

ISSUED EVERY THURSDAY. J. D. KERNODLE, Editor. \$1.00 A YEAR, IN ADVANCE.

The German revolution that overturned the Ebert government is looking out and looks like Ebert is to stay on as president.

The U. S. Senate Monday adopted the Lodge reservation to Article Ten, but that does not mean that the treaty with the reservations will finally pass.

The Senate is holding up the confirmation of Bainbridge Colby as Secretary of State. How long will the Republicans vex and harass the President!

Eugene V. Debs, Socialist, now in the Atlanta Federal prison, has given consent for his name to be voted on as a candidate for President of the United States.

Gov. Bickett, who has not been very decidedly in favor of the suffrage amendment, fearing it would disturb the peaceful relations between the races, has come out decisively in favor of it and will recommend the adoption of the Susan B. Anthony amendment to the special session of the legislature.

Only two more States are yet needed to ratify the constitutional amendment conferring the right of suffrage upon women. Thirty-four States have passed favorably upon the amendment. Washington and Delaware meet next Monday to act on the amendment. If these fail to pass it there still remain Vermont, Connecticut and North Carolina from which to get the two States during this year. Virginia, Georgia, Alabama and Mississippi have voted against ratification. Maryland, Tennessee, South Carolina and Louisiana are other States which have not acted.

PROPHECY CAME TRUE. We came across an old copy of the Charlotte Observer of Dec. 22, 1902, a few days ago. Its news columns contained a dispatch telling about G. Marconi's success in sending a wireless message across the ocean from Cape Breton, Canada, to Cornwall, England, and a message to King Edward VII from the Governor General of Canada. Commenting on Marconi's success, the Charlotte Observer, then edited by Mr. Joseph P. Caldwell, one of the most distinguished editorial writers this State has produced, said: "We can see no ground for incredulity in Marconi's announcement that he has really sent messages across the ocean without the aid of wires. The idea of telegraphing without wires is hard to grasp, but it is not more wonderful in this age than was the invention of the first crude system of telegraphy to the people of that period. The age of wireless telegraphy is at hand. What we are expecting next is for man to fly, and read and send out wireless messages as he goes." What Mr. Caldwell was "expecting" has literally come true, and pity it is he did not live to see it. Even had he lived to this good day he would not have been an old man. Frequently among his editorial squibs would be found an expression like this: "They will fly through the air like birds. Mr. Caldwell believed that the ingenuity of man in the accomplishment of scientific wonders was in its infancy. He was wiser than his generation knew.

Mr. Charles Johnson Merrimon, youngest son of former U. S. Senator A. S. Merrimon, died in Chambers, Tenn., a few days ago and the remains were buried at Raleigh Monday afternoon. He was a brother of Mrs. Lee S. Overman and Mrs. Margaret Kenney of Salisbury, Texas, and B. H. and W. B. Merrimon of Greensboro.

Sheriff C. G. Rosemond of Orange county has tendered his resignation to take effect on May 1st. He will go into other business.

A fire at the State Prison in Raleigh Monday caused a loss estimated at \$25,000.

NEW TOWN ORDINANCES.

At an adjourned meeting of the Commissioners of the Town of Graham, held March 17, 1920, the following ordinances were passed:

Section 56. (a) That it shall be unlawful for any person under the age of eighteen years to enter or be found in any pool room, bowling alley, or in any place where such games are played or carried on in said town. Any person violating the provisions of this ordinance shall be fined \$5.00 for each offense.

Section 56. (b) It shall be unlawful for the owner or proprietor of any pool room, bowling alley, or any place where such games are played or carried on, to permit any person under the age of eighteen years to enter, play or be found in any such pool room, bowling alley, or any place where such games are carried on. Any person violating the provisions of this ordinance shall be fined \$25.00 for each offense.

Section 56. (c) It shall be unlawful for any person to bet or wager any money, property, or thing of value upon any game of pool, bowls, or like games played in pool rooms, bowling alleys, or such places in said town. Any person violating the provisions of this ordinance shall be fined \$10.00 for each offense.

Section 56. (d) It shall be unlawful for any owner or proprietor of any pool room, bowling alley, or place where like games are played, to allow or permit any person to bet or wager any money, property, or thing of value upon any game played in such place. Any person violating the provisions of this ordinance shall be fined \$25.00 for each offense.

