> Bonds-Over America

MISSISSIPPI'S BIRTHPLACE

This state monument marks the site of the "Old Brick Church," scene of the First Mississippi Constitutional Convention and the first State Legislature's meetings. Under French, Spanish and English rule at various periods of its early history, Mississippi experienced all the growing pains of colonial development. Now it produces great quantities of cotton for U. S. armed forces. Money from War Bond sales helps the Government buy garments and other military equipment produced from that cotton. U.S. Treasury Department
