

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Everole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, ... and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me. ... After 12 bottles, I am strong and well."

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

"LEAK PROBE" IS ON IN PEACE TREATY

SENATE WILL DECIDE QUESTION OF IMMUNITY OF SENATORS LODGE AND BORAH IN WITHHOLDING INFORMATION.

Washington.—Congress enters the fourth week of the new session with broadening activities and increased speed urged by leaders.

The so-called peace treaty "leak" investigation and the bill to end government control of the wires constitute the senate's work of principal interest, while the house plans to engage in a clean-up of appropriation bills, starting with the paring down of the \$500,000,000 army bill. Investigations of army and shipping affairs and also election of Victor Berger, socialist, of Wisconsin, also will be started by committees.

Leaders on both sides are anxious for the investigation to start, however, and before the end of the week it may be well under way.

One of the first difficulties to complicate the inquiry doubtless will be the question of senatorial immunity as it applies to Senators Lodge and Borah in connection with their statements of the existence of treaty copies in New York.

Senator Hitchcock, of Nebraska, and other Democrats of the committee, will oppose this view, holding that no such immunity can be invoked to hold back facts of material importance to the inquiry. They declare the charges made by the two senators are too serious to be dropped now. The names of many men prominent in national politics and in financial circles have been mentioned about the capital.

DETROIT IS FACING COURT ACTION IN ITS CAR STRIKE

Detroit, Mich.—With the city completely without traction service and no promise of a settlement of the three cornered controversy between the Detroit Interurban Railway Company, its striking carmen and the city council, state officials threaten court action to relieve the situation, fearing expansion of the tie-up to include a large part of southern Michigan. The strike became effective June 7.

Attorney General Grosbeck intimated that unless the three factions reach an agreement he will ask a court order compelling operation of the lines until an adjustment can be effected.

Not a car wheel turned within the city and there were no conferences of those interested.

CONFEDERATE GRAVES IN ARLINGTON DECORATED

Washington.—Southerners in the nation's capital including many government officials paid tribute to the memory of the Confederate soldiers and sailors dead buried in Arlington National cemetery with commemorative services in the Confederate section of the cemetery. Representative Clarence N. Stedman, of Greensboro, N. C., made the memorial address. The tomb of the unknown dead, the grave of General Joe Wheeler and those of Confederate soldiers and sailors which occupy the Virginia hills overlooking Washington were decorated with flowers in profusion and a floral southern cross was unveiled.

One of the Interesting Exhibits Shown at the Methodist Centenary Celebration

To prove that his soul is above worldly troubles and physical pain, this Hindu fakir nonchalantly reclines on a bed of spikes, much to the amazement of less spiritual observers. The bed of spikes will be one of the interesting exhibits shown at the Methodist Centenary Celebration, in Columbus, O., June 29 to July 13. Whether a fakir, Hindu or otherwise, can be found to demonstrate his power of endurance on it is still an unsettled question with celebration officials.

To Play Great Organ at the Methodist Centenary

MRS. MONTGOMERY LYNCH of Seattle will play the great \$50,000 organ in the presentation of "The Warfare," the magnificent pageant of the Methodist Centenary Celebration, in Columbus, O., June 29 to July 13. Montgomery Lynch, her husband, will direct the chorus of 1,000 voices, which is a part of the pageant.

REDUCED FARE ADDS INTEREST

Visitors to Methodist Centenary to Be Well Cared For.

REGISTRATIONS ON INCREASE

Housing Committee of the Celebration Have More Than Forty Thousand Rooms in Private Homes at Their Disposal, Where Those Who Attend Can Be Lodged as Conveniently as at a Hotel.

Announcement by the government that a special low rate of one and a third fares for the round trip has been authorized for the celebration, Columbus, O., June 29 to July 13, has tremendously increased the interest in that event and advanced manifold the inquiries and registrations coming from all parts of the United States. At headquarters the other day a single mail brought cash registrations from 14 separate states and South America.

The low rate has increased work for the special committees, which are responsible for housing the large influx of visitors now seen to be certain. Accommodations fall into three classes:

First, the hotels, which have an average daily capacity of 5,000 visitors.

The second field of accommodation will be in public buildings, which have been specially fitted up for this sort of service for the celebration. These include the State School for the Blind, the State School of the Deaf, the large barracks which were provided at Ohio State university for the student army training corps, and other buildings of a similar nature held in reserve should the throng exceed even present generous expectations.

