

# Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

# CARDUI

The Woman's Tonic

She writes further: "I can do my work, I feel, owe it to Cardui, for I was in dreadful condition." If you are nervous, run down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

# ALVARADO MAKES FRANK ADMISSION

SAYS MEXICO HAS PROVED TO BE TROUBLESOME NEIGHBOR BUT ASKS FOR TIME

# GOOD MEN SUFFER ANGUISH

Enormous Resources of Country Must Be Placed at Service of Humanity or World Will Take Them

El Paso, Texas.—Admission that Mexico is "a troublesome neighbor" and a plea that the world "have a little patience and wait a trifle longer" are contained in a statement to the American people by the new Mexican provisional minister of finance for the revolution.

The statement, a copy of which was received here, follows, in part:

"The men of good will in Mexico suffer an inexpressible anguish at this time, because we know that the world is tired of our disorders, because we are a troublesome neighbor. We know full well our duties if we wish to be respected like a civilized people; we know that we have to protect the lives and property of nationals and foreigners, we know we have to pay our debts as gentlemen, we know that the difficulties of Mexico affect many parts of the world; that we can not live behind a Chinese wall, and that due to the swiftness of means of communication, interdependence of nations is an actual and positive thing, and that no country can act as she herself desires.

"We also know that if we are not capable of placing at the service of humanity all of the enormous resources that exist in Mexico, the world will come and take them.

# LONG SEASON OF SUGAR SHORTAGE

HOOVER EXPLAINS WHY PRICE IS HIGH AND QUANTITIES SO INADEQUATE.

# HE SUGGESTS RATION SYSTEM

Immediate Government Action Should Be Taken to Control Through Commercial Not Legal Methods.

Washington.—Herbert Hoover, former food administrator, gave his views to congress on the sugar and industrial situations.

Appearing before a house committee investigating the sugar situation, Mr. Hoover declared that the world shortage of the product was likely to continue two or three years. The pressing need was rationing, he said, with immediate government action to control the supply through commercial, not legalistic methods.

In making reply to members who wanted to know what has been done to keep the present high sugar cost off the people, Mr. Hoover reiterated that the government should have bought the Cuban crop as well as the Louisiana crop and that even now there was a chance to help by limiting the supply to non-essential industries.

Unlawful to Require Purchase of Other Goods When Selling Sugar.

St. Louis.—The practice of some grocers in requiring that a certain amount of other commodities be purchased with each pound of sugar is a violation of the federal trade commission act, according to instructions received from Attorney General Palmer by the local department of justice.

London.—The German cabinet, after a full discussion with the ministers of the federal states, decided unanimously that Germany should not send representatives either to the Spa or Brussels conferences unless the French troops are entirely withdrawn from the Ruhr district by May 15, according to a Central News dispatch from Berlin.

# Chautauqua Program Includes Band

REPEATED BY REQUEST

Every one will be glad to hear that this year's Chautauqua program includes Colangelo's Band. He is repeated over this circuit because of the almost unanimous appeal that has come to the Chautauqua management from towns which were on this circuit in 1917.

Because of the war it has been impossible up to this time to grant the request of the towns that he be returned to the circuit. Signor Colangelo himself, and the majority of his men were in the service of the Allies. They played their parts well in this more heroic organization, and most of them came thru. Signor Colangelo's brother, whom Chautauqua patrons will remember as the leader's partner in correct duets, laid down his life on the field of honor.

During the past few months Signor Colangelo has been reorganizing and rehearsing a new band. He has, fortunately, a number of his former men as a nucleus, and has now perfected an organization that surpasses even his band of 1917. This is the band which will appear here.

A number of special features will amplify the programs of the band, and its appearance will easily be the outstanding musical feature of the week.

Miss Myra Louise Eckhoff will be the soprano soloist with the band. Organ choruses will be a special instrumental feature.

A satophone quartet will furnish melody and fun. The third day is band day—keep it open.

# SOUTHERN SECTION UTTERLY IGNORED

SENTINEL OF SOUTH FEELING INDIGNANT OVER SEVERAL RECENT APPOINTMENTS.

# DOUBTS AS TO CONFIRMATION

Princeton Professor of Politics One Nominée to Serve on Interstate Commerce Commission.

Washington.—When President Wilson sent to the senate the nomination of Mark W. Potter, of New York, to be a member of the Interstate Commerce Commission his action caused much indignation on the part of Southern senators who have begged for some recognition to the Southern classification territory.

A few days ago the President appointed a professor of politics from Princeton and a granite cutter from Massachusetts to the existing vacancy and one of the new berths on the commission and his failure at that time to show recognition of the claims of the Southern ports and industries brought many protests from senators representing these sections.

Vigorous protest against the appointment of the three will be made in committee Senator E. D. Smith, ranking democrat on the interstate commerce committee, said.

