Closing of Mountain Grove School.

It was the writers pleasure to attend the closing exercises of the Mountain Grove school which took place a few days ago.

Miss Susie Williams as principal and Lessie Foster assistant, have done a wonderful work there, as was shown by an entertainment of great merit.

The stage was tastily decorated in green, with white flowers. The pupils acquitted themselves well, and showed that they had been carefully taught. The recitations were well selected and were a credit to both teachers and pupils. We were particularly impressed by the number of good voices in the school, the singing being very good. Several prizes were given, but we failed to get the names of the winners.

The committee will be fortunate in securing the services of these teachers for the next term of Mountain Grove School.

Ingliside Academy

The closing exercises of the Ingliside High School were held on Friday evening at the Academy. At half past eight o'clock Rev. G. W. Starling opened the exercises with prayer. The programme was a fine one, and we would give it but for lack of space.

The stage was beautiful with roses and other spring flowers, which made a pretty setting, for the rose-cheeked faces of the happy boys and girls, and we will say here that we defy any neighborhood to show a more attractive and well-trained school, or a more respectful and attentive audience than the Ingliside neighborhood, and this school is training the boys and girls with this motto as a guide:

"Honor and fame from no condition rise, Act well your part, there all the honor lies."

In the future when an audience is composed of Ingliside's citizens—pupils trained in this school, you may be sure of an attentive cultured one. We are always glad to have visiting friends with us that they may see what the school is doing. Perhaps some might be benefitted

by coming earlier. "A word to the wise is sufficient."

Seldom have we attended a school entertainment where every recitation play, drill, song and instrumental piece of music was rendered without a blunder. They were well chosen and reflected much credit on teacher and pupil, showing careful training on the part of the teacher, and work and talent on part of pupil. Rev. George Duke made a fine little talk after the exercises were over and Rev. Mr. Starling presented several prizes. This closed one of the most successful terms of the school. Miss Edith Yarborough, Miss Alice Hines and Miss Sallie Young Davis, the teachers have done good work and the trustees of the school will do well to re-elect them if possible.

Miss Yarborough, the principal, was called home before the closing exercises, by the sad death of her father, and many hearts turned from the joyous scene to her, in deepest sympathy.

Bunn High School Commencement.

Last Thursday was a great day for Bunn. The greatest concourse of people ever seen at this place was here to witness the closing exercises of Bunn High School. People were present from all parts of Franklin and surrounding counties.

The commencement began Wednesday night with exercises by the Primary and Intermediate grades. Although the night was unfavorable the Academy, which seats several hundred people, was comfortably filled. The children showed excellent training and the teachers, Misses Cheatham and Mills, deserve great credit.

Thursday the High School pupils had charge of the program. The morning exercises consisted of recitations and several excellently rendered numbers by the music class. The music was a special feature, the performers showing great skill and the result of much practice and efficient instruction on the part of their teacher, Miss Poole.

At eleven o'clock Prof. Martin presented Dr. W. L. Poteat, President of Wake Forest College, who delivered the annual address. It was one of the greatest addresses ever heard at Bunn. For more than an hour Dr. Poteat held the large audience spell-bound with his practical reasoning and keen humor. The subject of the address was, "The Conservation of our Natural Resources." His appeal to young men to stay in the country on the farm was especially strong and timely; and in the course of his address Dr. Poteat touched on the problem of sanitation and precaution of diseases with telling effect.

In the afternoon there was a recitation contest, six young ladies participating. The medal offered in this contest by Prof. Martin was awarded to Nolia Wright, and was presented to the lucky contestant by Hon. R. A. P. Cooley, of Nashville.

Thursday night all available space was taken in the academy to witness the drama. A special train was run from Spring Hope. The play was well presented and the audience was highly pleased. The proceeds which amounted to more than \$70 will be applied to the improvement of the school. The announcement by Prof. Martin Thursday night that Mr. R. G. Allen, President of First National Bank of Louisville had made a donation of \$15 to this cause brought many cheers from the audience, showing the hearty appreciation by the patrons of the school of this generous act of such a public spirited man.

Bunn High School has been very successful this year and the entire faculty have been employed for next term. Prof. Martin announced that the school would open about the

first of September and that catalogues would be issued during the summer.

Delightful Barbecue.

Mr. and Mrs. E. S. Ford gave a delightful barbecue to a number of their lady and gentlemen friends at their summer home "Bungalow" on Wednesday. The occasion was one of great enjoyment and was attended by a good number.

An Improvement.

Superintendent Williams with his road hands are making some very evident improvements on Nash street in front of the jail. This piece of work will be a great benefit to that part of town and add more credit to our already much appreciated Superintendent.

To Build.

