Graham Man Has Contract For School Building at Danbury.

Mr. Sam T. Johnston was awarded contract last week to build High School building at Danbury, Stokes county, being lowest bidder.

In the past few weeks Mr. Johnston has made estimates and filed bids for twelve other school buildings in different parts of the state and on each of them he was second, or next to the lowest bidder, but he won out on the 13th, which he regards as a good omen.

Mr. Johnston now has under construction two or more school buildings and has built lots of them, so when it comes to bidding on a school building the fellow that beats him has to do some mighty low figuring.

Squire J. H. Blackmon Dies at Haw River.

Squire J. H. Blackmon passed away at his home at Haw River last Thursday night about 12:30. He had been in failing health for the past 2 or 3 years and lately had been confined to his home. At the time of his death he was 73 years of age. For at least 25 years he had been a Justice of the Peace.

Mr. Blackmon moved to Haw River with his family many years ago from an Eastern county, Sampson we believe. He was an excellent high-toned citizen, and highly esteemed by all who knew him. He was a member of the Baptist Church and a loyal Mason and member of Thos. M. Holt Lodge of Graham.

The funeral service was conducted from his home at 10 o'clock Saturday morning, after which the burial was in Linwood cemetery, Graham, and in charge of the Masonic fraternity.

Mr. Blackmon was twice married, both wives having preceded him. He is survived by the following children, all of them by the first marriage, to-wit: J. H. Jr., and W. F. Blackmon of Greensboro, Mrs. B. Goodman of Burlington, and Geo. A. and Miss Julia of Haw River.

Good Feeding Pays In Swine Growing.

"Farmer farmers will some day learn that it pays to feed hogs properly and market them wisely," says W. W. Shay, swine extension specialist for the State College of Agriculture.

"On February 10," states Mr. Shay, "County Agent C. A. Sheffield of Davidson County, weighed nine pigs belonging to J. E. Young of Lexington. At that time the pigs weighed 245 pounds."

Tankage, Red Dog, and corn meal were mixed in what has been proven by the North Carolina experiment station as the best ration to meet the requirements of such pigs from the standpoint of both gains and profits.

"At the expiration of five weeks," says Mr. Shay, "the pigs were again weighed and feed in different proportions was mixed for another period of five weeks. This was continued during four periods of five weeks each, the feed being changed each time, and all the time an amount of corn equal in weight to the slop mixture was fed."

As a result, Mr. Shay reports that, on July 1, the pigs were sold for thirteen cents per pound. At that time they weighed 1831 pounds and brought \$238.03.

After paying for all the other feeds at actual cost these nine pigs paid \$2.21 per bushel for the 83 3/4 bu. of corn which they ate during this 140 day period. If Mr. Young produced his corn at a cost of 75 cents bushel, the profit on that eaten by his pigs was \$122.29.

IS YOUR WORK HARD?

Many Graham Folks Have Found How To Make Work Easier.

What is so hard as a day's work with an aching back?

Or sharp stabs of pain at every sudden twist or turn?

There is no peace from that dull ache.

No rest from the soreness, lameness and weakness.

Many folks have found relief through Doan's Pills. They are a stimulant diuretic to the kidneys.

Graham people recommend Doan's.

Mrs. C. B. Moore, Melville St., Graham, says: "My kidneys were out of order and my back was so bad it was a big job to do my housework. I had a continuous, dull headache and also headaches and weak spells. My kidneys acted too frequently. I bought Doan's Pills at the Farrell-Hayes Drug Co., and after I had used two boxes, the headache was gone and my kidneys were not giving me any trouble."

MONEY FROM MOTOR CARS.

State Gets Millions License Tags, Gas Tax, Manufacturers' Tax etc.—350,000 License Plates Sold—25 Million for Road Building and Maintenance.

Over ten million dollars was the toll paid into state coffers for highway construction and maintenance by the automobile industry during the past tax year, according to an article prepared by Commissioner of Revenue R. A. Doughton, for the July issue of the Carolina Motorist.

The exact figure, \$10,117,589.51, is divided into several production items: \$4,710,234.87 comes from the license plates sold; \$5,277,113.41 is derived from the gas tax; \$35,000.00 is paid by the automobile manufacturers, while the title fee, receipts for which go to the theft fund, amounts to \$130,239.23.

