From where I sit by Joe Marsh How to Stop Worrying I guess folks in our town do about as much worrying as in yours - over housing and prices, and crops, and jobs - and the little domestic problems that are always coming up. Dad Hoskins, who's lived to the happy age of eighty, has a simple formula for stopping worry. About every problem, he asks himself: Is there anything I can do about it? If there is, he never postpones making a decision, or taking necessary action. If there isn't anything he can do about it, he sets aside a "worrying hour" after dinner, and gets his worrying over in one concentrated period. When that's over, he relaxes over a friendly glass of beer with Ma Hoskins - and they talk about pleasant things together, until bedtime. From where I sit, that's a workable formula as you could find . . . right down to the mellow glass of beer that seems to wink away your worries. Joe Marsh
