LOCAL NEWS.

Late This Week.

THE GLEANER'S organization has been very much disorganized for the past week.

Our Mr. Ben Turner is still sick and the other help has been unhelpful. We hope next week to get back to "normalcy," to use Prest. Harding's word.

For lack of help we have had to pigeonhole local copy and correspondence and go to press without these. If we are more fortunate next week, we will cover briefly this week's news in next week's paper.

Capt. Sam'l H. Webb, near Oaks, was in town Monday.

Mr. and Mrs. Malcom Douglas and little son of New York are here visiting her grandmother, Mrs. L. Banks Holt. Mrs. Douglas before marriage was Miss Katharine Wharton.

HAVE YOUR WATCH CLEANED OCCASIONALLY

A WATCH will run without oil or cleaning longer than any other piece of machinery—but it needs both occasionally.

If you will consider that the rim of the balance wheel travels over fifteen miles a day, you will not grudge your watch a speck of oil and a cleaning once a year. It will increase the life and accuracy of your watch. Leave your watch with us to-day.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

ANNOUNCING
The **PAIGE NATIONAL**
DEMONSTRATION WEEK

For one week—commencing Monday, April 4th.—our Dealers in every section of the nation will conduct a special series of demonstrations with the complete line of Paige cars.

Our "Daytona 6-66" model now holds the world's stock car record for speed. It will be the purpose of Demonstration Week to prove that any Paige car—in the hands of an unprofessional driver—is indeed Master of the Highway.

No other stock car has ever equalled our own speed record of 102.8 miles per hour. No other car, we are confident, can defeat a Paige in the milder tests of general demonstration work.

By proving itself the fastest car, the Paige 6-66 has revealed qualities of endurance and strength that are beyond dispute. World's championship form is a guarantee of all round efficiency—the best guarantee that the sporting world affords.

But these are facts that we want you to establish for yourself, and

Demonstration Week offers an unrivaled opportunity. You have but to get in touch with our Dealer and he will book you for a ride that will prove finally convincing.

Then, with an actual record of the tests, you will be in position to compare the Paige 6-66 with any other motor car—at any price—on the American market.

You will also be able to determine whether the New Series "Glenbrook Six-44" is or is not the greatest dollar for dollar value in the light six field.

Surely no man could ask for a fairer or more sportsmanlike proposition.

Whether you contemplate buying a motor car or not, we very cordially invite you to ride with Paige during the coming week. It will prove a revelation, we believe—and a liberal education in strictly modern engineering.