The third line of convenience for the hospitalities of Columbus is in the homes of the citizens themselves. More than 40,000 rooms have been listed with the housing committee, and these are card indexed by location, telephone number and best means of access. Visitors to the celebration can be lodged as conveniently as a clerk at a hotel assigns a visitor to his room. In order that there might be no misunderstanding, the committee in charge has a uniform rate for accommodations in private dwellings. The charge will be

Curiosities of the Calendar.—It will be found that January always begins on the same day of the week as October, and the same is true of April and July, September and December. Again February, March and November also begin on the same day of the week. This, however, is only true in years of 365 days.

SENATE OBTAINS COPY OF TREATY

AFTER BITTER FIGHT ORDERS ARE GIVEN TO PRINT AND INSERT IN RECORD.

WILSON CABLES HIS REFUSAL

Investigation Is Started With Unexpected Vigor by the Committee on Foreign Relations.

Washington.—Out of a whirlwind of developments the senate got a copy of the peace treaty and, after a five-hour fight, ordered it printed in the public record.

At the same time it got under way the investigation of how copies have reached private hands in New York by summoning to testify a half dozen of the country's leading financiers.

The copy which went into the record was brought to this country by a newspaper man and was presented by Senator Borah, Republican, of Idaho, just after the reading of a cablegram from President Wilson saying he could not without breaking faith send the senate the text of the treaty.

The effect of the day's history-making developments was to clear the air on the much debated subject of publicity for the treaty, to widen the breach between the President and the senate majority, and to forecast a sensational turn for the inquiry into the manner by which copies of the document have become available to unauthorized persons.

Starting its investigation with an unexpected vigor, the foreign relations committee, within a half hour after it convened, voted to call before it J. P. Morgan, H. P. Davison and Thomas F. Lamont, all of the Morgan banking house, Jacob Schiff, of Kuhn, Loeb & Co., and B. Warburg, former president of the National City bank. It then examined Frank L. Polk, acting secretary of state, about the official copies in the state department vaults.

MONSTER SCREEN AT METHODIST CENTENARY

Special Lantern Devised For Throwing Pictures.

Finishing details are being placed on the arrangements for the erection of the largest screen for the projection of pictures ever built in the world. This is to be one of the features of the Methodist Centenary Celebration, to be held in Columbus, June 29 to July 13.

This monster screen will have a surface for pictures 115x115 feet. The actual structure will be several feet larger in each direction. A special lantern has been successfully devised for throwing these tremendous pictures the necessary distance. The screen will be 250 feet from the nearest spectator and will be built to withstand 40 pounds pressure to the square foot. The lantern which will project these pictures has already successfully thrown pictures on a screen in New York City across a distance of four and a half city blocks. According to Architect Harry C. Holbrook, the screen will be, in effect, three sides of a house. It is necessary to give it the foundations equivalent to a four-story building.

In order that there may be as much salvage as possible after the screen has served its purpose, the picture frame will be of fitted lumber, which later will be treated with a white surface preparation.

The estimated cost of this screen will be \$8,000. The screen and the lantern will be used in showing the tens of thousands of views, made all over the world by the Methodist Missionary Survey, which has the finest collection of pictorial reviews anywhere in the world.

EMBARGO LIFTED BY WILSON ON EXPORTATION OF GOLD

Washington.—To hasten return to normal economic conditions and restore the American dollar to a parity with the currencies of other countries, the control exercised by the government over transactions in foreign exchange and the exportation of gold coin, bullion and currency, was terminated by President Wilson, acting on recommendations of the federal reserve board.

Exceptions made by the President included importation or exportation of ruble notes or exchange operations with that part of Russia now under the control of the bolshevik government and exchange transactions with territories in respect of which such transactions are at present admitted only through American relief administration.

AWFUL CATASTROPHE OCCURS IN WILKES BARRE TUNNEL

Wilkes Barre, Pa.—Eighty-three men dead and 50 others burned and maimed, many of whom will die, is the toll of a disaster in the Baltimore tunnel of the Delaware & Hudson Coal Co., in the East End section of the city. Seven kegs of black powder, 3,000 pounds in all, were detonated and the dead and the maimed were literally roasted by the super-heated gas flames following the explosion.

HOW DID PEACE TREATY COME INTO HANDS OF OUTSIDERS IN NEW YORK?

FULL TEXT IS NOW DEMANDED

Resolutions Were Adopted Just After Dramatic Clash Between Senators Hitchcock and Lodge.

Washington.—Resolutions asking the state department for the text of the treaty with Germany and directing the foreign relations committee to investigate how copies of the unpublished document have reached private hands in New York were adopted by the senate without a roll call.

