GRAHAM, N. C., THURSDAY, SEPTEMBER 23, 1920

## RALEIGH LETTER

Special Correspondence.

Raleigh, N. C., Sept. 21.—Well, we had our old acquaintance, Marion Butler of Sampson and Washington, with us in Raleigh again the last few days, and if current report is correct we will have some more of him here during the next legislature. It was at first mooted that the fusionist of negro domination days had called to hold a conference with his newspaper friends here, the editor of the Raleigh Times and the Raleigh correspondent of the Greensboro News. No "official" announcement of the nature of this joint talkfest has been formally made but there may be some outcroppings of it in the editorial columns of the Raleigh afternoon paper and the Raleigh correspondence of the Greensboro News in the near future.

Mr. Butler was also here to attend the hearing of the Republican application for a restraining order against the State Board of Elections, wherein Candidate Jenkins (the party to the complaint) sought to stop the functioning of that law this year.

Judge Dismisses Rule Against Board of Elections.

Judge Kerr, after hearing argument, dismissed the rule against the State Board of Elections which he issued ten days ago, and the operation of the absentee voters' law is now as effective as ever. Council for plaintiff appealed, it is true, but as Judge Kerr dismissed the case "because of the lack of cause of action in the complaint," it is a safe prediction to make that the higher court will sustain Judge Kerr's decision by adding the final knockout blow to this partisan attempt by the Republican campaign management to kill a good law. The absentee voters' law not only protects the ballot of bona fide citizens to participate in elections when they are unavoidably absent from their home precincts, but it protects the sick also. Following is the provision in the law that does this:

"It shall be the duty of the County Board of Elections to mail or send to any voter absent from the county, or who is physically unable to attend in person, on application for same by such voter or by any person for him," a form of ballot, etc.

Negroes in Politics This Year.

Evidence of the purpose to figure the negro vote in the election in North Carolina this year is multiplying. Ever since the Republican candidate for President received the large delegation of negroes, led by the negro Republican national committeeman from Georgia, at his home in Ohio a short time ago, when he was promised a large negro woman vote in the South, as well as of negro men, there has been activity in many eastern counties of negro campaigners for both Harding and the Republican State ticket.

One only has to revert to Butler's performances of 1891-96 to see how all this fits in with his purpose to come to the legislature again from the Republican county of Sampson.

Republican Slush Money in N. C.

Another proof of the use of much of the big campaign slush fund by the national Republican managers in North Carolina is being furnished by the numerous little campaign newspapers (so-called) that are starting up. They run no advertising and their columns are filled with reprint Republican propaganda, almost exclusively. The bills are taken care of by the finance committee of the Republican national committee. After election day these campaign sheets will yield up the ghost and disappear.

But the point is this: Democrats should at once come to an appreciation of the fact that the enemy is more active in North Carolina this year than in any election in many years, and take

steps accordingly. North Carolina is normally a Democratic State, and never more so than at the present time. But in order to perpetuate our political ascendancy General Activity must keep a sharp eye on his enemy General Apaty, and muster the Democratic forces to their full strength.

Women Must Register.

The difficult task just experienced in Raleigh of getting most of the white women to register their names last Saturday, the last day for registration, so they could vote on the subject of a school tax in this city, reveals a condition that should arouse active women and Democratic men to tackle the obvious job before them. Women with a distaste for participating in elections so strong that they refuse or consent only after urgent appeals from others, when an election is at hand that affects the education of their children, need to be looked after more particularly than was supposed would be the case, if they are to figure to any considerable extent in the general election in November. It is up to the Democratic men to urge and bring their moral and family influence to bear on the female members of their families, by impressing upon them their duty to get their names on the registration books when they are opened on the last day of September. The ruling of the Attorney General that women must register in person, should not deter them for a moment, and the men of the family be prompt to offer to accompany them to the registration place. Most of them perhaps will go alone or with some other woman, once their minds are "made up," and the other kind should not be allowed to be left behind because of timidity. Go to it, gentlemen. Some of them apparently are going to need a lot of eloquent "persuasion" of one sort or another.

I would jog you with one reminder, however. Be careful with your "cave stuff" in this day and generation of the Nineteenth Amendment.

Brighter Outlook For Cotton and Tobacco.

Despite the alleged purpose of Republican "high finance" to create as much political capital as possible out of the cotton and tobacco markets between now and Nov. 2, election day, the cotton and tobacco growers are going to come out better than the manipulators of the markets planned. The Lord helps those who help themselves, you bet, and the meetings of the growers last week and this week will eventuate in the perfection of ways and means for adequate relief.

Pity the chairs on the front porch which have to listen to all those dull Harding speeches!

Harding has been entertaining a party of American Indians. Trying to get in with the Reds, is he?

"Will Harding meet Cox?" asks the Brooklyn Eagle. Not unless Penrose says so.

Still it must be confessed that the elephant is an awkward beast for any one not bowlegged to straddle.

## "Felt Like Eating"

Man and Wife, All Run-Down from Farm Work, Were Greatly Helped by Ziron.

"MY WIFE and I, after a hard spring on the farm, were tired and run-down," says Mr. E. B. Mulkey, of Route 1, Acworth, Ga. "We neither felt well. I knew my blood was bad, as I had little boils on the back of my neck.

"We felt we needed a builder. We had heard of Ziron and thought it must be what we needed. It certainly was. We took it faithfully, and after a week or such a matter we began to feel better. My wife felt like eating,

and I sure felt like eating. "Ziron sure did us good. It made us both feel stronger and better for the fall work, which everyone knows is 'some work' on a farm. My boils began to dry up, though just at first they seemed worse.

"We are much better and can highly recommend Ziron, and gladly do so for it sure did us good."

Ziron is a safe, reliable, tonic medicine, good for men, women and children, when an iron tonic is indicated. It is easy to take and contains no habit-forming drugs.

## Low-Cost Mileage—in Goodyear Tires for Small Cars

There is no economy in buying so-called bargains in tires offered at sensationally cheap prices when a well-made tire delivers mileage at a considerably lower rate of cost.

Add the time and trouble occasioned by frequent replacements and it is fully apparent why tire users, seeking real mileage economy, are not attracted to very cheaply priced tires.

The popularity of Goodyear Tires, of the 30x3-, 30x3½- and 31x4-inch sizes, is based on the fact that they are built to deliver exceptional mileage at low cost and consistently do so.

If you own a Ford, Chevrolet, Maxwell, Dort or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for true Goodyear mileage, value, economy.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50  
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? \$4.50
