No More Proud Sight

ALL THE WORLD looks to The American Flag as the symbol of freedom from aggression and a guarantee that peace and righteousness shall prevail. This official insignia of the Mighty Seventh War Loan, shows the raising of the flag on Iwo Jima by U. S. Marines. It is the picture that has been more widely used than any in this war, proceeds of which the AF donated to service relief.

Behind Your Bonds
Lies the Might of America

GOLD, SILVER, COPPER
Billions of dollars' worth of gold, silver and copper have come from the mountains of Montana since John White in July, 1962, made the first "pay" discovery of ore on Grasshopper Creek, and Bannock Camp arose. Richer ground was located at Alder Creek the next year, then Virginia City took the laurels and after that Helena, the camp that became the capital city. Such resources are only a small part of the vast resources backing up your War Bonds.
