## Forgotten Hospital, Complete, Is Found

Forgotten for half a century, a hospital has been found on the seacoast of Denmark, and government officials are considering what to do with it. It was built in 1879 for cholera patients, there having been a cholera epidemic in Europe and a recurrence was expected. Soon after the opening a sailor believed to have had the dread disease, was admitted. He proved to have nothing worse than measles, and the place was closed and forgotten.

A young journalist found the hospital, with everything complete, from beds ready to use, to medicines and salt cellars containing salt put there 54 years ago. The discoverer has suggested that it be converted into a vacation resort for poor children of Copenhagen.—Montreal Herald.
