

PITTSBURG MAN MAKES WONDERFUL STATEMENT

Declares Tanlac Enabled Him to Eat Better, Sleep Better and Work Better. — Has Gained Thirty Pounds.

"I consider Tanlac the grandest medicine in the world, for I have actually gained 30 pounds in weight since I began taking it. It has just simply filled me with new life and energy and for the first time in years I can sit down to the table and enjoy three square meals a day like other people. In fact, Tanlac has made me eat better, feel better, sleep better and work better, and I guess that's all a man can expect of a medicine."

"Before I took Tanlac, I was off 25 pounds in weight and was so badly run down I was hardly able to do my work. Nothing seemed to agree with me and my food invariably soured on my stomach. I would always have an uncomfortable bloated up feeling in my stomach, and although I tried many kinds of medicines, I never got relief until I took Tanlac."

"I also suffered considerably at times from Rheumatism, but this has all disappeared. In fact, this wonderful medicine has made a new man out of me in every way. I feel years younger and can do as much work as in any day of my life."

"Of course, I am only too glad to give you my testimonial because I want other people who are suffering as I did to take this medicine and get relief."

HARRY M. ALLEN Of Pittsburgh, Pa.

The above remarkable statement was made by Harry M. Allen, residing at 1009 Saint Martin Street, Pittsburgh, Pa., a well known employee of the Oliver Iron & Steel Company of that city. Mr. Allen is a well known member of the United Presbyterian Church and is highly respected by all who know him. Tanlac is sold by leading druggists everywhere.—Adv.

A Sharp Speaker. Mrs. Sheridan, the beautiful young Anglo-American sculptor who recently went to Russia and made busts of Lenin, Trotzky and the other Bolshevik leaders, succeeded particularly well with her bust of Trotzky.

Mrs. Sheridan, who was Miss Moreton-Freven before her marriage, said at a dinner party: "Trotzky, you know, is famous for his sharp speeches. When I exhibited his bust in Petrograd, a lady said to me: 'What a likeness! You can see the quiver on his lips.' 'Yes,' said Lenin, 'and the arrows coming out of it.'"

GIRLS SOLD IN MARRIAGE MARKET

Traffic in Brides Revealed After Purchaser Had Been "Double Crossed."

Fresno, Cal.—Disclosure of a girl market, where young Armenian women were sold to the highest bidder, after having been brought to the United States, has been made in Fresno, Cal., by George W. Moore, United States commissioner. He arrested seven of the girl victims and Harrobian Selyan, alias Harry Selvan, charged with bringing the girls here, through misleading statements, for the purpose of selling them.

The disclosures followed a lengthy inspection by the commissioner of the operation of the so-called "marriage market" and a recent trip to Armenia.

MARRIAGE MARKET

He Could Buy Her for \$850.

by Selvan, where, it is alleged, he obtained the women and brought them to this country as his relatives for the purpose of selling them to his countrymen.

Prices for the girls ranged from \$1,000 to \$4,000, the commissioner said. The marriage deal was discovered when one of the men who had agreed to purchase a girl, found that she had been sold to another for a higher price.

The scheme was betrayed by an Armenian who said he had visited the home of Selvan, and admiring one of the girls, proposed marriage. Selvan, the Armenian alleged, told him he could buy her for \$850. In a few days the Armenian paid \$500 on deposit. After procuring a marriage license and new clothes for the bride-to-be, he returned with the balance of the money. But Selvan in the meantime had raised the price of the girl. The Armenian refused to pay, and the girl was sold to another.

MUTE TERRORIZES KENTUCKY

Predictions of Calamity by Deaf and Dumb Woman Preacher Cause Panic.

Lexington, Ky.—A deaf and dumb woman preacher has thrown superstitious people about Madisonville, Ky., into a state of panic.

She is a Holy Roller evangelist, and is holding a revival at Madisonville which is a coal mining town in the western part of the state. She has predicted in sign language from her pulpit that a great calamity will befall the town soon, but has not specified the date.

She can not read or write, and her sign language is interpreted by one of her co-workers. The prophet is Mrs. Jessie White, and she has been a preacher for several years. Scores have been converted by her sign language pleas. She has gained a great hold upon her congregation, and hundreds attend every meeting at which she appears.

Several people are reported to have left Madisonville and vicinity because of the prediction.

The Holy Rollers recently predicted a calamity at Louisa, in eastern Kentucky, but it has not materialized.

Fair Patient Picked Pockets of Physicians

"Oh, doctor, you're hurting me." That is what Miss Bessie Alma Reta, who is known to the police of Chicago as the "tonsillitis girl," told a dozen Chicago physicians during the last few days as they leaned over her to treat her throat. Then she would squirm and wave her hands around the doctors as if in extreme pain. After their client had left, the doctors would find their jackets picked and watches missing. Eight pocketbooks and five watches belonging to the doctors who had treated the "tonsillitis girl" have been recovered from pawn shops by the police.

