YARDSTICK
for measuring a
transportation service

What does the Southern Railway System mean to you? To
your community? To the Southland? Is there any way to
measure the value of its service? Perhaps these questions
will help provide a "yardstick"...

- Does it pay taxes which help to support your schools,
police and fire departments, and other local govern-
mental services?
Does it constantly and vigorously promote the growth
of the territory it serves?
Does it provide safe, dependable transportation, all
year 'round, in any kind of weather?
Does it buy large quantities of supplies and materials
in the South?
Does it give steady employment to large numbers of
Southern men and women?

Yes, the Southern Railway does all of these things! Thus,
with this "yardstick" you may measure how well the
Southern "Serves the South"... and how much this railway
means to you, to your community, and to the future growth
and prosperity of the greater, better Southland.
