Committee on Cemetery.

Mayor Holmes has appointed committee consisting of Col. Don E. Scott, E. S. Parker, Jr., C. P. Harden, Mrs. J. Harvey White and Mrs. Frank Moore to devise plans for enclosing and beautifying Linwood Cemetery. This committee will also have in charge the raising of a fund for caring for the cem-

Misses Ray and Maynor Give House

Misses Fannie Ray and Rosa Maynor gave a week-end house party at the home of Miss Ray's sister, Mrs. J. G. Guthrie. The guests were Misses Aline and Annie Mae Stith and Mr. Harvey Jones of Golds-

and Maynor gave a picnic supper at Harden Park in honor of their guests. Miss Agnes Liner and Mr. Sam Ausloy, both of Graham, also attended the supper. And on Saturday evening Miss Liner entertained evening Miss Liner entertain Misses Ray and Mynor's guests.

Survey of Graham for erage System.

In accordance with the sentimen expressed by a well attended citizens meeting at the court house, called by Mayor R. L. Holmes, a Corrs of engineers, consisting of Messrs. H. F. Wideman, and F. J. Kies of Atlanta and E. M. Gregory of Charleston, S. C., from the Solomon-Norcross Co. of Atlanta, are here working on a survey to determine the feasibility and approximate cost of a sewerage system for Graham

The meeting expressed a willingness for the Town Board to spend as much as \$750 in making the survey, and whether it shall be determined at the completion of the survey to go ahead with putting in the system, or whether it is done later the survey will be made and ready for action and the

work will not have to be done over. The health of a community can not be counted in dollars and cents. and no town can hope to grow that cannot offer a reasonable assurance to those who would make it their home that the health of the community is being properly cared for. At no time has the State paid so much attention as now to health, and laws looking to con serving the health of the people in town and country are finding their way to the statute books at each session of the State Legis-

Graham is as healthful, perhaps more so, than the averge town, but that is not enough. It should, in justice to itself, stand in the front ranks, and the expenditure of any sum that the community can bear without being a burden is justi-

case with all the clovers with the

over, Pasquotank, Pitt, Richmond, Robeson, Rowan, Wake, Wayne, and Wilson counties; Atlanta, Ga., Birmingham, Ala., New York City, Washington, D. C., and Tidewater, Va., at Norfolk.

The objects of these associations, as expressed by the Tidewater, Va., group, are to continue the friendships formed in college days: to aid and cooperate with

athletics; and to aid in the progress gress and betterment of the North Carolina State College.

Most of these meetings are taking the form of a banquet, support or smoker, and while they are usually largely of a social, infective value to the College results. Two subjects which are interesting the alumni of State College results. Two subjects which are interesting the alumni of State College especially at the present time are the memorial to its heroes who were killed in the recent war and the State College-Carolina football game which will be played on Riddick Field, Thursday of Fair Week, October 23d. These and numerous other current and vital topics will doubtless be taken up for discussion at the local gatherings on State College Day.

THE EXPLANATION

Nature placed the growth-promoting witamins" in the oil of the cod-fish—this explains why

October 1 a state of growth increases as spring comes on. For this reason, if maximum results the reason, if maximum results that reason, if maximum reasons on. From this reason, if maximum reasons on. From this reason, if maximum results that reason, if maximum reasons on the following crop that the following crop in the lands of the same purpose as crimson clover. Scott's Emulsion is so definite in its help to a child of any age. Latter-day science reveals that the "vitamins" are needful for normal growth.

Soott's Emulsion will help any oblid mow.

LIGHT AND POWER.

> Town of Graham and Mutual Light and Power Co. Temporarily

Restrained - Hearing Oct. 4th b

The following from the Greensaffecting this community is of

of people in Graham, Burlington and in other sections of Alamance county, found its way into the United States district court of western North Carolina yesterday when J. R. Paschal and Warner Moore of Richmond, Va., instiof Raleigh spent from Friday titl Monday here with their sister, Mrs. mayor and commissioners of the mayor and commissioners of the town of Graham and the Mutual Mr. and Mrs. Chas. W. Causey Light and Power company, of

Graham.
The complainants appeared before Judge James E. Boyd and filed a bill in equity, asking for an injunction against the town of Graham and the Mutual Light and Power company on the ground that the town of Graham was taking action to abrogate contracts company.

Electric power for the mills in and around Graham, as well as mills in and around Burlington, and for the operation of street cars between Burlington and Haw River is furnished by the Pied-mont Light and Power company. By making contracts with the Mutual Light and Power company, the officials of the town of Gra ham are taking action which would supplant the Piedmont Light and Power company, the complainants contend.

It is contended by the complain ants that the franchise granted to the Mutual Light and Power company for the operation of busi-uess in Graham was issued irregularly, only two of the five town commissioners having voted af firmatively on the proposition and only three votes having been cast. The franchise of the Mutual comit would greatly diminish the business of the Piedmont organiza-tion. In fact, it is contended that the new franchise would serve to render the business of the Pied-

mont of very little value. Under direction of Judge Boyd, a subpoena in equity was issued yesterday, returnable in the United States court here October I, next. Notice also was issued to the defendants to show cause at the hearing before Judge Boyd, October 4, why injunction should not issue, restraining the granting of a franchise to the Mutual Light and Power company. A pany from proceeding, was issued bill proposing the permanent rank here yesterday, and this instrument will be effective until the chief of staff. hearing on October 4.

Crimson and Red Clover Good Winter Cover Crops

West Raleigh, N. C., Sept. 24.-Crimson clover stands at the head of all clovers as a winter cover

The crop is not expensive to seed and it has the advantage over most clovers in that it makes associations, which are expecting good start before cold weather sets in. Early planting is preferable of growth before the first frost. From 12 to 20 pounds of seed exception of bur clover.

100 pig clubs were organized with ner with lot an enrollment of 934; of this numhelp to a child ber 480 finished the work and kept complete records. Members reporting managed 562 pizs weighing in all 92,841 pounds. The value of these animals was \$24,684.56; cost of production, embed, N. J. 54

13,680 34; profit, \$11,004 22.

The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize - once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies-cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go-how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories

Then it is a matter of combining

the best features and building according to the highest standards. Once you try a Brunswick you will understand how we have built model tires, regardless of factory

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money

THE BRUNSWICK-BALKE-COLLENDER CO.
