P. T. A. Meeting

The regular monthly meeting of the Graham P. T. A. was held at the school auditorium last Thursday night. President Morris Burke presided.

Attendance banners were won by Mrs. Yount's second grade, Mrs. Johnson's sixth and seventh grades and Mrs. Shaw's ninth grade.

Mr. Needham Bryan, principal, called attention to a display of the flags of all nations which has recently been completed and is a gift of the graduating class of 1946. Mr. Bryan commended the committees that worked on the Halloween Festival and reported a net profit of \$728.00 was taken in. Mrs. Comann Isley was commended for her work as chairman of the recent membership drive and it was announced that there are now nearly 900 members on roll.

After the business meeting parents were invited over to the school building the rooms and the teachers and to observe a miniature schedule of the school day, particularly in high school.

Work Out Fat-Saving

Salad for Spring Greens
A recipe for making a fat-saving salad dressing that is good on spring greens has been worked out.

The recipe calls for the usual ingredients of eggs, vinegar, milk, fat, sugar, salt, mustard, celery seed and paprika in these amounts: One or two whole eggs or three or four egg yolks; three tablespoons of vinegar; a third of a cup of milk; a tablespoon of table fat or mild-flavored drippings; half teaspoon of sugar; half teaspoon of salt; half teaspoon of mustard; an eighth teaspoon of celery seed and a dash of paprika, if you wish them.

Beat the eggs and vinegar until you have a smooth mixture. Then add the milk and table fat. Then add the seasoning. Cook the salad dressing over hot water. Stir constantly until the mixture is about as thick as heavy cream. Then pour it in a container, cover it and store the dressing in the refrigerator until you're ready to try it out on a salad.

Christmas Seal Sunday To Be Observed November 24th

Churches throughout the county will observe Christmas Seal Sunday November 24th, in tribute to the Alamance County Tuberculosis Association which, on next Monday, opens its annual Christmas Seal Sale to raise funds to support its tuberculosis control program. The Seal Sale will continue until Christmas.

Expressing appreciation to the clergy for their cooperation, E. Z. Jones, County Seal Sale chairman, said that many churches are carrying messages about the significance of the Christmas Seal on their printed programs and that several clergymen will mention the work of the association from the pulpit.

"The interest of the clergy of Alamance County in the tuberculosis problem is characteristic of their concern for the welfare of the people of this community," said Mr. Jones. "They realize the importance of controlling tuberculosis, which takes the lives of more young people between 15 and 35 years of age than any other disease, and they have been most generous in their support of the association's work."

Ministers throughout the county have served in different offices of the association. Rev. J. H. Lightbourne, former pastor of the Burlington Christian church, was its first president in 1940. Rev. Alexander Cox, who will be remembered as rector of the Church of the Holy Comforter, was its first County Seal Sale chairman. Rev. W. M. Baker of the Presbyterian church in Mebane has held the office of president since 1944, while Rev. N. N. Fleming of Hawfields has served on its board of directors since its organization in 1940.

From where I sit... by Joe Marsh
A Lesson In Conservation
We were sitting on Bill Webster's porch the other night, chatting over a glass of beer—when the talk turned to forest preservation, soil erosion, and other things that affect a farming community.
Judge Cunningham speaks up: "It's all right to worry about conserving our natural resources," he says, "but there's a far bigger problem when it comes to conservation—and that's preserving our democratic way of life, our sense of personal freedom, our respect for one another's rights."
From where I sit, the Judge is right. All America's great resources, our abundant natural wealth, are lost the minute we lose the right to work them as free people in a free land!
Whenever you see or hear of an encroachment on our rights—whether it's the right to free speech, or the right to vote as we see fit, or the right to enjoy a friendly glass of beer in licensed, law-abiding places... watch out!
Joe Marsh