"I expect to vote against them and to make a fight against them," Senator Lee F. Overman, of North Carolina said. "The three men appointed all come from the section that seems bent on delivering a body blow to the export trade of Southern ports and middlewestern cities.

Two Priests in Florence, Italy, Have Been Arrested For Theft

Florence, Italy.—Two priests were arrested on a charge of having stolen a bust of Antonio Canova, the celebrated Italian sculptor; an altar by Lactia Della Robbia, the 15th century sculptor, and other art treasures from the Abbey of Arezia. Copies of the original treasures were substituted by the thieves, the police having recovered the altar.

Gift of \$5,000 Hat Is Declined By Wife of President of France

New York.—President Deschanel of France has refused to permit Mme. Deschanel to accept the \$5,000 hat offered her by 3,000 American milliners for her endorsement of the "four seasons for millinery."

This was announced when a letter was read from Ambassador Jusserand declining the American creation made from materials supplied by each of the States and decorated with nine paradise plumes, each costing \$500.

Final Test of Suffrage Amendment Booked to Come Later in Delaware

Dover, Del.—Despite the efforts of anti-suffragists to force a vote in the lower house of the Delaware legislature on the resolution to ratify the federal amendment, adjournment was taken until May 17 without any action on the measure. Suffrage leaders admitted they lack at least three votes to pass the measure.

Suffragist leaders declared they would continue their fight during the recess with renewed vigor.

# NEW FORM OF IRON RELIEVES STOMACH TROUBLES

Eat What You Like—Stop Suffering From Acid Stomach—Gas, Pains and Other Forms of Indigestion—Results Almost Immediately

For years physicians have been searching for a form of iron that could be combined with certain other ingredients like pepsin, etc., for use in treating chronic disorders of the digestive tract, mal-assimilation, etc. This is sufficient evidence that medicine recognizes the great value of iron for stomach troubles when administered in proper form.

If you have been disappointed with lack of results from pills and tonics said to contain iron you can now understand that the iron was not presented in a form that could be absorbed by the stomach into the system. And therefore could not possibly bring you benefit.

This new form of iron is not prepared by chemists—it is found in Nature itself combined with other highly beneficial medicinal agents.—It is quickly absorbed by the system and in sufficient measure to bring results that you can feel in a very short time.

Just ask your druggist for Acid Iron Mineral. He will also tell you that stomach troubles are relieved by taking a spoonful in a glass of water three times a day. And for acute conditions like "sour stomach," etc., a single dose will in most cases bring relief. This natural form of iron seems to neutralize the excess acid in the stomach as no thing else in all medicine.

Stomach disorders of long standing where the patient is subject to distress after eating, gulping, headaches, dizziness, etc., yield positively to steady treatment with Acid Iron Mineral.

And don't forget that the general system is strengthened and invigorated owing to the iron content of this medicine. All druggists cheerfully refund the purchase price if the results are not satisfactory to you in every way.

# CENSORSHIP OVER A BUFFALO PAPER

FORCED TO CHANGE A REPORT OF THE GARY TESTIMONY BEFORE COMMITTEE

ONLY FOUR FREE NEWSPAPERS

No Names Were Given by the Testifying Witness, Nor Did the Senate Committee Ask for Them

Washington.—The charge that the International Typographical Union exercised a censorship over part of the American press was made before the senate newspaper investigating committee by E. J. McConne, general manager of the Buffalo Commercial.

Called upon for a specific instance in support of his charge, Mr. McConne declared that only four newspapers printed last October certain parts of Albert Gary's testimony before the senate steel investigating committee, and that the Buffalo News put the story in type was forced to change it under pressure from the union's shop chapel.

Although the witness hated that only four newspapers were free of union censorship, he did not give the names, nor did members of the committee ask for them.

FOR CHILDREN ONLY

Junior Chautauques will have "A Mother Goose Party"

It looks as tho' the boys and girls were going to have the best of the things on the Chautauqua program this year. Look what's coming!

The regular Junior Chautauqua meetings in the tent in the morning are promised as usual, with lots of new songs, games, and stunts.

And then the last afternoon looks very much like children's day when they get down to the program. Think there will be Jolly Polly? The Chautauqua Chorus. At last the children are going to get what they have been wanting for so long—the real show. They say that Jolly Polly will do and say some of the funniest things you ever saw. Guess none of the young ones will miss that part of the program.

And when Miss Elizabeth Roberts comes on after Jolly Polly they won't go home either. Miss Roberts knows all the songs and reading that children like best. The children will want her to stay all afternoon until they remember what comes next.

"A Mother Goose Party" by the children themselves. Not just! Advance reports say that this Junior play is the best yet. All the old company lots of children will be there, and none of the children will be there, and none of the children will be there, and none of the children will be there.

If anybody but a child has read this far they don't say a word but that they will read it in still young enough to enjoy this afternoon—and in it, too.
