Two additional dentists will begin work in other counties next week, making ten in the field. The work this summer, the second year such work has been undernoted follows had teeth prevented.

The work in Nr. and Mrs. R. L. Holmes. Tuesday afternoon until vesterday Greensboro headquarters.

### More Houses Needed.

Almost daily there is inquiry for houses by people who want to move to Graham. There are no vacant houses here for rent so far as could be learned. An organization should be effected to build some houses to a brother of Col. Jas. H. Holt and a brother of Col. Jas. H. Holt and a brother of Col. Jas. H. Holt, Jr., and Mess. Ed. C. and Robt. L. Holt be rented at a reasonable rental and yield an income which would pay taxes and insurance and a fair interest on the investment should be an attractive proposition to the builders. To enable a town to grow, homes are necessary to house those who desire to locate in the town.

Graham Graded School Opens Sept 8th-Teachers for the Year.

The Graham Public Schools will open September 8th. The prospects are good for an excellent year's work. At a time when the demand is far in excess of the supply, the school is very fortunate in the high grade of teachers secured and in the fact that most of the former teachers have been retained. The following is a

list of the teachers:
Miss Josephine Thomas, Principal; Miss Marce Goley, 1st grade;
Miss Minnie B. Long, 2nd grade;
Miss Mabel Moore, 3rd grade;

Miss Clara Hughes, 4th grade; Miss Conley Albright, 4th grade; Miss Estelle Brown, 5th grade; Miss Lola Cooper, 6th grade; Miss Adelaide Morrow, Mathe

natics and History.
Miss Josephine Thomas, English nd Latin:

Miss Annie Folger, Mnsic. A teacher is to be elected for the seventh grade to fill the vacancy caused by the resignation of Miss

Rev. J. W. Patton is principal of the colored school, and Rogers will have charge of the primary department.

The new compulsory attendance law which goes into effect this year requires all children between the

Dr. Will S. Long, D. D. S., Approve Movement for Care of Children's Teeth.

EDITOR GLEANER:-Please al low me space in your valuable pa-col. Don. E. Scott, CH'M'N COM. per to say a few words to the people of Alamance county in regard to the recent move being put for operations on school children's teeth. We have been very backward

in this matter, and now I am glad to see this movement being put into operation. Over twenty years ago I lived in the State of Ohio, and this work

was done there on a similar scale to arrange for the event. He made chairman of the committee and a cruel tooth-puller. Through the aid of the Civic League, I once The following program will give gave a lecture before our Graded School, used large charts to illustrate the work and advertised this occasion in advance. We invited 2 to 10:30 p. m.—Arrival and all parents to come and hear a Registration of Members, Textile Hall. come to that lecture. Well, I quit, but now I want to say more We have now reached the poin where our leading physicians tell us that a great many of our worst diseases come from bad teeth. This is alarming but true. We must wake up.

This work is not done to help

the dentist, for there is enough work for all of us, but to help you and your children, that they be spared many hours of suffering and eventually bad health.

Let us ask a favor for the dent State of South Carolina, Gov. Robert
A. Cooper.
Response, Gov. T. W. Bickett of rations, etc., in the presence of your children; do not do this yourself; do not put off dental examinations, thinking they are not needed. White decay is almost invisible, but rapid and distinctive. Do not wait until a tooth aches before having it attended to as this will be almost useless.

People have been misled think ing they can have a "nerve" killed and never have any more trouble This is incorrect and trouble is just started in most of such cases Do not take all the children into the Dental office at once, so that

if one happens to squeal, he will frighten the others. Use a little judgment for yourself, children and the dentist. Dental opera-tions must be many and we must work together.
I hope this effort will not be as

discouraging to me as my past Yours for peace and health, WILL S. LONG, D. D. S.

Almost Universal Symbol. The swastika symbol has been found depicted on tombs at Hissarlik, near ancient Troy; on Buddhistic inscriptions in India, in Etruscan neeropo-lises, on coins of Gaza and Corinth; on rock carvings in Sweden, and on Celtic stones in Britain. In America in pre-Columbian times, it was in com non use by the aborigines.

To Preserve Letters. The following method of preserving the legibility of pencil writing is valu-able: Steam the letter until quite limp, then brush over with a solution com posed of equal parts of milk and wa-ter. Hang it up until nearly dry. Then press it between two sheets of blot-ting paper with a hot iron.

Art of Chinese Gardeners. Chinese gardeners sometimes plant statuettes of tiny men firmly in posts, just like real plants, and then train live evergreens to grow up over these The vines thus form a kind of robe for the statuette men, their white faces and hands protruding from the green leaves.

## The Whole Secret of A Better Tire

### Simply a Matter of the Maker's Policies

This you will realize - once you try a Brunswick-that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can buil, a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go-how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense. Yet Brunswick Tires cost you the

same as other like-type tires. Our saving is on selling cost, through our nation-wide organization. We realize that you expect more

from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story. And then you'll want ALL Brunswicks. No other tire, you'll

agree, gives so much for your
