GRAHAM, N. C., Dec. 9, 1920.

The U. S. Congress convened Monday for the pre-holiday short term.

Gov. Harding spent the first of the week in Washington conferring with party leaders, looking to taking up the presidential burdens on March 4th.

That President Wilson in his message to Congress did not speak about the Covenant of the League of Nations, barely alluding to it by inference, must have disappointed those who have fought it so bitterly.

President Wilson did not deliver his message to Congress in person Tuesday, as he no doubt would have done but for the advice of his physicians. Points stressed in his message were: Revision of tax laws; Philippine independence; loan to Armenia; government economy; laws affecting cost of living; rehabilitation and training of disabled soldiers and sailors. In conclusion he said:

"I have not so much laid before you a series of recommendations, gentlemen, as sought to utter a confession of faith, of the faith in which I was bred and which it is my solemn purpose to stand by until my last fighting day. I believe this to be the faith of America, the faith of the future, and of all the victories which await national action in the days to come, whether in America or elsewhere."

To Your Family—To Your Friends—To Yourself—Going Around Half Sick

TAKE CARE OF YOUR HEALTH

If Your Blood Is Weak and Clogged with Poisons, Pepto-Mangan Will Strengthen and Purify It

When you get over-tired day after day, your system has to get rid of so much waste it can't create new energy fast enough. The result is that your blood is filled with waste matter. It becomes clogged. You are trying to get around with a lot of poison in your system.

You look bad, you feel poorly. You get out of patience easily. Ambition is lost. You just don't care about anything.

That is no way to live. Your blood needs help for a time. It is starved. You will find help in that fine tonic, Pepto-Mangan. Pepto-Mangan purifies the blood and fills it with red corpuscles. In a little while you'll have plenty of rich, red blood and you won't know yourself. It isn't a magic medicine. It contains iron and other ingredients that feed starved blood and make it rich and red. Physicians have prescribed Pepto-Mangan for years.

Pepto-Mangan is sold in liquid and tablet form. Take either kind you prefer. One acts the same as the other. Both contain the same ingredients. But be sure to get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan," should be on the package.—Adv't.

Mrs. Wilson Uses R-11 With Great Success

Says She Hated to Think of Eating, Knowing Full Well the Way She Would Suffer Afterward—Now Feels Fine and Can Eat Anything.

After suffering "terribly" from indigestion, kidney trouble, nervousness and loss of appetite for a long time, and having taken what she believes "must have been a barrel of medicine," without relief, Mrs. Maude Wilson of Clarkburg, W. Va., says she has "taken only one bottle of The Reese Formula R-11, but it has put my system in such shape that I can now eat anything and I feel fine." Mrs. Wilson continues:

"My stomach and kidneys gave me trouble for a long time. I believe I must have taken a barrel of medicine, but none of it ever did me any good. I suffered terribly from indigestion, kidney trouble, nervousness and loss of

appetite. I could not sleep, and I hated to think of eating, knowing full well the way I would suffer afterward. I have taken only one bottle of The Reese Formula R-11, but it has put my system in such shape that I now can eat anything and feel fine. I feel better generally than I thought it possible to feel. I want to recommend The Reese Formula R-11 because I know it is a wonderful remedy and hope that sufferers from stomach, liver and kidney troubles will give it a trial." If you suffer from indigestion, rheumatism, nervousness, sleeplessness, tired feeling, dizziness, backache, lumbago, biliousness, headache, female weakness, urinary, kidney, bladder, stomach or liver troubles there is relief for you in a package of The Reese Formula R-11, which can be obtained at Graham Drug Co., or at any good druggist everywhere.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

Take "Dodson's Liver Tone" Instead!

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for

calomel. It is guaranteed to start your liver without stirring you up inside, and can not salfate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripp.
