GRAHAM, N. C., Sept. 4, 1919.

## Postoffice Hours.

Office open 7:30 a. m. to 7:30 p. m.  
Sunday 8:00 to 11:00 a. m. and 4:30 to 6:00 p. m.  
R. N. COOK, Postmaster.

## LOCAL NEWS.

The Mobane Fair opens today and closes Saturday.  
The Fall term at Elon College will open Sept. 10th, Wednesday of next week.  
Mr. Chas. A. Switzer is in the Northern markets buying goods for The Fair Department Store.

A number of Graham people went to Mebane this morning to attend the Mebane Fair.  
It is learned that many of the tobacco growers have already finished cutting and curing. Most of the tobacco is reported to be very light.

Mr. J. E. Moore, who was thrown from a buggy to the pavement in Graham last week and seriously injured and now at Rainey Hospital, is reported to be rapidly recovering.

The ordinances for the town of Graham are printed in full on the 4th page of this paper in order to give them as much publicity as possible. They are of more than local interest.

Messrs. W. S. Vestal, R. V. Griffin and B. H. Wilkerson, three prominent farmers living from two to three miles south of Graham, attended the Farmers' Convention at the State College, West Raleigh, last Friday.

September Term of Alamance Superior Court will convene next Monday, Sept. 8th, for the trial of civil cases. Judge W. P. Stacy, who presided at the August term, three weeks ago, will hold this term of Court.

Miss Lynette Fields, stenographer in the law offices of Messrs. Parker & Long, received the sad intelligence Sunday that her father, Mr. M. C. Fields, had died suddenly in Greensboro. On Saturday afternoon she accompanied Miss Irma Coble to her home in Patterson township to spend Saturday night and Sunday and had to be reached by telephone.

## "Come to Books."

Next Monday the Graham Graded School opens for the Fall term. It is the duty of every parent to see that all of his children of school age enter at once. The school for the uplift of the children and no child should be deprived of the privilege of attending, if it be possible for him to attend. If he fails to attend he is missing what was intended for his benefit, and the parent who fails to have his child in school is doing his child a great injustice.

## Auto Hit by Train at Haw River—Occupants Seriously Injured.

Yesterday evening the train that arrives at Haw River a few minutes after 6 o'clock struck an automobile a short distance east of the station. The car is reported to have chocked on the track. In it were the driver, Gayle Crutchfield of Burlington, his little brother, Mrs. Manuel Capes and her sister, Miss Ada Welch. All the occupants were more or less seriously injured. Crutchfield had a fractured leg, cuts and bruises; both ladies suffered cuts and bruises and one a broken limb. All three are thought to be injured internally. The small boy had less injuries than the others. All were picked up and carried to Rainey Hospital. The car was a complete wreck.

## Dogs Must be Tagged.

The last Legislature passed a law requiring owners of dogs to pay tax on and tag their dogs. The tax is due Oct. 1st. After Dec. 1st, if the tax is not paid and the dogs tagged, the law makes the owners guilty of a misdemeanor and subjects them to a fine of not more than \$50 or to imprisonment of not more than 30 days. The tax on males is \$1.00, on females \$2.00. Sheriff Story has received the tags for Alamance. Every owner should attend to the matter and not subject himself to the penalty prescribed by law.

## No Cold Drinks, Cigars, Cigarettes and Tobacco For Sunday.

The following town ordinance was ratified Monday night by the Commissioners of Graham:  
That no person, firm, or corporation shall, on the Sabbath day, sell any cold drinks, cigars, cigarettes, tobaccos or like merchandise, provided this shall not apply to drinks sold and actually served with meals.  
That any person violating the provisions hereof shall be fined \$5.00 for each offense.

## In Honor of Bride and Groom.

Mr. and Mrs. R. L. Holmes delightfully entertained a party of young people at the O'Henry Hotel, Greensboro, Tuesday evening in honor of Mr. and Mrs. A. B. Thompson of Graham. The other guests were: Misses Minnie Long, Lola Cooper, Lucile Holmes and Julia Cooper and Messrs. Sam Bason, Dewey Farrell, Glenn Hoffman, Curtis Wrike and F. W. Terrell, all of Graham.

## Lieut. Col. Garrett to Speak at Court House Tuesday Night.

Graham, N. C., Sept. 2nd, 1919.