Section 56. (e) It shall be unlawful for the owner or proprietor of any pool room, bowling alley, or place where such games are permitted to be played, to allow or permit any of the above conduct in such place shall forfeit his license to conduct such place. Upon a charge being made that any such owner or proprietor of any such place has violated the provisions of this ordinance, the Mayor shall give such owner or proprietor notice of the charges made and of the time and place fixed for the hearing thereon, and if at said hearing said Mayor shall find that said owner or proprietor has violated any provision of this ordinance, he shall declare such place a nuisance, and shall order such place forfeited, and shall order such place strictly enforced.

"Keeping Fit" Campaign.

Dr. P. H. Fleming has been appointed Special Supervisor for the "Keeping Fit" campaign which is to be conducted among the schools of this county. This work is being done under the direction of the Federal and State Boards of Health, and is a work in which all schools who have boys over 14 years of age should be interested. So I ask the hearty co-operation of all teachers in this fine work. In the short time during which the special exhibit is loaned to this county, Dr. Fleming will not be able to visit all the schools, so it will be well for any of the schools that are especially interested to make requests to Dr. P. H. Fleming, Burlington, N. C.

SUMMER ACTIVITY AT UNIVERSITY N. C.

They will Embrace Teachers' Summer School, Road Institute, Institute for Secretaries, Chambers Commerce and Trade Organizations, Public Welfare, Social Workers, Regular Credit College Work, Etc.

Cor. of The Gleaner.

Chapel Hill, N. C., March 16.—Plans for the summer activities of the University of North Carolina as announced recently by President Chase include, beside the regular summer school for teachers and for college students, the second meeting of the State and county council, the North Carolina Road Institute under the general oversight of State Highway Commissioner Frank Page, a special institute for secretaries of chambers of commerce and other commercial and trade organizations, and the beginning of instruction in the newly formed school of public welfare.

The summer school proper, Director N. W. Walker said, will begin Tuesday, June 22, and will continue 6 weeks, closing Thursday, August 6. Important increases in courses, both those counting for a collocated degree and those for teachers, have been made.

Beginning at the same time but continuing for six weeks later will be the special courses prepared by the University and the Red Cross for Red Cross secretaries, charity organization secretaries, Y. M. C. A. and Y. W. C. A. secretaries, and social workers of every kind. Included in the summer school also will be a special course for North Carolina county superintendents of public welfare, to be conducted by the same combination of University and Red Cross officials.

Shortly after the close of the summer school the second session of the State and county council will start, probably around August 10, running three days. At the same time will begin a week's course for commercial secretaries now being arranged by the State association of secretaries of chambers of commerce and the University school of commerce. Tying up with both of these will be Commissioner Page's annual road institute, which is expected to run a week also.

Eighteen departments will offer courses in the summer school which will be counted as credit toward a degree. Opportunity is thus provided, Director Walker pointed out, for students to cut down materially in the old-time system of four years for an A. B. degree. Graduates of standard colleges are able to obtain a master's degree in four summer months. A marked drift toward this in recent years has been noted by University officials. Last year 352 students took college courses in the summer school and this year the number is expected to run higher.

For teachers the department of education offers eight courses, including one showing modern methods of teaching all the standard high school subjects. Courses are also offered in the normal school department in accordance with the plans of the State department of education's plans for North Carolina teachers. A model demonstration school will be shown.

Special opportunities in music will be offered during the summer through Prof. Paul J. Weaver of the University department of music. The Carolina Chorus and community singing in all its forms will be organized, as well as instrumental music. The original plays of the Carolina Playmakers, under the direction of Prof. Frederick H. Koch, will be presented also.

Palmer Invited to Gastonia

Washington—Attorney General Palmer, getting more in trim every day to make a fight for the democratic nomination for the presidency, may open his campaign in the South with a speech at Gastonia on March 24. The occasion is the annual banquet of the Gaston bar and, at the request of the lawyers, General Simmons and Representative Clyde Hoey asked Mr. Palmer to make the speech.

Building for the Blind

The Board of Directors of the State School for the Blind in regular session made a special visit to the new site for the school and formulated plans looking to the construction of the three buildings under contract. Plans were made to move the Kindergarten in the Fall and the whole school as soon as possible.

Governor Pardons Three

Henry Smith, of Beaufort county, convicted of houseburning in November, 1917, and sentenced to five years in the State's prison was pardoned by Governor Bickett, on condition that he remain a law-abiding citizen. This was one of the pardons granted by the Governor. Others pardoned were John Martin, of Jackson county, convicted in the spring of 1919 of abandonment and sentenced to twelve months on the county roads, and R. B. Blackburn, of Columbus county, convicted in August, 1919, of manufacturing liquor and sentenced to twelve months on the county roads.