"The size of the automobile industry in North Carolina can be more appreciated when I tell you that for the fiscal year ending June 30, 1925, a total of 350,000 automobile license plates were sold, bringing in to the State a revenue of \$4,710,234.87," de-Governor Doughton. "Then there is a gas tax of 4 cents per gallon since March 26th 3 cents prior thereto. This tax netted the State a revenue of \$5,277,113.41 for the same fiscal year. The automobile manufacturers' tax amounts to \$35,000.00, theft fund \$130,239.23. This gives us a total income of \$10,117,589.51 from the automobile industry, all of which is put back into the building and maintenance of the State Highway System, and retiring the State Highway Bonds and the payment of interest thereon.

"For this same period there was expended by the State of North Carolina Highway Commission a sum of \$25,000,000.00 in

SOCIAL ITEMS.

On Friday evening last, Misses Rebecca Harden and Edith Moore entertained at the home of the former in honor of the former's guest, Miss Louise Watson of New Orleans, and the guest of the latter, Miss Frances Walker of Greensboro. The young people passed the evening playing games and dancing. Delightful refreshments were served.

On Saturday from 11 a. m. to 1 p. m., Mrs. M. R. Rives gave a bridge luncheon, honoring Miss Rebecca Harden's guest, Miss Louise Watson; Misses Elizabeth and Annie Ruth Harden's guest, Miss Louise Craven of Greensboro; and Miss Frances Walker, guest of Miss Edith Moore. Other guests were Miss Nellie Mae Holt of Burlington and Miss Nina Holt.

On Friday afternoon Miss Mary Lee Starling gave a party in honor of her guest, Miss Etta Mitchell of Goldsboro. The time was spent with a number of interesting contests. Delightful refreshments were served.

On Tuesday evening from 8 to 11 Mrs. J. B. Montgomery gave Miss Virginia Harden a birthday party, celebrating her 16th anniversary. The young people spent the evening in dancing and progressive conversation. Delicious cake and cream were served and a most pleasant evening was spent. Miss Lois Harden, of Greensboro, sister of Miss Virginia, was present.

When Buying Clothes Shop For Yourself.

When buying clothes forget the opinions of neighbors and friends and buy such garments and accessories as best become yourself.

"Know yourself, your good or less desirable physical characteristics and dress accordingly," says Miss Helen Estabrook, clothing specialist for the home demonstration division of State College.

"Take time to study the front, side and back view of a dress before buying it. No dress is a good buy unless one would wish, because of its becomingness, to possess the dress if it were twice the price."

To stress this point, Miss Estabrook tells the tale of two women. "Stout Mrs. Brown," she says, "bedecked herself in her bargain from the July dress sales because she was expecting slim Mrs. Hayes to call. Mrs. Brown was rather conscious of her coin dot silk, with its bright rust colored dots on a tan ground, her new checker beads, her light hose and her two-tone pumps. But she had been so busy thinking how Mrs. Hayes would admire her new outfit that she failed to study herself critically before the mirror. Therefore she failed to see that the short chain of round beads and conspicuous round dots made her appear more round and that these joined hands with the round neck line and frilly contrasting cuffs to make her appear only one-half her true height, but one and one-half times her true breadth, and that her light hose increased the apparent size of her ankles. The two-tone shoes also made her foot appear broader and shorter.

"But slim Mrs. Hayes had also been shopping and had purchased what she felt sure stout Mrs. Brown would admire. Mrs. Hayes wore a dress of soft clinging fabric in a beltless model with long flowing lines and long tight sleeves. The entire dress was of a very soft, neutral taupe. Her hose matched the dress in color while the patent leather shoes were long and pointed in cut.

Mrs. Brown looked at Mrs. Hayes and her eyes traveled from the very interesting face to her shoes which presented a strong contrast in the costume. Mrs. Brown admired the long lines and the slim silhouette of her less generously proportioned neighbor, though something made her feel that Mrs. Hayes' health must be failing since she had apparently lost so much weight."

the construction of 1185 miles of highway, and the maintenance of 6,000 miles of highway.

"North Carolina is growing rapidly, and I predict that by June 30, 1927, there will be more than a half million motor vehicles registered in this State. Business is good in North Carolina if we are to judge from the new car sales. It will be interesting to know that the new cars sold from July, 1924, 1925, inclusive, total 76,317. Used car sales are estimated at about 75 percent of the new car sales.

"With this tremendous growth, it can be expected that North Carolina will be able to continue its progressive road building program, pay the interest and promptly retire its bonds, giving to the people a greater and more permanent system of highways."
