Sentenced For Violation

Three men from Alamance county received sentences of one year and a day each from federal Judge Johnson J. Hayes in the federal District court in Durham Tuesday after being found guilty of violating liquor laws. The men, Eli Payne, Elmer Long and Clarence Banks, negro, were arrested by officers of the sheriff's department here.

Controls over how much livestock can be slaughtered and where the meat may be shipped have been suspended by OPA.

MOST U. S. DOGS EARN THEIR KEEP

Perform Useful Chores for Their Owners in Country and in Town

In the eyes of most persons "dog" spells "pet," yet by far the largest number of America's dogs earn their keep by rendering useful services for their owners, according to the Gaines Dog Research Center, New York City.

By way of proof, it need only be pointed out that of the nation's estimated dog population of 15,000,000, almost eleven million live with families in rural districts—on farms, ranches, and in small towns. Here for the most part they have their special chores—such as keeping an eye on the sheep, bringing in the cows, keeping watch on the home premises, etc.—chores which would otherwise take up the time and energy of a member of the family or the hired man.

The essential usefulness of the dog in American life can be demonstrated in another way. Dogs are usually classified in six distinct groups: Sporting, Hounds, Working, Terriers, Toys and Non-sporting dogs. American Kennel Club registrations over the years show the numbers in the three first-mentioned groups—definitely kept for useful purposes—to be about twice those of the other three classifications. As a matter of fact, it is the exceptionally large number of hunting dogs within its borders that is responsible for North Carolina, with its approximately 980,000 dogs, being the leader in dog population among all the states.

This is not to imply that dogs not included in the so-called working and hunting classifications are not useful. A dog is a dog, whether a tiny Chihuahua or a huge St. Bernard, and is capable of performing many useful tasks taught him by his master, in addition to providing joyful companionship, selfless devotion and other qualities associated with the dog through the ages.

But whatever a dog's contribution to his owner, he occupies a unique position as a member of the family. This is highlighted in a survey made by the Country Gentleman. The study showed that when a dog's health needs looking after the father of the family attends to it in 44 per cent of the cases, the mother in 38, the son in 23, and the daughter in 30 per cent. (From these figures it is evident that in many families more than one person is responsible for the dog's welfare.) The same holds true in the matter of feeding. The mother is responsible for feeding the dog in 73 per cent of the cases, the son in 27 per cent, the father in 24 and the daughter in 22 per cent.

Garden Club Meeting

The Graham Garden Club had its initial meeting for the fall with Mrs. Claude Williams on Parker street Tuesday afternoon of last week. The president, Mrs. J. L. Johnson, presided. Other officers of the club are Mrs. W. Ernest Thompson, vice president; Mrs. J. W. Holt, treasurer; Mrs. John B. Stratford, secretary; Mrs. Claude Williams, program chairman; Mrs. R. N. Cook, corresponding secretary.

Mrs. Williams presented the Year Books with the hostesses for the year and programs.

The committee project chairman for the year is Mrs. W. M. Lodge. A new and interesting committee was appointed, called "This Is The Time," which will be a great help to the gardeners.

Mrs. W. A. McAdams and Mrs. H. G. McElroy compose this committee.

Ernest Farrington, violated public health laws, costs.

Cyne Jacobs, illegal operation of pinball machines, non-suited.

Bonds Over America

DODGE CITY

Named for Col. Henry I. Dodge, Dodge City, Kansas, became one of the country's most picturesque cattle centers, the cowboy capital of the southwest. There the Santa Fe and Arkansas River Trails met. Travelers came with stories of Indian attacks on wagon trains. Cowboys drove in herds of thousands of cattle for shipment east on the railroad. Others rested and watered herds of young steers there before going north. The songs of soldiers and hunters mingled with the shouts of cowboys. Fearless, spirited men whose grandsons are now turning back the enemies far overseas founded that city. War Bonds furnish weapons and food for the men fighting today to fulfill their ancestors' dreams. U. S. Treasury Department

Behind Your Bonds

Lies the Might of America

Most From Soap

To get full cleaning power of soap, use just enough and dissolve it thoroughly. Mild soap is best for ordinary washing; stronger soap, for very dirty or greasy clothes. Strong soap or chemicals are hard on both fabrics and washer.

Soap flakes, chips, beads and powder save time by dissolving quickly in water, but bar soap, shaved or grated and then made into a soap jelly with a little boiling water, may be cheaper. Whisk the water about as the soap goes in, so dissolve it completely before the clothes go in. This prevents soap spots on clothes. Use just enough soap to make suds about two inches thick. Too much or too little soap does not wash satisfactorily. If the suds thin out in washing, more soap may be added.

A Daily Builder For Your Child— A Quart-Of Rich, Pure Milk!

What do you see in a bottle of milk . . . your child playing in the summer sun? Long happy days of play call for the wealth of buoyant energy milk can supply.

Doctors agree most children should eat often. Give your child milk regularly at mid-morning and mid-afternoon. A perfectly balanced food, it is refreshing and digests quickly, increasing appetite for other meals. It can be varied endlessly. Delicious, health building sweet drinks can be made by stirring honey or molasses into cold milk. Straws and tall glasses add child appeal.

Our milk is known for purity . . . richness . . . vitamin and mineral content . . . and country-fresh flavor

MEATS & FATS

Red Stamps: V2, W2, X2, Y2, Z2, expire September 30.

A1, B1, C1, D1, E1 expire October 31.

F1, G1, H1, J1, K1 Expire November 30.

L1, M1, N1, P1, Q1 Expire December 31.

SUGAR Sugar Stamp No. 28 is now valid for five pounds, expires December 31.

SHOES Airplane Stamps Nos. 1, 2, 3, and 4, now good.

Make ration applications by mail—save time and effort.

Effective immediately, OPA area rent directors may require a minimum of six months before a purchaser may evict a tenant in order to occupy a house himself.

Gasoline and fuel oil will cost less at retail in the eastern seaboard area effective at once. It will be reduced 1.2 cents a gallon throughout Eastern North Carolina.

All meats require ration points except mutton and a few specialties including kidneys, tripe and brains. Red points are required for butter, margarine, lard, shortening, salad and cooking oils, canned fish, and meats canned and in glass. Canned milk and cheese no longer require points. Red tokens continue in use as change-makers. Consumers will get 2 red points in addition to 4 cents for each pound of waste kitchen fats and greases rendered and brought to the neighborhood meat shop.

The OPA customarily validates five new red stamps at the beginning of each month. Each stamp is valued at 10 points.

A member of the armed forces on leave or furlough may apply for food and sugar rations at the nearest rationing board in the district where he is spending his furlough. He will receive an allotment of red and sugar stamps by showing his furlough papers.

Go to your local rationing board with any rationing problems; also if you need to buy a new automobile or other commodities on which sales have been restricted. For information about price and rent control write to your local price panel or the OPA District Office, Capital Club Building, Raleigh, N. C.

The new sugar stamp valid September 1 will maintain the current rationing—five pounds for four months.

OPA, it was learned Wednesday, plans to announce this shortly.

The household ration has to stay tight because sugar supplies are so short. The total is about 25 per cent less than was available before the war.

And the supply is not expected to increase until some time next year, when imports climb.

The new stamp probably will be no. 38 in ration book four. OPA plans to skip over No. 37 because many housewives used it by mistake in applying for home canning rations last year.

RENT CONTROL

All persons renting, or offering for rent, any living quarters whatsoever must register each dwelling unit with rent control office in their rent area. Persons who feel that they are being over-charged for rents may submit complaints to OPA. Complaint forms are available at the local War Price and Rationing Board if your area does not have a rent control office.
