GRAHAM, N. C., Oct. 9, 1919

President Wilson's physician says the President is decidedly better and stronger than at any time since the beginning of his illness. This is pleasing news.

The obstructionists of the Peace Treaty continue to worry the country, and the country is getting good and tired of the worry. A day of reckoning is coming.

A bunch of misguided negroes in Arkansas planned to slaughter the white people. The ill-advised negroes are the sufferers.

England's railway strike is over and work is resumed. It is a compromise.

The fight between the steel mills and the strikers is still one of indecision.

Veterans Off To Atlanta.
 A number of Confederate Veterans left Monday for Atlanta. Under the law, on last Friday the County Commissioners authorized the payment of the railroad fares of such of the veterans as wished to attend the Reunion.

The following boarded the train at Graham: J. N. H. Clendenin, Jos. W. Holmes, R. J. Thompson, G. B. Coble, W. C. Robinson, Wm. Bonwell, W. C. Hornaday, D. H. Holmes, J. T. Malone at Burlington; F. U. Blanchard, J. M. Apple, J. E. Anderson, Sidney Mansfield, W. A. Hall, J. H. Ross, P. H. Boon, G. W. Allen, W. H. Moser, G. W. Anthony, M. J. Anthony, J. Mack Garrison, L. J. Fonville.

In addition to the above there may be others whose names we failed to get, as no report was available from Mebane, Haw River or Elon College.

DODSON TELLS THE HORROR OF CALOMEL

You Don't Need to Sicken, Grip, or Qualitate Yourself to Start Liver.
 You're bilious, sluggish, constipated, you feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.
 Here's my guarantee: Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful at night. If it doesn't start your liver and straighten you right up better than calomel, without griping and making you sick, I want you to go back to the store and get your money.
 Take calomel to-day and tomorrow you will feel weak and I sick and nauseated. Don't lose a day. Take a spoonful of harmless vegetable Dodson's Liver Tonic. It will wake up feeling splendid. It is perfectly harmless so give it to your children any time. It can't salivate.

The repeal of the Daylight-Saving Law will mean large electric light and gas bills for city folks. Every avoidable waste makes the things go higher that the farmer has to buy.

JUST IN TIME

Some Graham People May Wait Till It's Too Late.

Don't wait till too late. Be sure to be in time. Just in time with kidney pills. Means curing the backache, the dizziness, the urinary disorders. That so often come with kidney troubles.
 Doan's Kidney Pills are for this very purpose.
 Here is Graham testimony of their worth.
 Mrs. W. T. Ezell, N. Maple Street, says: "I was almost disabled with pains in the small of my back, and suffered all the time. I was so nervous and had such headaches I could hardly endure the misery. One of our family had used Doan's Kidney Pills with good results and told me to try them. I took this remedy and the pains and all other troubles disappeared."
 Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ezell had. Foster-McBarn Co., Mfrs., Buffalo, N. Y.

If Mitchell Palmer was "pro-German," as Senator Frelinghuysen charges, what would he have done had he been thoroughly "loyal"?

A REAL FLESH BUILDER.

Argo-Phosphate contains phosphate such as physicians all over the world are prescribing to build up all run-down, emetic conditions and changing thin, emetic women with toneless tissues, flabby flesh into the most beautiful, rosy-cheeked and plump, round formed women imaginable.
 NOTICE—Dr. Frederick Jacobson says: Argo-Phosphate builds up all run-down conditions in a few days wonderfully.

REASONS FOR HIGH COST OF LIVING.

What Council of National Defense Says After Investigation.

The Council of National Defense at Washington, after making investigation, arrives at the following conclusions as reasons for the high cost of living:

That the nation's productive powers have not been fully utilized since the armistice.

That too few goods, notably the necessities of life, have been produced, and that even some of these goods have been withheld from the market, and therefore from the people.

That the high cost of living is due in part to unavoidable war waste and increase of money and credit.

That there has been and is considerable profiteering, intentional and unintentional.

The council believes that the remedies for the situation are:

To produce more goods, and to produce them in proportion to the needs of the people.

To stamp out profiteering and stop unnecessary hoarding.

To enforce vigorously present laws and promptly to enact such further laws as are necessary to prevent and punish profiteering and needless hoarding.

To bring about better co-operation and method in distributing and marketing goods.

To keep both producer and consumer fully informed as to what goods are needed and as to what supplies are available, so that production may anticipate the country's demands.

"Better standards of living are impossible without producing more goods," said the council's announcement.

"At the war's end and our allies had desperate need of the essentials of life. We have had to share our resources with them, but this drain will gradually lessen.

"The process of production requires time. If production is rapidly increased, vastly improved conditions will prevail in America when the results of present and future labor begin to appear.

"Team work is imperative. The manufacturer, the farmer, the distributor must each immediately assume his part of the burden and enter upon his task.

"On American business rests a grave responsibility for efficient co-operation in bringing about full and proportionate production. On American labor rests an equally grave responsibility to attain maximum unit production and maintain uninterrupted distribution of goods if labor itself is not to suffer from further rises in the cost of living.

"The entire nation—producer, distributor and consumer alike—should return to the unity that won the war. Group interest and undue personal gain must give way to the good of the whole nation if the situation is to be squarely met."

The council is composed of Secretaries Baker, Daniels, Lano, Houston, Redfield and Wilson, and Grover B. Clarkson, as director.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running ear or it may feel itching and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give the Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists.

SAXAPAHAW ITEMS.

Mr. Banks Pickard of Elon College spent Sunday in Saxapahaw.

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY THIS IS WORTH READING

The experience of Mr. E. J. Toupanik, 1425 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.
 He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief."
 "This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, my hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.
 PE-RU-NA can be purchased anywhere in either tablet or liquid form.

The Best Insurance Against Influenza

Prominent Educator Believes That Vapomentha is A Sure Preventive

Dr. R. M. Brame, discoverer of Brame's Vapomentha Salve, has a letter from C. Wright, Superintendent of the Wilkes County, N. C., Public Schools, in which he says: "We have used Brame's Vapomentha Salve for nearly all the influenza which it is prescribed and always secured satisfactory results. If used in time it has never failed to break up colds, usually the forerunner of Grippe, influenza and Pneumonia. I speak from personal observation. I believe if this preparation is used in time it will prevent the development of pneumonia in every instance, if used according to directions."
 These strong statements are fully justified by the remarkable recoveries that follow Brame's Vapomentha Salve, applied freely over the chest and throat

ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Headache, Colds, Pain, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monocacetic-acidester of Salicylicacid.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet and then lift them off.
 When Freezone removes sores from the toes or calluses from the bottom of the feet the skin beneath is left pink and healthy and never sore, tender or irritated.

It's a question who's going to reap the big harvest this fall—the clothes dealer or the clothes cleaner.