We are informed that Allen Bros. Co., are planning to have a large supply house and stables erected on the west side of Main street in front of the depot. This together with the large wholesale house of P. A. Reavis, which is now in course of erection will add a great deal to that portion of the town.

Died.

Mrs. Susan Ellis at her home near Louisville on April 25th, 1910. She was fifty-six years old and leaves a husband and three children, and a host of friends. In her death is the passing of a good and true wife, a loving mother, and a true friend and helpful neighbor. Her remains were entered at Cooke's Chapel.

To Build Another Store.

Mr. J. P. Winston informs us that he will have his buildings on Nash street completed within the next twenty days. He also says that he will begin the erection of a nice brick store just below his two new ones, on the lot where the blacksmith shop now stands, in a very few days.

These new buildings are adding a great deal to that part of town.

Building at College.

We are informed that the brick for the M. S. Davis Memorial building at the College have been ordered and are expected to arrive within a few days when they will be put on the campus at once. The excavation for the foundation will also begin in a few days.

Rev. A. J. Parker requests us to state that as the work has started it will be necessary for them to get in the money that has been subscribed, and especially that part of it that was conditional upon the beginning of the work. He says further that owing to the fact that he will be out of town right much of his time he has arranged with Mr. M. S. Davis to receive and receipt for any contributions coming in during his absence.

Base Ball.

Quite an interesting game of ball was played by the Junior Teams of Louisville and Franklinton on the grounds of the former, Monday afternoon, in which Louisville was the winner by the score of 4 to 1. Louisville had Franklinton shut out until a bad throw to second by Hart in the eighth inning allowing Franklinton to score. This is the first time Franklinton has been beaten in three years. Features of the game were the all round playing of Parker, Louisville's new left fielder and the step of a hot grounder by Capt. Waddell. He sat down upon the ball with his back to it and after stopping it in this manner, threw the runner out at first. There is always the best of feeling in these games and we hope the boys will keep them up.

The umpiring of "Bunny" Cooper was a little raw in some cases but on the whole was satisfactory.

MARY YARBOROUGH, P. M.

Sunday May 8th "Mother's Day"

Let every Pastor, Sunday School Superintendent and teacher in Franklin County make mention of this day and what it means and all wear a white flower of some kind in honor of our mothers. Write her a letter or send her a telegram on this day if you are not with her.

THE ORIGIN OF THE DAY As far as is known; the thought of mothers' day originated in the loyal

heart of Miss Anna Jarvis, of Philadelphia. It was the desire to commemorate the anniversary of her mother's death that suggested the idea. She thought it would be a tribute to motherhood if all children, upon a certain day, would wear a carnation as a universal recognition of their love and respect for mother. In two years the plan spread over North America and through other lands. The second Sunday in May was proposed and generally adopted as the time for this observance.

"The white carnation for purity; its form, beauty; its fragrance, love; its wide field of growth, charity; its lasting qualities, faithfulness—all virtues of true motherhood."

Youngsville defeats Franklinton.

On last Friday the Youngville ball team went over to Franklinton and completely walked over the strong team of that place by the score of 14 to 4. It was a regular slugging match for the Youngville team, they making 18 hits off Underwood's delivery. His twisters were very easily solved this time by our boy, Franklinton already having won two games by a very narrow margin before. Winston E. pitched a great game for Youngville and had decidedly the best of his opponent, he allowed only four hits and striking out more men.

The features of the game were the pitching of Winston E. the catching of Winston H., who caught a fine game in regular league style, and the batting of the whole team, they getting a home run, four two-base hits and many singles. Our team has made great improvement in the past and can put up a strong game now. There was a large crowd out to see the game, it being the occasion of the closing of the graded school at Franklinton.

Score:	R. H.
Youngville	14 18
Franklinton	4 4
Batteries:	Winston E., and Winston, H.; Underwood and Daniel.
Umpire,	Dr. Winston.

The Editors Paradise.

Frederick C. Brewer, a well known Cleveland editor, told at a press banquet a newspaper story. "A Medina editor died," he said, "and was, of course, directed to ascend to the abode of the just. But during the ascent the editor's journalistic curiosity asserted itself, and said:

"Is it permitted for one to have a look at—er—the other place?" "Certainly," was the gracious reply, and accordingly a descent to the other was made. Here the editor found much to interest him. He scurried about, and was soon lost to view.

"His angelic escort got worried at last, and began a systematic search for his charge. He found him at last seated before a furnace, fanning himself and gazing at the people in the fire. On the door of the furnace was a plate saying, 'Delinquent Subscribers.'

"Come," said the angel to the editor, 'we must be going.'

"You go on," the editor answered, without lifting his eyes. 'I'm not coming. This is heaven enough for me.'"—Louisville Times.
