask himself why and then buy Victory Liberty Bonds to his limit.

Take for example this instance: Your little girl is standing in front of the parlor fire. Suddenly her clothes blaze up. Will you run up to the attic and hunt out an old quilt or carpet to smother the flames or will you seize the first thing you can reach, perhaps the most beautiful Oriental rug you possess, and wrap it around the child? In the first case you would be saving the rug, but running a

### Don't Prod Your Liver to Action

NR Overcomes Biliousness, Constipation, Sick Headache, Quickly, No Gripping or Pain. Guaranteed.  
The organs of digestion, the stomach, liver and bowels—are closely allied, and the proper action of any of these organs is largely dependent upon the correct functioning of all the others. A better, safer plan is strengthening and toning the whole digestive and eliminative system with Nature's Remedy (NR Tablets), which not only brings immediate relief, but genuine and lasting benefit. It acts on the stomach, liver, bowels and kidneys, improves digestion and assimilation, overcomes biliousness, corrects constipation and quickly relieves sick headache.  
Get your system thoroughly cleansed and purified for once; stomach, liver and bowels working together in vigorous harmony, and you will not have to take medicine every day—just take one NR Tablet occasionally to keep your system in good condition and always feel your best. Remember it is easier and cheaper to keep well than it is to get well.  
Get a 25c box and try it with the understanding that it must give you greater relief and benefit than any bowel or liver medicine you ever used or to any other. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.
