Andy's "Certificate of Service"

Andy Botkin's mighty proud of the first dollar he made. He's got it framed, and hanging beside his license, in the Garden Tavern.

Of course, there's a big difference between that dollar bill, and what Andy paid for the license giving him the right to earn it. Which prompts Willie Wells to say: "It's a heck of a note to have to pay to start a business."

"That's what I thought at first," says Andy. "But actually that piece of paper's my protection. And yours too! It helps keep out

undesirables, and it means you've got to maintain decent standards—or answer the local law enforcement agencies and face the loss of your license. What's more, the brewers, in co-operation with the tavern keepers themselves, are backing up all it stands for with their program of self-regulation.

From where I sit, Andy's license is more than a permit to do business. It's a certificate of good behavior, and service to the town.

IS THERE SUCH A THING AS PERFECT WOMANHOOD?

"No"—claim medical authorities, who ought to know! Nature has so constructed and physically endowed woman that in many cases she's apt to suffer certain distressing symptoms during her life. For instance, when she enters womanhood—or during the menopause, the period when fertility ebbs away.

Now if on 'certain days' of the month—female functional monthly disturbances are causing you to suffer from pain, nervous distress and feel so tired, cranky, you snap at your children and husband—then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this purpose.

Made ESPECIALLY For Girls and Women

Pinkham's Compound does more than relieve such monthly pain. It also relieves accompanying nervous tension, irritability and weak, highstrung feelings—when due to this cause. Taken regularly throughout the month—this great medicine helps build up resistance against such distress. A thing any sensible woman should want to do!

Lydia Pinkham's Compound is also very effective to relieve hot flashes and those funny, embarrassing feelings during the years 38 to 52—when due to the functional 'middle-age' period peculiar to women.

Pinkham's Compound is worth trying!
