From where I sit by Joe Marsh Friendship—Three Thousand Miles Apart Ever play chess? It's a great game! One of the strongest friendships I know of started with a game of chess—between Dad Hoskins, in our town, and a man named Dalton Barnes, in England. They've never seen each other, never met. But for the past eight years they've been playing chess by mail together—Dad puzzling over Dalton's latest letter, while he sends a chart of his next move to England. Dad always thinks best with a mellow glass of beer beside his chessboard. And the Englishman writes him that he does the same. "You know, it's almost as if we shared a glass of beer together, too!" says Dad contentedly. From where I sit, you can talk about diplomacy and foreign policy, but it's often those little things—like a game of chess or a glass of beer—that can make for tolerance and understanding . . . between people of all nations . . . between neighbors here at home! We're Blowing Your Horn! How? By telling the rest of the nation . . . over and over again . . . to "Look Ahead—Look South" for industrial opportunities. "Letting people know" is paying off, too. Just look at the many busy new factories throughout the South. And more are on the way! We're blowing your horn. Sure! But we know it's our horn, too. Because the Southern Railway is part and parcel of the South. Because we also benefit when we help the territory we serve to grow and prosper. Ernest S. Norris, President SOUTHERN RAILWAY SYSTEM
