GRAHAM, N. C., Nov. 18, 1920.

Falling prices and curtailment of production mean that labor will not have full employment. It means also that those who have spent lavishly must needs economize, or many will lack for the necessities. Reconstruction was and is inevitable, but few expected it to come in big chunks.

The United States was not represented in the League of Nations meeting which convened at Geneva, Switzerland, Monday. To have no part in a council, the conception of American minds, and made possible by the blood of America's young manhood, places America in a most unenviable light in the eyes of the rest of the world.

T. Klapp and A. F. Iseley. He is survived by two brothers and four sisters—W. P. and H. R. Ireland, Mrs. Sarah Franks, Misses Lydia and Octavia Ireland, and Mrs. D. W. Kernodle of Gibsonville, all living in this county except the last named.

Armistice Day.

Last Thursday was not an altogether ideal day as to weather, but it was not inclement enough to keep a very large crowd from gathering in Burlington to celebrate Armistice Day—the "World's Fourth of July." The boys in olive were there in large number—more than ever gathered in the county on any occasion before. A splendid dinner had been provided and they were well cared for. A number of Civil War veterans were also present.
The dinner was served by the members of the U. D. C. Chapters of Graham and Burlington.
A number of prominent speakers were present, among them Col. Don E. Scott of Graham. Other features of the day's exercises was a parade and a sham battle. In the parade Graham had two attractive floats—one by the firemen and drawn by one of the large white fire horses, the other provided by the Graham U. D. C.'s, decorated with Confederate flags used to carry the old veterans.
Withal it was a great day and will be remembered.

Mr. A. L. Davis, Banker, Dead.

The news of the death of Mr. A. L. Davis of Burlington was a great shock to his friends. About two weeks prior to his death last Sunday afternoon he had an attack of appendicitis and was carried to Rainey Hospital where he underwent a successful operation. He was recovering nicely when he had a slight stroke of paralysis a week before his death. From this he was rallying when a second stroke came. The funeral was conducted from Front Street M. E. church in Burlington at 2 o'clock Monday afternoon.
Mr. Davis was prominently connected with the banking and other businesses in Burlington. As cashier of the First National Bank he was the moving spirit of that large and successful institution.
He was 42 years of age and the son of Mr. and Mrs. J. L. Davis. He came to Burlington from Johnston county about 25 years ago with his parents who, together with his widow and a son, survive him.
Mr. Davis was highly esteemed for his excellent business qualities and his high personal character.

24 EGGS FROM 28 HENS

Mississippi Woman Had No Eggs for Four Months. Hens Now Laying Regularly.

"I wish to praise Dr. LeGear's Poultry Prescription to Poultry Raisers. I have 28 hens and had no eggs from them for over 4 months. After I fed them one and one-half packages of your prescription I gathered over 2 dozen eggs from them. This is a positive fact, and I advise all poultry raisers to use Dr. LeGear's Poultry Prescription, if they wish their hens to lay."
—Miss Carolina Freeman, Harrison, Miss.
Dr. LeGear's advice and a few pennies wisely spent have made lay-ers out of loafers. You can obtain the same results. Get a package of Dr. LeGear's Poultry Prescription from your dealer. Use it as directed. It is a tonic which builds up the strength and vitality of hens, without overstimulating or injuring the egg producing organs. If results are not entirely satisfactory, return the empty carton and receive a refund of your money.—Dr. L. D. LeGear Med. Co., St. Louis, Mo.

PEDDLER A "PETTY DEALER"

In Olden Times He Was So Called to Distinguish Him From the "Stationer."

Do you know that the Company of Stationers existed long before the invention of printing. A stationer was a dealer at one time, who kept a shop or stall, as distinguished from the itinerant vendor, whether of books or broom-sticks. So long as the seller remained stationary he was called a "stationer." In 1622, only dealers in books were called stationers.
A peddler, according to Johnson, was a "petty dealer," and the word "peddler" is said to be an abbreviation of the hyphenated word. The Teutonic word, however, is bedeler, signifying a "beggar." The Danish derive the word from their betelere, which likewise means a "beggar," so most probably peddlers were once beggars.
A milliner's shop was originated in Milan, from which word the name "milliner" was made. Ladies of Europe at one time flocked to Milan, that city being the center of fashion in all matters of taste in woman's dress.

