A Daily Builder For Your Child--  
A Quart Of Rich, Pure Milk!  
What do you see in a bottle of milk . . . your child playing in the summer sun? Long happy hours of play call for the wealth of buoyant energy milk can supply. Doctors agree most children should eat oftener. Give your child milk regularly at mid-morning and mid-afternoon. A perfectly balanced food, it is refreshing and digests quickly, increasing appetite for other meals. It can be varied endlessly. Delicious, health-building sweet drinks can be made by stirring honey or molasses into cold milk. Straws and tall glasses add child-appeal.  
Our milk is known for purity . . . richness . . . vitamin and mineral content . . . and country-fresh flavor

The Future of Pulpwood in  
NORTH CAROLINA

One result of the war has been to make the people of this state more conscious than ever before of the great asset we have in our pulpwood resources.

Now that complete victory has been won, the new usefulness of pulpwood will result in increased peacetime consumption of paper, rayon, plastics and many other products of pulpwood. Part of our vast forest heritage, pulpwood—a basic American industry—will continue to serve the nation in peace, as it did in war.