Simmons Defends War Taxes

Washington (Special)—Senator Simmons defended the War Revenue legislation against an attack launched in a speech Senator Griggs, of North Dakota, made. The North Carolina Senator charged that "low rates" of taxation on incomes and excess profits were provided in the revenue bills which were piloted through the Senate by the North Carolina Senator, have operated to create the fortunes of the great number of "mushroom" millionaires now in the country which otherwise could not have been.

Inspection of Dairy Herd

On March 4th, the State College dairy herd consisting of 67 pure bred cattle were tested for tuberculosis by Dr. W. C. Deninger of the United States Department of Agriculture and found absolutely free from the disease. Dr. Deninger expressed much gratification over the results. This is the first time the herd has been tested by United States government officials. Heretofore the work has been carried on by the department of animal husbandry and the direction of the college veterinarians.

Pepto-Mangan Makes Rich Red Blood

Helps Restore Thin, Run-down Men and Women to Vigorous, Full-Blooded Health. Recommended by Physicians. Sold in Liquid or Tablet Form—The Name "Gude's" is the Guide to the Genuine. It is a true saying that your health is only as good as your blood. Good, rich blood manifests itself in a healthy, natural complexion; clear, keen eyes; tireless energy and enthusiasm; and an abundant supply of reserve strength. And just as positively does poor, thin blood directly influence the entire system. Pale, sallow complexions; dull eyes; a listless step; languidness; tiredness; worn-out feeling; general dejection and unhappiness—all are positive signs that the body is not receiving its proper nourishment through the blood. Pepto-Mangan helps restore vigorous health, because it contains the very elements so much needed by the blood to enable it to perform its functions and supply the body with nourishment, energy, and strength. For your convenience, Pepto-Mangan is prepared in tablet as well as in liquid form. Both possess exactly the same medicinal value. There is but one genuine Pepto-Mangan, and that is "Gude's." If the name "Gude's" is not on the package it is not Pepto-Mangan.

Cannot Praise This Remedy too Highly

THE WAY ONE LADY FEELS AFTER SUFFERING TWO YEARS. Judging from her letter, the misery and wretchedness endured by Mrs. Charlie Taylor, R. F. D. No. 1, Box 144, Dillon, S. C., must have been terrible. No one, after reading her letter, can continue to doubt the great healing power of PE-NU-NA for troubles due to catarrh or catarrhal conditions in any part of the body. Her sick and suffering man or woman anywhere. Here is her story: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PE-NU-NA and can truthfully say I am well. When I started to use PE-NU-NA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PE-NU-NA too highly, for it was a God-send to me. I got relief from the first half bottle and twelve bottles cured me. I advise all sufferers to take PE-NU-NA. As an emergency remedy in the home, there is nothing quite the equal of this reliable, time-tried medicine, PE-NU-NA. Thousands place their sole dependence on it for coughs, colds, stomach and bowel trouble, constipation, rheumatism, pains in the back, side and joints and to prevent the grip and Spanish Flu. To keep the blood pure and maintain bodily strength and robustness, take PE-NU-NA. You can buy PE-NU-NA anywhere in either tablet or liquid form.

THE FAR-REACHING EFFECTS OF BLOOD DISORDERS

Pimples, Rash, Itching etc., the First Signs—New Form of Iron Clears the Skin and Brings Positive Benefit Quickly. It is impossible to estimate the extent to which human ills and disease owe their origin to disordered and impure blood. Think of the various forms of kidney ailments that have their origin in diseased blood conditions. And no one questions that Rheumatism starts in blood. So it is important to watch the blood and to begin treatment at the first signs of disorder. By taking such troubles in time and through persistent attention, harmful results and much suffering can be avoided. Nearly everyone is familiar with the so-called blood disorders as evidenced by pimples, rash, itching, etc. It is not important whether these symptoms indicate eczema, salt-rheum, scrofula, etc., but it is vitally imperative that the blood be given treatment to make it healthy. There should not be an instant's delay in doing this. And the disfiguring effects produced by these blood impurities are embarrassing to the sufferer. A remedy should be used which not only drives the impurities out of the blood but which will at the same time remove every trace of pimples, rash and "breaking out." A positive and quick treatment for these blood disorders is supplied by Acid Iron Mineral—a new form of liquid iron. Its first function is to strengthen and purify the blood by putting iron into it. Thus impurities are driven out and the blood is enriched—the whole system is strengthened—the skin is made clear and free from blemish, perfect health throughout the body is established. Drugists will refund the purchase price of Acid Iron Mineral if it fails to give you satisfaction—it contains no alcohol or injurious drugs. For Sale by All Good Druggists. Burwell & Dunn and John M.
