GRAHAM, N. C., Sept. 9, 1920.

As a result of the Revaluation Act, there are some who will pay more and some who will pay less taxes than they paid last year, depending, of course, whether heretofore a low or high valuation was placed on their property. An effort was made under the act to value all property at its cash value, which raised the value of nearly all property and some more than another. The act was passed unanimously by the Legislature by both Democrats and Republicans. On every valuation board there were both Democrats and Republicans. And it comes with bad grace now for the Republicans to attempt to make a campaign issue of it.

Gov. Cox has proven part of his charge as to the big Republican "slush" fund by Republican witnesses. Perhaps he would be able to wholly substantiate his charge, but for the fact that the investigating committee is under Republican domination.

Schools and colleges opening this week and last are crowded to the limit, and many have failed of admission.

Mr. L. Banks Holt III.

The friends and acquaintances in this State and elsewhere will regret to learn that Mr. L. Banks Holt of Graham, one of the State's most prominent citizens, is very ill at his home here.

Two Lady Officers.

Alamance now has two lady officials, a recognition of the right of suffrage conferred upon women: Miss Lucile Johnston, daughter of Mr. B. W. Johnston of Burlington has been appointed and sworn in as a Notary Public, and Miss Annie Ben Long, daughter of Dr. Will S. Long of Graham, has been appointed and sworn in as Deputy Superior Court Clerk.

Vernalis.

This is the name of a development going on in the southern part of Alamance to provide a colored farmers' community. About 800 acres of land have been secured, which has been divided into 20 or more small farms. These lands will produce all the grains, fruits and tobacco. The sale is now in progress and the terms are easy. Simon G. Walker of Burlington is managing agent for the sale of the lands.

Miss Carrie Hornaday Killed in Automobile Accident.

Miss Carrie Hornaday died about 9 o'clock last Saturday night in Gastonia from injuries received in an automobile accident a few minutes before. Miss Hornaday is a daughter of Mr. Robt. G. Hornaday, some two miles west of Burlington, and will be remembered as a most pleasant and refined young woman. She was on her way to Brevard to teach the coming year. She expected to spend the night in Gastonia with relatives. She was being driven over in an automobile by her cousin, Prof. J. B. Robertson, also of this county, now Supt. of Schools of Cabarrus county and living at Concord. It was out about three miles from Gastonia that the accident happened that cost the young lady her life. A dead car was standing squarely in the middle of the road without lights. Mr. Robertson's and another car approached it from opposite directions and both attempted to pass the dead car on the same side and ran together. Miss Hornaday's jugular vein was severed on a broken windshield. None of the others was injured. The remains were brought to Burlington and buried Monday.

Mr. Max Lieberman of Philadelphia, formerly of Haw River, was here Monday on business.

Capt. R. G. Foster returned the first of the week from a ten days trip to Wilmington.

Mrs. W. W. Garrett and little son Dan went to Mebane the first of the week to spend a few days with relatives and attend the Fair.

RALEIGH LETTER

Special Correspondence.

Raleigh, Sept. 6.—The registration and voting by the women of North Carolina at the general election in November is a subject that is just now enlisting the attention of the managements of the campaigns of the two parties. The statement has been given publicly that the Republicans will make every effort to poll "the full Republican woman vote" (whatever that may mean), and the warning added that the Democratic women of the State should be urged to exercise the franchise to their full strength.

County and Precinct Work Needed.

State Chairman Warren, in charge of Democratic State Headquarters in Raleigh, was asked today by your correspondent about the matter. Mr. Warren stated that he had written to all the county chairmen of the party, urging them to properly arrange for the registration of Democratic women within the registration period, which is from September 30 to October 23. Much latitude is left to the local Democrats in each county in looking after this important matter. The appointment of precinct committees, who shall arrange for local meetings, with speakers to address the women and advise them as to their new duties as voters, is urged. A full registration of women in each precinct is the one first step to meet the activities of Republicans to poll a large woman vote. "The situation demands it," said Chairman Warren.

Registration of Absentee Voters.

Another important phase of the situation should be looked after. Thousands of women, as well as men, especially school teachers, will not be at their voting place on election day, their work elsewhere making it inconvenient and sometimes impossible. All such should at once take advantage of the absentee voter's law to insure their right to vote. All who expect to be absent from their home precincts during the registration period have the right to register without waiting until the date for the opening of the registration books September 30. They can register any time by applying to the Chairman of the County Board of Elections. This is a matter that should be attended to at once.

No Democratic woman should fail to cast her ballot in November, for the success of the Democratic party largely depends upon her exercise of the franchise—whether she formerly favored the suffrage amendment or not. If the Democratic women who did not favor the amendment should refrain from voting, it would put them and the party in a disadvantageous position. All that is necessary is that they shall realize the importance of their action, and the State Headquarters is relying on the county chairmen and precinct committees to look carefully to this end of the work. The white women are no less patriotic than the men and they will not see good government jeopardized by any remissness on their part, once they are made to realize the situation.