Is It the Business of Congress to Supervise the Social Centers?

By MISS MARGARET WILSON, Community Worker

I speak in behalf of community center work. Community workers are impatient with Representative Wood of Indiana for denouncing the centers as "hotbeds of socialism" and the use of school buildings for community dances as a waste of public money.

Is it any of the business of congress to supervise the activities or speech of those they represent? One reason that was given in the senate for cutting our appropriation was that our centers in Washington had been breeding unref. I know of nothing that could uphold that statement, but even granting it, even if laws are broken in community centers, it is the business of the courts or of the Department of Justice to try the individuals who have broken the law.

Another statement made in congress was that they did not wish to pay the expenses attendant upon our dancing in our school buildings. Again I ask, granting that we have a moral right to use the school buildings, is it any of their business what we do in them, whether we listen to Socialist speeches or whether we dance? It was even suggested the other day on the floor of the senate that we should not be allowed to talk politics in our centers. Isn't that amazing?

Suppose that we should initiate a nation-wide referendum to make new rules for senate discussions. What an outcry there would be. It would not be a lawful procedure, I know, and therefore impossible, but would it not be more logical and reasonable for us to make rules limiting the discussions of those who are accountable to us than that they should make rules for our meetings?

The community center is the people's machine. It works in the open.

Charges Brought Against Americans by Other Peoples Are Startling.

By LINDSAY RUSSELL, New York Lawyer.

The charges brought against the United States by other peoples are startling. We are charged with being international meddlers. They say that Uncle Sam is a veritable Don Quixote, tilting at every alien windmill.

The satirical say that the principle of self-determination, if applied to our own country, would disrupt the nation. What about the Filipinos, Negroes and Indians?

Again, Europeans say that we want to foist our form of government upon the entire world; that we ignorantly set ourselves up as models of cosmic perfection. They say we are innocent, arrogant, naive and conceited.

We are charged with being militaristic. It is charged generally throughout the world that the United States is aggressive. We have taken Florida from Spain, the Pacific coast and Texas from Mexico. We have annexed Hawaii and the Philippines. We fomented a revolution in Panama for the purpose of taking the territory that we desired. We have assumed an overlordship of South America through the Monroe Doctrine.

We are charged with being capitalistic. Deals rather than ideals characterize the average American. We went to war for the benefit of humanity and came out with humanity's gold.

We Are Controlled by Bureaucratic Officials in Private Business

By FRANK N. BRIGGS, Denver Banker

Our Pilgrim Fathers came to this land 300 years ago to get away from too much government, from a government that interfered with religion, education, private business, individual initiative and personal liberty. In recent years this country has moved farther and farther away from the fundamental principles of freedom and liberty until now we are the most rigidly governed people on earth instead of the least governed.

Private rights have small place in the United States of America in these modern days. We are supervised, interrogated, inspected, investigated, controlled and directed by bureaucratic officials in every department of private life and business. Largely because of the numerous bureaus we are now burdened with such taxes as would have appalled any generation preceding this.

It was bureaucratic, not autocratic oppression and corruption that ruined Russia, and today our own country is rapidly striding with no uncertain steps into the same sort of bureaucratic machine government that Russia had before the revolution there.

We must destroy those governmental bureaus, commissions and boards, root and branch, horn and hoof, with their destructive, inquisitorial interference.

Americanization Is Retarded by the Foreign-Language Newspapers

By DR. PAUL SHOREY, University of Chicago

Foreign-language papers and foreign-language preaching only retard Americanization and promote clarinishing. Except for a few gifted individuals, there is no such thing as bilingual culture. The heart, the understanding and the loyalty are truly at home in one language only.

American schools have hitherto taught too much about American divisions and henceforth ought to emphasize the things that unite us. This does not mean that they should falsify history, still less that they should foster a temper of provincial pride and contempt for the foreigner.

Americans who hope that the new America will remain "E pluribus unum" and carry over all that was best in the old, should see to it that our schools make fuller and more critical use of the noble American tradition of rational, sober, statesmanlike and lawyerlike discussion of grave political problems. And with it they should encourage the study of the selected best in our pure, refined, intelligent, if not supremely great, American classical literature.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Oh How Glorious to Be Free From Rheumatism's Tortures!

Just suppose you could be free from your deepseated, agonizing rheumatic aches and pains, your stiff joints and unsightly swellings! Wouldn't you give anything to get rid of them?

You have doubtless rubbed on outside treatments; most rheumatism sufferers have. Some of these take the edge off the terrible pains for a few hours, but they do not strike at the cause, which nearly always lies in the poisoned, impoverished blood. When this is so, you need an internal remedy, one that will take out the impurities that are torturing you, one like famous S.S.S., which has relieved thousands of cases of rheumatism all over the country just this way.

Get S.S.S. from your druggist today, and after starting with it write us a history of your case, addressing Chief Medical Advisor, S.S.S. Laboratory, Atlanta, Georgia.
