LOCAL NEWS.

The wife of Dolph Donnell, colored, died a week ago from influenza. His children were also very sick.

Alex. Holt, a highly respected aged colored man, died Tuesday night at his home at Woods Chapel, Albright township.

Sunshine is said by some to be as good for flu as "moonshine," but lately the former has been almost as scarce as the latter.

Mr. Thos. R. Harden and family, who have lived in Greensboro for several years, moved a few days ago to their farm two miles south of Graham.

The furniture of the Graham Loan & Trust Co. office has been moved to the office of the Graham Real Estate Co., next door to the National Bank of Alamance.

There appears to be more influenza in the country districts than there was a year ago. In the southern part of the county in the Snow Camp section it has been epidemic. But the towns are not escaping the scourge.

Mess. Chas. H. and Wm. A. Reeves of Piedmont Motor Sales Co., of this place, have organized the Reeves Motor Co. of Raleigh from where they will distribute Comet autos and trucks. They had some of the Comet cars here which they have moved to Raleigh.

Mr. E. S. W. Dameron of Burlington, one of the county's leading lawyers, has been very sick at Rainey Hospital for more than a week, but is reported slightly improved. He has been sick for about a month. His friends over the county will be glad to hear that he is improving.

Graham Welding Co., on W. Elm St., next to the Fire House, is equipped for business. The Manager, Mr. D. S. Myers, has purchased a home on Poplar St., which he will remodel. He will shortly move his family here from Durham where they have lived for the past few years.

Lady Dies at 84.

Mrs. Jane Thompson, widow of Wm. Thompson, died Tuesday near Phillips Chapel, aged 84 years. The interment was at Mt. Hermon yesterday. She was a sister of the late Maj. J. N. Wood.

Among the Sick.

Mr. Chas. A. Switzer, mentioned last week as being in New York sick from influenza and having pneumonia, is reported as being able to sit up.

Mr. Edgar Long has been confined to his room for more than a week from an attack of rheumatism.

Mr. Ernest Thompson has been quite sick from flu.

Rev. R. L. Troxler, pastor of the M. P. church, has had a severe attack of influenza.

Mr. W. C. Moore has been sick for a week—improving.

Mr. Z. T. Hadley is out again after an attack of flu. He was one of the first to become sick. Mrs. Hadley and their two children were sick also.

Mrs. Jas. S. Cook was very sick, but is better.

We are unable to give the names of all the sick in this issue, but have a list of about 120 families in town where there have been from 1 to 8 cases of influenza. Of this number about one-fifth are colored people. In the epidemic of a year ago the colored people were not so badly afflicted.

Mayor Holmes has been diligent in looking up the sick and none have been neglected to the point of suffering. He engaged professional nurses and with the aid of the volunteers the sick have had attention. The situation has worked the doctors extremely hard. Many, be it said to their credit, quit their regular work and went out to help nurse the sick.

As far as we are able to learn there is improvement in the situation here.

Nearly Sixty-one and a Half Thousand Paid Alamance Teachers.

At an adjourned meeting of the County Board of Education the apportionment of school funds for the year 1919-20 was completed. This apportionment reveals some interesting facts. The most interesting and hopeful fact discovered is that the various districts are waking up to a realization of the fact that they must pay larger salaries in order to procure more efficient teachers and to hold the efficient teachers which they now have. This is shown by the fact that while the County Board of Education apportioned for rural teachers' salaries for six months the sum of \$56,200.25, \$61,420.02 is actually being paid to rural school teachers. This difference of \$5,219.77 is being made up in the districts by local tax and private donations. The amount apportioned the city schools for salaries alone was \$84,996.99, while the amount actually paid the city teachers is \$40,601.56, leaving a difference of \$44,395.43 to be paid by local tax. The above figures do not include the amount apportioned for building and incidental expenses.

Chautauqua For Graham Next Summer.

