URGES ALL UNITED WAR WORK CAMPAIGN PLEDGES PAID OR WELFARE WORK WILL SUFFER-NECESSARY FOR SOUTH TO "SPEED UP" ITS PAYMENTS OR DROP BEHIND

Washington, D. C.—The need for the payment of United War Work Campaign subscriptions has become so acute because of the danger that the work of the welfare organizations for our soldiers still in uniform will be curtailed that a lefter to Raymond B. Fosdick, chairman of the Commission on Training Camp Activities, from President Wilson, has been made public. This letter from President Wilson, better than any other document, shows the great need for continuing the welfare work until the Army of Occupation is withdrawn and demobilization is com-

It is to back up the President's request and to fill the great need for cash to carry on the work that "Speed Up" Week, July 28th to August 4th, has been inaugurated so that everyone who has not paid his pledge will do so at that time.

The President of the United States of America.

My Dear Mr. Fosdick:

All that I have seen and heard over here in France has but added to my sense of psofound appreciation of the vital importance of maintaining in full volume and strength the service of the seven organizations which last fall joined in a united campaign for sup-port—the Young Men's Christian Association, the Young Women's Christian Association, the National Catholic War Council (Knights of Columbus), the Jewish Welfare Board, the War Camp Community Service, the American Library Association and the Salva tion Army, on behalf of our soldiers and sailors

In addition to the needs which existed at the beginning of the war, there are now added and very imperative reasons why this work should be continued during the period of demobilization.

The American people showed in a remarkable manner their wholehearted support of the cause for which their men were fight ing when they responded so generously to the appeal of the United War Work Campaign last November, and I earnestly hope that the whole amount then subscribed may be forthcoming, in order that this final helpful and still absolutely necessary ministry on behalf of the men who have given themselves with such rare devotion to the nation's cause may be in every way worthy of their wonderful

Pershing Wants Pledges Paid So Welfare Work Will Go On With Army "To the End."

Washington, D. C.-Raymond B. Fosdick, chairman of the Com ission on Training Camp Activities, has made public a letter which has received from General John J. Pershing, showing the vital importance of continuing the welfare work with the army until the end. Those who have not paid their United War, Work Campaign subscriptions will come in for much criticism if they do not do so dur-ing "Speed-Up" Week, July 28th to August 4th. Cleveland H. agencies, stated on July 15th that he had only enough funds on hand to run the seven organizations until August 1st. Therefore, unless every outstanding subscription is paid during "Speed-Up" Week, it will be necessary doubtless to cut down the work of the agencies which now means so much to our soldiers still in uniform Gen. Pershing's letter in full reads:

Entering into the national savings movement with a set that characterizes all their work, some eighteen hundred of these home lemonstration agents have been carry ing the message of thrift into the farm houses all over the United States.

In appreciation of their voluntarily undertaken work, Director Braddock has written a letter to each worker, of commendation, which reads in part "Thrift is primarily the people's con-cern. If thrift is to become a perma-nent national asset, the people's agencies and organizations must definitely ssume their share of responsibility for inculcating thrift by including it in their program for action. Schools, churches, business and labor organizaions, fraternal societies and women's organizations, as well as agricultural workers and agencies, are already un-dertaking this work and are in close co-operation with the treasury deartment."