Action on the two proposals came unexpectedly during a lull in the stormy debate they had aroused, and scarcely a score of senators were in the chamber, when in quick succes-

CLEMENCEAU SHAKES FIST IN THE FACE OF LLOYD GEORGE

Paris.—Acrimonious debates at several meetings of the big four regarding proposed modifications of the financial clauses of the German treaty are threatening to disrupt the whole fabric of the new world order erected with so much care during the last five months. As things stand now, Premier Lloyd George is engaged in the bitterest fight of the whole peace conference, his principal antagonist being M. Clemenceau, who, responsive to France's appeals from the whole bourgeois and propertied classes of France, maintained his firm stand against the proposed alterations. It is reported on excellent authority that the Tiger went so far as to shake his fist in Lloyd George's face, declaring that he would never consent to the impoverishment of France for the benefit of the Boches.

REDUCTION IS DEMANDED IN ARMY AND NAVY BILL

Washington.—Reduction of government expenses by a close scrutiny of all appropriation requests was demanded by Republican leaders in the house. Republican members of the military committee meeting with their party's legislative steering committee, headed by Floor Leader Mondell, were told to make all efforts to curtail army expenses without robbing any activity of necessary funds, and similar request was made of other appropriating committees at the informal conferences.

Chairman Kahn told the party leaders that the army bill authorizing \$1,100,000,000 when passed the house in the last Congress would be reduced by nearly \$400,000,000 and later it was learned that the naval committee expected to cut the naval appropriation bill to about \$600,000,000, effecting a saving of more than \$100,000,000 over the amount carried when the measure was in the last Congress.

APRIL RAILROAD DEFICIT IS APPROXIMATELY \$58,000,000

Washington.—Director General Hines estimated that the railroad administration incurred a deficit of approximately \$58,000,000 in April, making a total deficit of \$250,000,000 for the first four months of the year.

The director general reiterated, however, his previously expressed conviction that present economic conditions were too much unsettled to afford a safe basis for decision as to the necessity for increased rates to offset the difference between income and operating costs. For the present there will be no raise, he added, the administration confining itself to practicing every possible economy.

BOLSHEVIK AGITATOR HAS BEEN EXECUTED AT MUNICH

Munich, Bavaria.—Levine Nissen, the bolshevik agitator who was one of the leaders of the Munich communist soviet regime, was executed at Stadelheim, outside the capital. He was convicted and the Bavarian cabinet refused to commute his sentence, maintaining that he was the cause of the civil war in Bavaria and deserved no mercy.

CARLTON SAYS STRIKERS WILL NOT BE TAKEN BACK

Atlanta, Ga.—Announcement by President Newcomb Carlton of the Western Union Telegraph and Cable Company, that Morse and multiplex operators in the southeast who went on strike would not be reemployed under agreement from S. J. Koenenkamp, president of the Commercial Telegraphers' Union of America, that he would issue a call for a nation-wide strike, were the latest developments.

The first chronometer of any value was the invention of John Harrison, about 1750, for which he received from the British board of longitude \$50,000 as a part of \$100,000 which "they offered for many years as a reward for a thoroughly trustworthy timekeeper."

UNITS OF WILDCAT DIVISION ARRIVE AT NEWPORT NEWS

Newport News, Va.—Veteran "Wildcats" of the Eighty-first division, Carolina and Tennessee men of the first drafts, have arrived here. They are members of the 316th field artillery, in command of Col. Russell P. Reeder, a regular army man, of Marbury, Ala. Their ranks were practically intact, since they did not reach the front in France.

The 316th was met here by the 317th field artillery.

TO AVOID POSSIBILITY OF RIVAL COMBINATION

Paris.—The movement to admit Germany to the league of nations is due mainly to the desire to avoid the possible formation of another group composed of rival powers, which would embrace Germany, Russia and the old Teutonic group.

Evidences have reached the conference leaders of influences about Germany and Russia to establish relations as a basis for a combination of powers not in the league.

FIRST CUBAN IS GRADUATED FROM U. S. NAVAL ACADEMY

Washington.—Ensign Carlos Aurelio Hevia, son of Colonel Aurelio Hevia, former secretary of the war and navy in the Cuban cabinet, is the first Cuban to graduate from U. S. Naval Academy. He was handed his diploma at the graduating exercises by his father, who was accorded this unusual privilege by Secretary Daniels.

With the rest of the world gone dry and Germany putting out the "old familiar juice," Germany should not worry about its war debt. It can get rich on the growler trade alone.

Another thing that should dispose Congress to favor the league of nations is that the league will provide a few snug harbors for lame ducks.