Look Out For Sharps Selling "Stocks."

Deputy Insurance Commissioner Wade, who is the nominee for Insurance Commissioner this year, tells of the bad predicament many farmers in various counties of North Carolina have placed themselves by the indiscriminate purchase of "shares of stocks" offered them under glowing get-rich-quick promises of salesmen, who induce them to give their notes in payment. Some instances of the many that have come to his knowledge are astounding. One case is given of a farmer here in Wake county who has actually given notes to the amount of \$100,000 to several more or less wild-cat schemes, with his farm valued at \$40,000 now pledged as security for their payment, the paper being in the hands of a bank at a distance for collection. Now he is trying to find some way to save himself. The investments, of course, did not turn out as represented, and he may never realize on the shares he bought.

Thousands of others in the State are said to have been swindled by their readiness to listen to these traveling sharpers, and Commissioner Wade warns those and others not yet bitten to be careful in making such investments.

Printing Five Million Ballots.

The State printers at Raleigh will this week begin the printing

of five million ballots to be used in the general election in North Carolina in November. This is the largest number ever provided for and is based on the vote at the last general election, with 25 per cent added for normal increase of voters. One million Democratic State tickets and one million presidential tickets will be printed. There will be seven hundred thousand Republican State tickets and an equal number of national tickets. Some two million tickets will be provided bearing the names of congressional candidates in the several districts. These will be distributed out from Raleigh by the middle of October.

Gardner and Page in the Campaign.

Lieutenant-Governor Max Gardner and ex-Congressman R. N. Page, who were the unsuccessful competitors of Cameron Morrison for the gubernatorial nomination, have volunteered their services to the State chairman for the campaign and will actively work for the success of the Democratic ticket this year. Chairman Warren will assign and announce appointments for both of these distinguished gentlemen soon.

A Fair Week Feature.

An unusual and brilliant feature will be pulled off here during the week of the State Fair, in addition to the usual array of features, beginning October 13th. This is to be the ambitious Tercentenary community pageant "Raleigh, Shepherd of the Ocean," to be given by the people of this city, under the auspices of the Woman's Club. Secretary Pogue of the State Fair says there will be a record Fair this year and he is expecting a record-breaking attendance at the great "annual reunion of North Carolina people."

The fair grounds and buildings and race track are being put in perfect condition, and provision is made for the accommodation of thousands of automobiles, the parking space being greatly enlarged.

LLEWXAM.

Candidate J. J. Parker Criticizes Revaluation Act and Misquotes Tax Levy.

To The Gleaner.

In a speech delivered at Burlington Monday night by Mr. John J. Parker, Republican candidate for Governor, he criticised the revaluation act. If he wanted to do this, that was all right from a political view point, but when he proceeded to illustrate to the people of Alamance how the revaluation act would work in Alamance, he should have gotten his figures from an authoritative source so they would have been correct.

If the newspapers, and many who heard Mr. Parker did not misunderstand him; he said that in 1919 the total tax rate for State and county purposes in Alamance county was \$1.35. This was correct. He further stated that in 1920 the tax rate was 62c. on the \$100.00 property valuation. This was incorrect. For 1920 the total tax for State and county purposes is 50c. on the \$100.00 property valuation, about 25 percent less than Mr. Parker stated. Exclusive of State tax this is 37c. on the \$100.00 property valuation.

Of this fifty cent levy, 29c. goes to the schools of the State and county and only 21c. for all other purposes. Would anyone lower this tax for schools?

To the end that voters of all parties may be correctly informed, I ask you to publish this, and, while I do not know Mr. Parker personally, I do know him by reputation, and I feel certain that when his attention is called to the mistake that he made, that he will

MYSTERIOUS PAINS AND AGES

Make Life Hard to Bear for Many Graham Women.

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a time-tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Graham case: Mrs. W. T. Ewell, N. Maple Street, says: "I was almost disabled with pains in the small of my back, and I suffered all the time. I was so nervous and had such headaches I could hardly endure the misery. One of our family had used Doan's Kidney Pills with good results and told me to try them. I took this remedy and the pains and all other troubles disappeared."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the case that Mrs. Ewell had. Foster-McBarnes Co., Buffalo, N. Y.

cheerfully and promptly correct it. If you care to verify the statement herein contained as to the tax levy for the years 1919 and 1920, I refer you to the records in the office of the Register of Deeds for Alamance county.

I might go further to correct the other figures used by Mr. Parker in regard to Alamance county tax matters, but, of course, if his rate was wrong, then his calculations based on that rate were wrong.

Very respectfully,  
C. R. LOVE,  
Chm'n Democratic County Ex. Committee.
