Statistics Show U. S.

Has a Sweet Tooth

Americans prefer five-cent candy bars to all other forms of confections, surveys show. Studies also disclose candy to be the sixth largest food business in the United States...

Last year, in spite of curtailed supplies of sugar and chocolate, and the fact that 20 per cent of all candy manufactured went to the armed forces, Americans ate an average of 19 pounds of candy apiece compared with 16 pounds per capita in 1938.

The candy industry, comprised principally of 1,300 manufacturers, was overwhelmingly a nickel-bar business last year. Fifty-two per cent of all candy produced was of the bar type, and of that 90 per cent was sold for a nickel over candy counters...

Immediately following the wedding ceremony, a reception was held at the home of Mr. and Mrs. J. D. Linens, aunt and uncle of the bride, who entertained relatives and close friends of the bridal couple.

Weed Killer

With proper use, 2,4-D, the new chemical weed killer, controls common annual and biennial as well as common lawn weeds without injury to grass. The chemical works best if applied when the temperatures are 70 degrees or above and plenty of soil moisture is available. This material is relatively non-poisonous to animals, non-corrosive, and is free from fire hazard if ordinary precautions are taken. Many commercial variations of 2,4-D are on the market today which have a varied effect on weeds. The label on the container of these products should be examined carefully to determine whether that particular brand will serve your need.

Bowman-Reaves Wedding

Miss Julia Elizabeth Bowman, daughter of Mr. and Mrs. James Scarborough Bowman, and Daniel Holt Reaves, son of Mrs. W. M. Lodge and the late W. D. Reaves, were united in marriage Thursday afternoon, November 23rd, at 5 o'clock in the Graham Methodist church. The vows were spoken before Rev. O. L. Hathaway.

Prior to the ceremony Miss Dorothy Foust and William Kirkpatrick presented a program of nuptial music.

Given in marriage by her father, the bride was lovely in her wedding dress of white slipper satin with lace edged veil of illusion.

Attending the bride as maid of honor was Miss Jo Nell Dixon. Bridesmaids were Mrs. Albert P. Wallace, Jr., Miss Nancy Lee Wilkinson, Miss Amy Buckner and Miss Harriet Reaves.

Louis Cary Allen, Jr., attended the groom as best man. Ushers were James S. Bowman, Jr., Floyd Ellington and Charles Dillenger, and Junius Davis.

Immediately following the ceremony the couple left on a wedding trip to the Western part of the state and upon their return will be at home here.

The bride is a graduate from Graham High School and attended Catawba college in Salisbury. At present she holds a secretarial position with Burlington Mills Corporation here.

The groom graduated from Randolph Manon Academy in Front Royal, Va., and attended the University of North Carolina before entering the army in 1942. He served two years in Europe with the infantry and was released last February. He is now completing his education at the University.

As a final prenuptial courtesy to the bridal couple, Mr. and Mrs. Chas. A. Thompson entertained the wedding party at a luncheon at their home on North Maple street.

The guests were greeted by Mr. and Mrs. Thompson and invited to the dining room where Mrs. Roy Long of Brevard, poured coffee, and Mrs. Fred Holt of Brevard and Miss Mary Catherine Holt assisted in serving the guests a luncheon appropriate to Thanksgiving day. The guests included the members of the wedding party, out-of-town guests and the immediate families of the honor couple.

Water Use

The plants of one industrial company in the Youngstown, Ohio, district used 95,303,710,000 gallons of water in 1945, an amount which would provide the yearly home supply for a city with over 3,000,000 people. A bushel of tomatoes requires 60 gallons of water to reach maturity, and a dairy farm consumes about five gallons of water for every gallon of milk produced. Use of steam for production of the electricity used each year in Ohio requires water enough to fill a reservoir one mile wide, 100 miles long, and 87 feet deep. When war production pyramided industrial production along the Mahoning river, some of the water went through 24 different factories before the lukewarm residue escaped downstream.

Cabbage Rolls

Outside leaves may be used in making cabbage rolls, an economical meat dish. To make cabbage rolls, wash the leaves and wilt them in hot, lightly salted water until they are limp enough to roll. Mix chopped cooked meat with chopped onion, crumbs or boiled rice, a little melted fat, pepper and salt, and moisten with gravy, milk, chili sauce or catsup. Put some of this mixture on each leaf and roll it up. Place rolls in a baking dish, add hot gravy or a little hot water, cover and bake in a moderate (250-degree) oven about three-fourths of an hour, or until the cabbage is tender.

From where I sit... by Joe Marsh Who Gets Off Easiest—Men or Women? Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa. It would be the same in our town—take any family. That Phibbs carries his Missus spending the day at home, with no hot office to attend to. And Sue envies that his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen). Of course, none of it goes very deep. That knows way deep down that the Missus has plenty of work running a house; and Sue knows that's friendly glass of beer is well-deserved relaxation after a long hard day's work. From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end. Joe Marsh

ARE YOU JUST A PLAYTHING OF NATURE? Nature may endow you with breathtaking beauty, a lovely curvaceous figure. She may bestow gifts on you that make you a brilliant actress, a leader in your class at college, sought after at dances, or a charming wife and mother. Yes, Nature may do all this. And yet you may find your face mockingly slapped if you suffer these distressing symptoms, which so many unfortunate girls and women do. Something You Should Not Joke About! So if female functional monthly disturbances are causing you to suffer from pain, nervous distress and feel weak, restless, so cranky and irritable that you almost turn into a "she-devil" on such days—THIS IS SOMETHING YOU SHOULD'N'T JOKE ABOUT. Start right away—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this purpose. And don't forget—Pinkham's Compound does more than relieve such monthly pain. This great medicine also relieves accompanying nervous tension, irritability, those tired-out, mean "pick-on-everyone" feelings—when due to this cause. Taken regularly throughout the month—Pinkham's Compound helps build up resistance against such distress—a very sensible thing to do. Just see if you, too, don't remarkably benefit! All drugstores.
