

THE GLEANER

GRAHAM, N. C., NOV. 29, 1945.

Local News

The Graham high school national honor society will sponsor an all-out victory bond drive throughout the town beginning Monday, December 3, with a goal of \$42,000.

Christmas Seal Sunday was observed last Sunday in churches throughout the county. The 6th annual drive was opened Nov. 19, to raise funds to support the program of the Alamance County Tuberculosis Association for the control of tuberculosis.

William T. Stokes, Jr., recently discharged Army Air Forces navigator, has purchased the interests of Floyd Crouse and Claude Shoffner in the Graham Dry Cleaners and is now managing the business. Completely new equipment, including pressing and cleaning units, is being installed.

The scheduled week-long term of the Alamance county superior court closed Wednesday morning when illness to Judge Henry L. Stevens, Jr., forced the continuation of practically the entire 53 cases on docket. In the one case heard Wednesday morning Clyde Graham was ordered to contribute \$7.50 for support of a minor child, while an assault count was nol prosed.

Veterans Elect New Commander

H. B. Weaver, manager of the local Southern Bell Telephone Co. was elected commander of the Walter B. Ellis Post No. 63 of American Legion last Thursday night, to succeed Commander John B. Stratford who resigned after serving half of his term.

The Post elected R. Dan Smith first vice-commander, and Allen B. Cammack, second vice-commander. Commander Weaver, to fill out his staff, appointed Harry Brevda to the post of adjutant.

Honoring Miss Betsy Thompson

Wednesday night of last week, at her home, Miss Eunice Holt entertained for Miss Betsy Thompson, bride-elect of this evening.

Guests found their places in the living room at three bridge tables. After several progressions of bridge, scores were totaled with high going to the honoree, and runner-up went to Mrs. Lawrence Moore. Miss Holt presented Miss Thompson with a gift of crystal. To Mrs. Don E. Scott, Jr., a recent bride, the hostess gave antique Demi-Tasse cup.

The hostess assisted by her sisters, Misses Frances and Laura Mae Holt and Betty Jean Russell, served a delicious salad course, cookies and coffee to the players.

Miss Betsy Thompson was honor guest at a delightful Coca-Cola party Saturday morning, given by Mrs. W. C. Elder and Mrs. W. J. Evans at the Elder home in Burlington. Guests were received informally at 10 o'clock in the living room. Coca-Colas were served by Mrs. Evans from a brass scuttle placed on the hearth of the fireplace. Accessories were attractively arranged on the dining room table. Mrs. Elder directed the guests to the dining room.

Miss Thompson was presented a cook book by Mrs. Elder and linen pillow cases by Mrs. Evans.

Kiwanis Meeting

Dr. I. G. Greer, president of the High Point Orphanage, spoke before the 'Ladies' Night' meeting of the Kiwanis club Monday night in the agricultural building. He told the Kiwanians and their wives that there is no problem of juvenile delinquency, but a definite problem of parent delinquency. Dr. Greer said it is the responsibility of each of us to establish the security of our children both in the home and in the schools.

A special musical program was provided by Miss Jerry Wall, who introduced a trio composed of Misses Betty Rader, Drucilla Braxton and Theo Braxton.

Surprise of the evening was the presentation of nylon hosiery to all the wives of Kiwanians. 51 gauge hosiery was given guests and entertainers.

President Joe Jarosz presided.

A Daily Builder For Your Child—
A Quart Of Rich, Pure Milk!

What do you see in a bottle of milk . . . your child playing in the summer sun? Long happy hours of play call for the wealth of buoyant energy milk can supply. Doctors agree most children should eat oftener. Give your child milk regularly at mid-morning and mid-afternoon. A perfectly balanced food, it is refreshing and digests quickly, increasing appetite for other meals. It can be varied endlessly. Delicious, health-building sweet drinks can be made by stirring honey or molasses into cold milk. Straws and tall glasses add child-appeal.

Our milk is known for purity . . . richness . . . vitamin and mineral content . . . and country-fresh flavor.

BONANZA FARMS

Supersized farms of spring wheat and winter rye have afforded profits from which North Dakotans purchased War Bonds and will buy Victory Bonds. Farms, once the size of two or three townships, today average 463 acres as against the national average of 154.8 acres. They will afford jobs and assets to help guarantee the bonds.

The Precious Price—Spellman

Endless rows of Crosses and of stars that dot the earth
From end to end.
Thousands of mangled and wounded in hospitals
And homes.
These, the precious price paid for our peace.
In Thanksgiving to them,
Let us shoulder our share of the cost of war
In Victory Bonds.

THE ARMY ASKED FOR IT—AND GOT IT

Nazis, retreating from Belgium, sabotaged communications by destroying vacuum tubes. But they missed one. American engineers found it along with design plans by a local tubemaker.

Notes and tube were rushed by air to the United States.

All Bell Laboratories tests and X-rays revealed that a similar tube could be built from existing parts of American tubes except for a special grid and socket.

Western Electric's Tube Shop went to work—modified machines to wind the special grid. Eight trial tubes were made in three days and flown to Europe.

Result: Signal Corps soon had Belgian telephone system working again.

Production went on full blast. 17 days after original tube was received at Bell Labs, 1015 duplicates were completed by Western Electric and rushed to Europe. They worked!

German sabotage squads were sure that removing all vacuum tubes from sockets would cripple the Belgian telephone system for weeks, even months, but again they underestimated American speed and ingenuity. Soon the Army was surprised. "Give us a thousand tubes in thirty days," they had said. They got them in 17 days.

INDUSTRIAL JEWELRY

A MILLION DOLLARS worth of gold is used yearly at Western Electric Company's Chicago plant in plating piece-parts like these modified by Carole Palma. In her hair Carole is wearing gold-plated braid used in war equipment, while her "rings" and her "earrings" are important parts in electronic and communication devices. Gold plating is most frequently used on contact surfaces because of its conductivity of high frequency currents.