Mr. Editor:  
Lieut. Colonel Ruby D. Garrett of Kansas City, Mo., is expected to visit his native county of Alamance in a few days and his kinsmen and friends of his early days living in this county have asked him to make a public address in the Court House in Graham on Tuesday night at 8 o'clock on the 9th day of September, 1919.

He has signified his acceptance of this invitation and the public is cordially invited to come and hear him.

Colonel Garrett is a distinguished lawyer, was a Lieut.-Colonel of his Regiment in France, and he distinguished himself on the battlefields during the great world war.

He has the reputation of being a very eloquent speaker and orator, and made many addresses in various States since the war ended.

It is hoped that the people of his native county will give him a rousing reception and a full house.

Very respectfully,  
JACOB A. LONG.

EDITOR'S NOTE:—Col. Garrett is a scion of Alamance. His father, Rev. John N. Garrett, was one of the State's leading educators within the period of 20 to 40 years ago. Col. Garrett's grandfather was Mr. Jerro R. Garrett of Coble township, who was one of the county's best known citizens, and who served his county in a number of responsible positions.

Mayor Holmes Discusses State Sanitation Law Affecting Town of Graham.

Only a short time remains for the people of Graham to comply with the sanitation law enacted by the last Legislature and avoid the penalties provided under the law. Every home that is not connected with a water sewerage system is affected.

Discussing the new law and its enforcement Mayor Holmes says: "It is the duty of every good citizen to heartily join in the effort being made to rid the community of typhoid fever and other kindred diseases. The health authorities have pointed out the sources of these diseases, and have shown the method controlling them. With such knowledge available there is no excuse for the presence of a case of typhoid fever, and it is the plain duty of every resident to see that he and his family are protected by having his own home sanitized.

The health authorities have demonstrated that typhoid fever, diarrhoea, summer complaint among the babies, and similar diseases are excrement-borne diseases. There is no guess work about this; it has been conclusively proven. It therefore follows, as the health authorities point out, that the proper disposal of human excrement means the removal of the source of these diseases. In the face of these admitted facts I do not believe that there is a man in this town who will deliberately endanger the lives of his own loved ones and the lives of his neighbors by failing to take the means provided and advised for safety.

"Unfortunately every home cannot be connected with the water sewerage system. But every home can and must have a sanitary privy. Self-preservation is the first law of nature. In providing a sanitary privy this natural law, as well as the State law, will be fulfilled.

"Full information of the various types of sanitary privies that will be approved by the State Board of Health, which is charged with the duty of enforcing this act of the legislature may be obtained from my office, or a special Bulletin will be mailed direct to the interested person upon application to the State Board of Health, Raleigh. Sanitary inspectors representing the State Board of Health will assign their duties the first of October, and it is time for those of our people who have not already taken action to get busy.

"The necessity for full compliance with this law is a double one. Both a moral and a legal duty rests upon the head of each home. I believe that all our citizens will see the matter in this light, and will act accordingly. It will be a splendid record to have this town rated as 100 per cent. sanitary by the State Board of Health, and it is a record that we may easily attain."

## PIG PENS.

I have had numerous complaints within the last few weeks with reference to the pig pens, coming from every section of the town; hence this is to notify the public generally, that the premises of every person in town who has a pig will be inspected during the week commencing September 8th, and if the results of the investigations show that the lives of the people of the town are endangered thereby, the owners will be notified of this fact, and if the pens are not put in a sanitary condition promptly, if such a thing be possible, then it will be up to the Board of Commissioners of the town to pass the necessary resolutions outlawing pig pens within the corporate limits of Graham.

### I AM GLAD TO ENDORSE PE-RU-NA

Glad to Try Anything

"Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peru-na was recommended to me as a fine blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peru-na. I am glad to endorse it."

## The Secret of a Superlative Tire

The whole question of a super-tire is a matter of principles. For there is nothing exclusive in the industry. No patents, no secret formulas prevent a conscientious maker from building the best.

But cost and competition modify ideals. The Brunswick idea is to pay perfection's price and get it.

That has been the Brunswick policy since 1845. And it accounts for the growing preference for Brunswick Tires. Motorists expect the utmost from a tire bearing the name of Brunswick—and get it.

You, too, will be convinced by your first Brunswick, that here is an extraordinary tire, and that more money cannot buy a better.

Better tires of their type are impossible—or better tubes. That we guarantee.
