Rotary Club Meeting

The pros and cons of a merger between Graham and Burlington were discussed in an open forum last Thursday night at the regular meeting of the local Rotary, club when members engaged in a debate on "Would Graham benefit from a merger with Burling-

The meeting, which was held at the Green Gables Inn, was presided over by President A. M. Stake. The invocation was offered by Dr. H. B. Moore. Special guest was Worth Thompson,

Kiwanis Club Meeting

Bill Stokes, of here, a former navigator in he Army Air Forces, was the guest speaker at the local Kiwanis club meeting Monday night in the Scout Hut. Stokes spoke on " Aerial Navigation.

Guests included visitors from Elizabeth City, Durham, Raleigh and Burlington.

President Talton M. Johnson presided over the meeting.

Sugar Act

The Sugar act requires, among other conditions of payment to growers, that all persons employed on a farm in the production, culti-vation or harvesting of sugarcane be paid in full by growers at rates not less than those determined to be fair and reasonable by the secretary of agriculture, after public hearing and investigation. The de-termination also provides that the producer must furnish to the laborers without charge the accessories customarily supplied by him, such as a habitable house, garden plot with facilities for cultivation, pasturage for livestock and medical attention. The wage rates in the determination are given in the re-

Cattle Disease

The dairy industry is hard at work to eliminate brucellosis in milk producing animals. Nearly 40,000 calves were vaccinated in the United States in the one month of April, 1944. During the same month over 13,000 cattle slaughtered had been found previously to be positive re-actors by blood test.

Atomic Energy Atomic energy is not likely to pow-er locomotives on American rail-roads in the near future, because of the necessity for providing large and heavy shields around the source of energy. Maintenance work on such equipment might have to be de-ferred as long as 30 to 50 years, because of the radioactivity of the atomic energy material.

Uncle Sam Says

Supposing you and your neighbor met at the grocer's and actually did and said the things you see going on in this scene. You probably would say "Quit your kidding, Uncle Sam. They must be two other fellows, not me and Tom." Actually, friend, there are not enough consumer's goods for the dollars Americans own. There is more need now than own. There is more need now than ever before for you to save every dollar possible from the buying market. Buy only what you really need. Put every extra dollar into United States Savings Bonds.
