

Turn Your Tin Cans Into Handy Footstool

THE "sitting room" was cozy and planned for use. Not the least of its comforts were the late footstools to be used with the most frequent chairs. These were covered with bright carpet or other heavy material and, if you examined them, you found that inside there were cans filled with sand for weight and then bound together and padded.

Such a stool costs not a cent. You can do the same. The diagrams in this sketch show exactly how to go about it.

NOTE—This footstool is from BOOK 3 of the series offered with these articles. This book also contains more than 30 other things to make for your home from odds and ends plus inexpensive new materials. Booklets are 15 cents each postpaid and requests should be sent to:

NITRAGIN  
PAYS BIG

Help alfalfa, clover and soybeans make greater profits. Inoculate the seed with NITRAGIN. You give these crops more vigor to grow faster, fight weeds and drought, and make bigger yields of rich feed. You help build soil fertility. Without inoculation, legumes may be soil robbers and their growth stunted.

DR. PORTER'S  
ANTISEPTIC OIL

IS YOUR BARN A HOSPITAL?  
It's only fair to your livestock to keep time-tested Dr. Porter's Antiseptic Oil on hand always in your barn, for emergency use. Remember, even minor injuries can become serious infection sources if neglected. Soothes, aids natural healing. Chances are your veterinarian uses it. Nothing like it for minor burns, bruises, cuts, saddle and collar sores, etc. Use only as directed.

**SNAPPY FACTS ABOUT RUBBER**  
Spare synthetic tires carried on vehicles should be protected against sun and weather. Synthetic casings are particularly subject to sun checks, the beginning of cracks and mileage wearers.  
Botanists designate the Eucosmia vinoides as "the only hardy rubber tree." It is an ornamental tree with 3 per cent rubber content, an amount that does not encourage commercial extraction.  
Tests have demonstrated that in many respects typewriter and business machine rolls or platens of synthetic rubber are equal or superior to those of natural rubber.
