

# IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily upset.

I couldn't rest well at night and was . . . just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it . . .

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it. 178

## As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

### Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

### BEST WAY TO CONTROL LICE

Complete Eradication Is Best Secured by Dipping—Medicated Wallows Are Good.

"Lice on hogs can be controlled in various ways, but complete eradication is best secured by the use of dipping vats, as experiments conducted by the United States department of agriculture show," says W. E. Schneider, co-operative extension specialist in swine production for Arizona.

"Medicated hog wallows and rubbing posts," he states, "keep the number of parasites reduced so that they cause little or no damage, but neither do these methods destroy all the lice. Crude petroleum is used on the rubbing posts and the wallows medicated with coal tar creosote dips, pine tar, crude petroleum and bland oils. Crude petroleum and coal-tar creosote dips prove to be more effective when applied from an ordinary sprinkling can than when used in wallows or on rubbing posts."

### CREDIT GHOST WITH WRECK

Devon People Believe Sight of Spanish Flag on British Ship Angered Admiral Drake.

Anyone who knows the villages of the west of England will be aware that they are a fertile soil for all manner of superstitious beliefs. And the process of creating new legends has evidently not yet come to an end, if we may accept a statement made at a recent women's institute meeting at Exeter, at which various speakers recounted the traditions of their respective localities. A few years ago the battle ship Montague was wrecked on Lundy island as she was entering the Bristol channel in a fog. The people of the neighborhood, who are told, have no doubt that she was lured to her doom by the spirit of Sir Francis Drake. She happened to be flying the Spanish flag in honor of the marriage of King Alfonso and Princess Ena. This the proud ghost of Devon's great seaman could not brook, and he made her pay the penalty by running her upon the rocks.—Manchester Guardian.

### Easy.

"Now, children," the teacher said, "suppose we wished to go to Calcutta, how would we proceed? You tell us, Tommie!"

"I'd get on the train and go to New York," Tommie responded promptly, then paused.

"Yes?" the teacher encouraged.

"Then I'd get a steamship," Tommie answered and sat down.

"But you haven't told us the route you would follow," teacher protested. Again Tommie rose.

"Oh, I would not butt in on that," he declared. "I'd leave that to the ship captain, 'cause he'd likely have been there before, and, besides, I believe in leaving all technical matters to experts."

Every Democratic paper is being called upon to "Raise a Democratic campaign fund" to help elect Cox. The Republicans are going to raise and spend five millions "openly" and 35 millions "secretly," so we Democrats will have to raise and spend ten millions honestly and openly to keep the "Grafters" out of Washington.

"We must not abridge the freedom of speech," said Mr. Harding. And thereupon failed to abridge it by springing out his acceptance to 8,000 words.

### RELICS OF COLONIAL TIMES

Ancient Platter Might Well Be the Envy of Any Collector—Gerry's Mahogany Table.

Among the most cherished possessions of the late Samuel G. Harris, Marblehead's oldest citizen, who recently dropped dead, is a large platter that was once the personal property of Gov. Winthrop, the first governor of Massachusetts. It is of unusually large size, as befitting the time in which it was used, when roasts of beef were of mammoth sizes as contrasted with the present day.

This platter contains a picture of the state house, represented as standing in the midst of green pasture with fat, contented-looking cows feeding on what is now Park street, or chewing their cud contentedly under trees on what is now Beacon street. The platter also embraces a standard of similar design, this sitting on top of the platter and supporting the meat so as not to have it lie on the platter itself. Another antique of great value possessed by him was a mahogany table over 150 years old that belonged to Elbridge Gerry, vice-president of the United States. This table has an oval top that swings over in line with the supporting column.

### LAND WHERE HONESTY RULES

Bolts and Bars Have No Place in the Marquesas Islands of the Southern Seas.

According to a correspondent, all property may be left unguarded in the Marquesas islands, situated in the southern seas. He says: "I have had my trousers lifted from my second-story room in a Manila hotel by the eyed and fingered bamboo of the Tagalog ladron, while I washed my face, and stood aghast at the mystery of their disappearance with door locked. I have given over my watch to a gendarme in Cairo to fend off arrest for having beaten an Arab who tripped me to pick my pocket. In San Francisco, when robbed upon the public street, I have had the police suggest that I offer a fee to the 'king of the dips' and a reward to certain saloonkeepers to intercede with the unknown highwayman for the return of an heirloom. Yet through the darkest nights in Vait-hua I slept serenely, surrounded by all the possessions so desirable in the eyes of my neighbors, in a house the doors of which were never fastened. There was not a lock in all the village, or anything that answered the purpose of one."

### NOVEL METHOD OF RIDING.

Pacific street risers were greeted by a strange sight the other morning when a local merchant was seen astride a plow horse and riding back to the front. They thought he was practicing for the circus, but not so. A Rockland man was plowing the merchant's garden and asked for a rider for his horse. Of course Abe responded.

The horse had a very bad habit of biting, and kept nipping at the rider's feet. Abe twisted his extremities under the animal's front legs, but this must have created a tickling sensation, for the equine bucked against such treatment. By turning around and facing the rear, Abe put one over on the nag, but it took careful handling of the reins to keep the animal in the furrow.—Rockland Independent.

### TUNNEL INTO VIRGIL'S TOMB.

From the Italian journals comes the quaint note that the "Tomb of Virgil" is threatened with destruction by the building of a new railway tunnel.

The tomb is probably a legendary one; nevertheless, it is the spot to which Petrarch and all the generations of humanists have come on a pilgrimage. A monument so venerable should have been treated with more consideration.—Living Age.

### THE FAR-REACHING EFFECTS OF BLOOD DISORDERS

Pimples, Rash, Itching etc., the First Signs—New Form of Iron Clears the Skin and Brings Positive Benefit Quickly

It is impossible to estimate the extent to which human ills and diseases owe their origin to disordered and impure blood. Think of the various forms of Kidney ailments that have their origin in diseased blood conditions. And no one questions that Rheumatism starts in blood.

So it is important to watch the blood and to begin treatment at the first signs of disorder. By taking such troubles in time and through persistent attention, harmful results and much suffering can be avoided.

Nearly everyone is familiar with the so-called blood disorders as evidenced by pimples, rash, itching, etc. It is not important whether these symptoms indicate eczema, salt rheum, scrofula, etc., but it is vitally imperative that the blood be given treatment to make it healthy. There should not be an instant's delay in doing this.

And the disfiguring effects produced by these blood impurities are embarrassing to the sufferer. A remedy should be used which not only drives the impurities out of the blood but which will at the same time remove every trace of pimple, rash and "breaking out."

A positive and quick treatment for these blood disorders is supplied by Acid Iron Mineral—a new form of liquid iron. Its first function is to strengthen and purify the blood by putting iron into it. Thus impurities are driven out and the blood is enriched—the whole system is strengthened—the skin is made clear and free from blemish, perfect health throughout the body is established.

Druggists will refund the purchase price of Acid Iron Mineral if it fails to give you satisfaction—it contains no alcohol or injurious drugs.
