—Quite a large number of the two bridge forces who have been at work here for some time have left for their homes or their next jobs. The remainder of the forces expected to leave in a few weeks.

—Mrs. Bud Capell died at the home of her father Mr. Walker Winston, on Cheatham Street, on Wednesday afternoon of last week after a continued illness for some time. She leaves a husband and four children, the youngest of which is only seven months old. Her remains were laid to rest at Pope's on Thursday evening at 2 o'clock, Rev. G. P. —Last Tuesday while standing near a revolving shaft at D. W. Fowlers cotton gin about six or eight miles from town Aera Dement, a white boy, became entangled in a set which wound his clothes until they would wind no more then began to whirl him over it, hitting his feet against the weatherboarding of the side of the house until his shoes were completely worn out and bruising his feet and legs almost to a jelly, before the machinery could be stopped. At last reports he is doing well. It seems that no other part of his body was injured.

—Claude Allen, a negro, who was connected with the crap game in which Walter Hawkins lost his life, and that left the country before being caught came in and surrendered to Chief Cooke on Saturday. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in its stages, and that is Catarrh of the Bladder. It is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.
