

# Especially for Farmers

Why is it that you will pay more for one piece of land than you will another piece, why pay more for one certain horse than another, why do you ask more for a good piece of heavy timbered land than where it isn't so thick, why ask more for one cow than another, why ask more for one grade of tobacco than another grade. Your answer of course is better the grades, the more they cost, that is the argument we use to you about the high prices of some of our goods.

We Handle Pianos at From \$100 up. Organs \$25 up. Sewing Machines \$7.50.

We want to impress on you the fact that we can sell you any article in our line cheaper than you can order it from a fellow in some far off city. Any merchant will sell you Sugar, Flour, Lard, Meat and coffee cheaper than you can order the same grades, then help us pay School Tax, Road Tax. Help us to help you build more schools and churches.

—The universal opinion of the ball fans is that Franklinton has as good catcher and team manager as any team in the State this year in "Stuart". Underwood is also working fine. Another pitcher is expected this week.

#### BASE BALL.

Franklinton Shuts the Raleigh B. B.'s Out.

And the fans are happy. Franklinton last Wednesday afternoon won from the B. B. team of Raleigh the first game of the season here under the management of their present manager, Mr. R. B. Stuart. It was a pitchers battle from the beginning. Underwood presided over the twisting department for the home team and he was an enigma, allowing only three hits and striking out seven men. He allowed only seven of their men to cross the initial sack, while three of them were left there, three reached second, and one managed to reach third base.

At no time during the game was there the slightest chance for the B. B. team to score. The home team got 7 hits, three of these two-base hits well bunched in the 6th, inning by May, Barnes, and Stuart, scoring three runs. Briggs was relieved in the 7th by Adams who allowed 2 hits and Stuart a homer. Adams was replaced in the latter part of this inning by Parker who retired the side allowing no hits. The special features of the game were Underwoods pitching, Stuarts catching and the base running of Daniel and Kearney D. The score by innings was as follows:

Raleigh 000 000 000--0  
Franklinton 100 000 33x--7

Battery for Raleigh Brookwell, Briggs, Adams and Parker. For Franklinton Stuart and Underwood. Umpire Dr. A. K. Winston. Time of game one and one-half hours.

#### YOUNGSVILLE DEFEATED.

The team went over to Youngsville last Friday and defeated the team of that town by the score of 9 to 5. The Youngsville team was expecting to play another team who did not come and this game was played so as not to disappoint the large crowd that had gathered there. Winston E., who twirled for Youngsville was a little off, allowing our boys several hits, several of which were for two bases. "Moore" for Franklinton was in fine form holding Youngsville at his mercy throughout the game. Battery, for Franklinton Stuart and Moore for Youngsville Winston H. and Winston E.

#### The Kind of a Girl for Us.

The buxom, bright-eyed, racy-cheeked bouncing lass, who can darn a stocking, mend trousers, make her own frocks command a regiment of pots and kettles feed the pigs, chop milk cows, wrestle with the boys, and be a lady withal in company is just the sort of girl for us and for any worthy man to marry. But you're pining, moping, mortgaged, music-murdering, novel-devouring daugh-

ters of fashion, and idleness you are no more fit for matrimony than a pallid is to look after a family of fourteen chickens. The trash is, dear girls, you want more liberty and less fashionable restraints more kitchen and less parlor, more leg exercise and less sofa, more pudding less piano, more frankness and less mock modesty, more breakfast and less bustle. Louse yourselves a little, enjoy liberty and less restraint by fashion, breathe the pure atmosphere of freedom, and become something as lovely and beautiful as the God of nature designed.—E.

#### IF SICK--WHY PAY

Unless Health First Returns.  
Here is what should and can be done!  
Now you would not willingly pay for food that was worthless—would you?  
Then why pay for medicine until that medicine first proves to you its actual worth?  
Food is what Dr. Shoop's Restorative can do for the sick. I say to all "don't pay unless health first returns." And I back my Restorative with a signed and sealed 30 day "No help, No pay" contract.  
I positively pledge to the sick everywhere that "Dr. Shoop's Restorative is absolutely free if it fails." Let others do the same—or else pass their prescriptions by.  
If you need more strength, more vitality, more vigor or more wit, use my Restorative a few days and note the immediate improvement.  
When the stomach, heart, or kidneys go wrong, then use Dr. Shoop's Restorative. I do not do the stomach, nor stimulate the heart or kidneys, for that is wrong. I straighten out what is mistaken idea in medicine. The books below will best tell you how I am succeeding.  
These books also tell of a tiny hidden "inside nerve," so larger than a silver thread. They tell how that nerve, until it falls, actually gives to the heart its power, its sense, its never-ending action or impulse.  
These books will open up new and helpful ideas to those who are not well. They tell how the stomach, and kidneys each have their "inside" or power nerve. They tell how the Restorative was especially made to reach and revitalize these weak or falling inside nerves. All of these facts tell why I am able to say, "It is free if it fails."  
This is why I say "take no chance on a medicine whose maker dares not back it just as I do by this remarkable offer."  
So write me today for the books.  
I have appointed honest and responsible druggists in nearly every community to issue my medicines to the sick.  
But write me first for the order.  
All druggists sell Dr. Shoop's Restorative, but all are not authorized to give the 30 day test. So drop me a line please—and thus save disappointment and delay. Tell me also which book you need.  
A postal will do.  
Besides, you are free to consult me as you would your home physician. My advice and the book below are yours—and without cost.  
Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private description or personal advice plan. My best advice is surely worth your simple request. So write now while you have it fresh in mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.
