

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THEDFORD'S

BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

BUNCO MEN ARE STILL HOT AFTER THE COIN

But New Securities Offered by Government Are Calculated to Go Far Towards Ending Their Business

Farmers are a great deal more prosperous than they were a few years ago. Nobody knows this any better than that suave and oily gentleman, the "bunco man." The farmers' prosperity has made him a shining mark in these gentry. The fake security man, the stock company promoter and the wily sharper are mighty busy persons just now and a great many of them are "working the country," and working it hard.

Do you recall the "miracle wheat" proposition of a few years ago? May be not by that name, for it had a good many names. One of its aliases was "Jerusalem wheat." Another was "Egyptian wheat." However, the name doesn't matter much for it was all the same thing. Most farmers will recall it, anyway.

When the farmers would not fall for the story any other way they were told that if they would give \$10 or maybe \$20 a bushel for the seed they could sell the whole harvest back in the fall for the same price per bushel that they paid for the seed.

Of course, some people bought and paid for the seed. And they went ahead and sowed it and waited a year full of trustfulness but the sharper who was to take the crop off their hands failed to show up. They found that they had a very poor grade of wheat, anyway, and it dawned upon them that they had been stung and stung hard and deep.

Right now a good many farmers are being offered all sorts of investments, all stocks and plantations, some of them a whole lot of other stocks. Some of these are offered in exchange for War Savings Stamps and Liberty Bonds. Some of them, too, are just about on a par with the "miracle wheat" that came from Egypt or Palestine. It will pay about such dividends. It is likely not to pay a cent one way or another. In a few years it will be valuable only as waste paper.

The same United States government that more than a year ago promised the American farmer \$2.25 for his wheat, and is making good every day, is now offering the farmer an investment that is just as safe as the wheat that he grows on his farm this year after it is stored in his granary.

New Treasury Saving Certificates, simply a development of the familiar War Savings Stamps, can be had. These certificates are offered in denominations of \$100 and \$1,000 on the identical terms of the War Savings Stamps.

Eighty-four dollars and twenty cents invested in a \$100 Certificate will grow into a \$100 bill by January 1, 1924. Multiply these figures by ten and the words will apply to a \$1,000 certificate. Or the youngsters, or the person with limited means to invest, may pay \$4.21 for a War Savings Stamp and on January 1, 1924, it will be a \$5 bill. These securities draw four per cent interest, compounded quarterly.

War Savings Stamps do more than add dollar to dollar. They begin to multiply.

Vitalize the saving habit. Buy War Savings Stamps.

Lend money to your government. Buy Thrift and War Savings Stamps.

Own a part of the United States government. Buy Thrift and War Savings Stamps.

A stamp in time saves dimes. Buy W. S. S.

Opportunity knocks. It's knocking now. Buy W. S. S.

War Savings Stamps work bank account wonders.

Cash Value of Bolt. It has been estimated by an European scientist that the commercial value of the electricity in a flash of lightning lasting one one-thousandth of a second is 23 cents.

Gas in Scotland. More than 23 per cent of Scotland's illuminating gas is made in municipal plants to more than 51 per cent in Ireland and about 39 per cent in England.

BANKS GAVE SPLENDID AID IN LOAN DRIVES

Public Should Now Help Them in Their Efforts to Make Country Even More Prosperous.

By Carter Glass,

Secretary of the Treasury. No group of men in the United States measured up to the test of the great war more admirably than did the bankers. The success of the United States Treasury Department in floating over \$21,000,000,000 in Liberty Bonds and Victory Notes during the last two years was due in no small measure to the patriotic co-operation of the banks. They took a most active part in each of the loan campaigns.

They subscribed generously for themselves, made loans to their customers in order that they might buy bonds, and sold bonds on installments to accommodate those having small savings. In other words, the banks did everything possible to promote the sale and distribution of government securities.

The banker can render an equally great service in reconstruction by co-operating with the government in its movement to teach the people of the United States the lessons of sound finance and wise investment. In promoting this cause the banker will aid his institution and the financial situation in general at the same time.

Now that the war is over the people should be impressed with the wisdom of holding their government securities and also of purchasing more, from time to time. The more generally the people of the United States absorb government securities the greater will be the ability of the commercial banks to devote practically all of their resources to furnishing adequate credit to the commerce and industry of the country.

Providing short-time credit to commerce and industry is their normal peace-time function. The sale and movement of farm crops, manufactured products and other commodities, as well as the continuous and efficient employment of labor, in fact, the whole industrial process will be promoted by permitting the commercial banks to devote all their resources to this function.

The people of the United States should, therefore, be encouraged to pay off their installments and borrow on bond collateral as rapidly as possible, and also to purchase additional government securities as issued from time to time or in the market. If this is done the people of this country will be benefited in a twofold way. They will free material and labor for the production of commodities which are now so desperately needed the world over. At the same time they will be strengthening themselves financially.

HOW THEY GROW

Plant a crop. Nothing happens. Nothing that one can see.

Be patient. The seed sprouts. The stalk pushes its way through the earth. Still no sign of fruit.

Be patient. Leaves come out. Buds open. Berries begin to form. Still no harvest.

Be patient. The fruit fills out. It ripens. It matures.

Harvest at last—miraculously increased from a little handful of seed.

But the War Savings Stamp beats this. There is no element of risk.

There is no way to lose: You must win.

Your money works for you. It makes more money all the time.

War Savings Stamps work bank account wonders.

Cash Value of Bolt. It has been estimated by an European scientist that the commercial value of the electricity in a flash of lightning lasting one one-thousandth of a second is 23 cents.

Summons by Publication

North Carolina—Alamance County.

In the Superior Court.

Before the Clerk.

Laura Vincent, widow, John Henry Vincent and Sarah Vincent and others.

vs.

Marie Johnson, George E. Holt, Shelton Moss and Floyd Moss and J. Dolph Long, their guardian ad litem.

All of the respondents above, and more particularly Marie Johnson, George E. Holt and Shelton Moss and Floyd Moss, will take notice that a special proceedings entitled as above has been commenced in the Superior Court of Alamance County, North Carolina, before the Clerk, for the purpose of obtaining an order of sale for division of that tract of land situate in the town of Mebane, North Caro-

SALE OF REAL ESTATE UNDER DEED OF TRUST.

Under and by virtue of the power of sale contained in a certain Deed of Trust recorded in the Public Registry of Alamance County, in Book of Mortgages and Deeds of Trust No. 77, at page 219, default having been made in the payment of the debt secured by said Deed of Trust, the undersigned Trustee will, on

FRIDAY, OCTOBER 31, 1919,

at 12 o'clock, noon, offer for sale at public auction to the highest bidder for cash, at the court house door of Alamance County, in Graham, N. C., a certain tract or parcel of land in Burlington township, Alamance County, North Carolina, adjoining Holt Street in the City of Burlington, C. M. Andrews, N. C. Railroad Company and others, bounded as follows:

Beginning at a corner of said Andrews, on Holt Street, and running thence with the line of said Holt Street South 36 deg. 36 min. East

75 feet to a corner with the line of Alamance Insurance & Real Estate Company South 33 deg. 24 min. W. parallel with Graves Street 138 ft. to a corner in the N. C. Railroad Company's line; thence with the line of said Railroad Company N. 36 deg. 36 min. West 78 ft. to C. M. Andrews' corner; thence with the line of said Andrews 138 feet to a corner on Holt Street, the beginning; the same being a part of lot No. 219 in the plat and survey of the city of Burlington, upon which lot is situated a modern 5-room bungalow.

This September 26, 1919.