Oil in Bible Spots.
The asphalt springs of Hit, from which Noah probably obtained the "pitch" with which he made the ark impervious to the "flood of waters," have now been thoroughly examined with a view to their commercial possibilities. The petroleum deposits of the land of Shinar, between the Tigris and the Euphrates, which furnished the "slime" that the descendants of Noah "had for mortar" in building the Tower of Babel, have been measured as well as can be until the bit of the oil driller is sent down to prove whether the geologist is right or not. And the sources of bitumen which archaeologists have found was used as cement in constructing the ancient palaces of Babylon and Nineveh have undoubtedly been located.—John K. Barnes in the World's Work.

ARGENTINE STAMPS.

Argentina has succeeded in getting fresh stocks of paper and once more the "sun" watermark has been introduced. Argentina formerly had its stamps printed in Europe, on paper watermarked with the sun's rays. But the world war cut off supplies of the foreign-made labels, and the South American republic was forced temporarily to print adhesives locally on unwatermarked paper.—Boys' Life.

Reese Formula R-11 is Result of Physicians' Experiment on Himself

Twenty Years Ago Dr. H. V. Reese Was Told By Stomach, Liver and Kidney Specialists All Over the Country That He Must Die.

Resolved To Devote Remaining Days To Experimenting on Himself in an Endeavor To Find a Remedy For Such Ailments, and Finally Perfected R-11, Which Completely Restored His Health.

Necessity is the mother of invention. It was necessity that caused Dr. H. V. Reese to perfect the wonderful stomach, liver and kidney remedy known as The Reese Formula R-11. No better evidence of the success he attained can be cited than to take his own case. The greatest specialists of the country had told him there was no hope, he was too far gone. That was twenty years ago. Today he does not have a symptom of stomach, liver or kidney trouble, and at the age of seventy-four weighs forty pounds more than he did at fifty. He is as active as a boy.

Never has any scientist had a better subject to experiment on than did Dr. Reese. To begin with he had the united opinion of great specialists that his case was an extreme one and was incurable. Therefore, he knew that anything that would relieve him would be of untold value to the world.

It is not necessary to describe the doctor's feelings as one treatment after another failed to give him the slightest relief. Finally he arrived at a combination of drugs that seemed to help him. With this encouragement Dr. Reese set about eliminating some ingredients and adding others, always taking those various improved formulas until at last he hit upon a combination that began to work like magic upon him and in less than six months he was in a normal physical condition and has remained so for the past twenty years or more.

It is this perfected formula that Dr. Reese now is placing on the market under the name of The Reese Formula R-11, and which is creating such a sensation in this city and all over the country, because of its great merit. There are cases everywhere where the Reese Formula R-11 has accomplished for sufferers who had

given up hope, just exactly what it did in Dr. Reese's own case.

The Reese Formula R-11 is not a "cure-all." It is not even recommended for any disorder not due to the stomach, liver or kidneys. But it cannot be equalled for ailments of these organs. Any doctor will tell you that indigestion, nervousness, dizziness, rheumatism, backache, sleeplessness, tired feeling, sour stomach, urinary trouble, female weakness and kidney trouble are due to the stomach, liver and kidneys. It is for this reason The Reese Formula R-11 will give relief in any of these cases.

The Boggess and McGuire Drug Stores, of this city, as well as every other dealer, have prepared for the great demand for The Reese Formula R-11 by purchasing it in larger quantities than any other preparation they have ever handled. Their good judgment has been proven by the enormous sale they have enjoyed since it was first introduced.

Anyone suffering from disorders of the above named organs can not afford to put off getting a bottle today. A trial will absolutely convince you. Do not suffer needlessly any longer.

If there is any further information you desire concerning your case it will be gladly furnished if you write the Medical Department of The Reese Formula Co., Huntington, W. Va.

After trying everything known to the medical profession as relief for stomach trouble, indigestion and gall trouble, Mrs. Ella McPherson, Mechanicsburg, Pa., says she is feeling "one thousand percent better" as the result of taking only one bottle of The Reese Formula R-11. Mrs. McPherson says she "consulted one doctor after another, drank medicines by the quart—everything that was advertised and everything that was not advertised—and R-11 is the first medicine that has given me relief."
"I recommend The Reese Formula R-11 because it has helped me wonderfully," she continues. "While in the hospital I dropped from 225-pounds to 140 pounds but I am now rapidly regaining my former weight."

back, arms and limbs and was confined to my bed for six months. After the doctor had completely failed to give me relief, I began taking The Reese Formula R-11. After finishing the second bottle I was so much better that I was able to go down stairs to my meals, my appetite had improved and I felt better in every respect.