In a former issue it was stated that Graham expected to have a Chautauqua next summer. A representative of the Chautauqua Association of Swarthmore, Pa., came here and secured a sufficient number of guarantors to make its coming certain. The Swarthmore Association is recognized as one that furnishes the best of everything in the way of entertainment—lectures, music, plays, etc.

Graham and community will be indebted to the following guarantors who have made possible the coming of a Chautauqua to Graham:

- Robert L. Holmes, G. Allen Mebane, A. W. Moser, E. S. Parker, Jr., R. D. Farrell, A. B. Thompson, E. D. Scott, Wm. J. Ward, J. D. Albright, F. W. Terrill, J. H. White, Wm. E. White, J. Notice As to Influenza Situation in Graham.

From recent reports, it seems that the conditions in the town of Graham in regard to the flu situation is about normal again. If there is no further outbreak, it now looks as if it will be safe to lift the closing order about Monday, February 23rd. However, further notice will be given at a later date. In the meantime, it is earnestly requested that the churches of the town have no services on next Sunday, and that all other places covered by the closing order continue to give the same co-operation as they have been giving. Of course, the conditions will determine future action, but it now looks like it will be safe for the school, moving picture shows and other places of amusement to open Monday, February 23rd. The health authorities advised this course, and it is purely a matter of precaution. Past experience has shown that the only logical and sensible course to pursue in a time like this is to play safe. Hence this request.

February 11th, 1920. ROBT. L. HOLMES, Mayor. J. J. BAREFOOT, M. D., Health Officer.

SCIENCE TALKS

A celebrated scientist referring to cod-liver oil said that Nature had given the world "almost a ready-made food".

SCOTT'S EMULSION

is richest Norwegian cod-liver oil, elaborated in a scientific manner, very much as Nature wraps up each globule of butter-fat. Scott's is not unlike cream in consistency, but many assimilate it easier than they do other fats. Scott's Emulsion is concentrated nourishment that helps keep the body strong. Give it a trial.

Mrs. Mamie Woods Bryant Dead.

Written for The Gleaner.

Mrs. Mamie Woods Bryant died at the home of her sister, Mrs. O. G. Thompson, near Burlington, last Thursday about 10:30. She had gone there to nurse the family who were sick with flu. In a few days she contracted pneumonia and a nurse was called, but nothing seemed to help her as death seemed to have marked her as its victim. She was a daughter of Mr. and Mrs. W. A. Woods of Hawfields and a consistent member of that church from childhood. Three brothers and two sisters survive. Two brothers, J. W. Woods of San Francisco, Cal., and J. S. of Roanoke, Va., were with her when the end came. W. C. Woods of Mebane and Mrs. Claud D. Moore and Mrs. Otis Thompson are the others surviving. She was a young woman of exceptionally fine character, and the many beautiful flowers sent by friends and loved ones showed the esteem in which she was held. She had recently accepted the matron's place at Elon College Orphanage and was soon to take charge. It was her pleasure in life to always do for others and it can truly be said that she gave her life for others.

She was buried at Hawfields church, funeral conducted at the grave by her pastor, Rev. Jonas Barclay.

DEATHS.

Mrs. J. C. Wilkins, wife of Dr. J. C. Wilkins, died at Haw River last Sunday after a week's illness, aged about 32 years. She was Miss Bessie Adeline Gilliam before marriage. She was married to Dr. Wilkins on Dec. 28, 1916. The funeral was conducted by Dr. P. H. Fleming Monday and the interment was at Union Christian church, near which she formerly lived. She leaves one child.

Martin V. Isley, a highly respected citizen of Friendship community, died Monday at the age of 73 years. A widow and several children survive.

Mrs. Catherine E. Bowles, the widow of P. Y. Bowles, died on Wednesday last week at her home in Morton township. Several children survive her. The burial was at Stony Creek.

Why More Small Cars Come Equipped With Goodyear Tires

Last year, more small cars, using 30 x 3, 30 x 3 1/2, or 31 x 4-inch tires, were factory equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these small-car tires by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$20.00. 30x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$17.65. Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3 1/2 size in water—\$32.00 proof bag.
