THE P. A. REAVIS COMPANY WHOLESALE GROCERS

LOUISBURG, N. C.

Fruit Jars, Jar Rubbers, Tobacco Twine, Lanterns and Seed Rye

Everything the Retail Merchants Needs. Let us Figure With You on Delivered Prices, We Save the Freight.

Perry Mill Items.

As you have not heard anything from here in a good long time, I will send in a few items:

J. T. Cooper, of Rocky Mount, is visiting his brother.

Mrs. G. H. Cooper had the misfortune of falling and breaking her arm about three weeks ago, and, we are glad to say, she is getting along as well as could be expected.

Several of our citizens have been on the sick list recently.

E. F. Miller and Julian Pearce, of Warren county, visited G. H. Cooper Friday.

Let's all get ready and go to Raleigh on August 11th.

Wishing the TIMES and the editor much success.

BRIGHT EYES.

Rheumatism promptly driven from the blood with Dr. Shoop's Rheumatic Remedy. Rub-ons never cure Rheumatism. She blood must be reached and Dr. Shoop's Remedy made expressly for the blood. Test it and see! Sold by F. Reid Pleasants, Loureburg, N. C., T. C. Joyner Franklinton, N. C.

Laurel Items.

As I have not seen any items from here in some time I will drop in a few to let you know that we are still in the ring and we are still having lots of fun and a happy time at old Laurel.

The farmers have been very busy this week around here laying by their crops.

W. F. Johnson, went to Raleigh last Monday on business.

Miss Verice Harper, of Franklinton, is visiting her sister near here.

N. W. Johnson spent the day in Nash county last Sunday.

Miss Rebecca Gupton made a visit out to see Miss Annie Foster last Sunday afternoon.

Mrs. J. B. Jones has returned home from a visit for her health.

Miss Delphia Johnson will leave to go back to Mars Hill College August 9. We wish her much success in life as she is so earnestly striving through the work of an education.

We are glad to state that our

Sunday School is doing very good work. Superintendent Parrish informs us to extend a cordial invitation for all others who will come and join our school.

The Protracted services will begin at Mt. Zion church on the first Sunday in August. There will be two sermons on Sunday and one through the week. We are pleased to note that Bro. G. W. May, of Castalia, will be with us. The public is especially invited to come and work with us in this meeting.

God bless our editor and the good old FRANKLIN TIMES. X. X.

The footprints of Dyspepsia have been directly traced to the Stomach nerves. When these "inside nerves" fail indigestion and stomach distress must surely result. For this, druggist everywhere are supplying a prescription known as Dr. Shoop's Restorative. First, these tiny inside Stomach Heart, and Kidney nerves fail. Then gas belching, Heart palpitation, or failing Kidneys follow. Don't drug the Stomach or stimulate the Heart or Kidneys. That is wrong. Strengthen these failing nerves with Dr. Shoop's Restorative. It is the nerves, the organs that are calling for help. Within 48 hours after starting the Restorative treatment, you will realize the gain. A test will tell. Sold by F. Reid Pleasants, Loureburg, N. C., T. C. Joyner, Franklinton, N. C.

Schloss Slush.

Messrs. Julian and Robert Alston attended the dance in Loureburg Monday night. They report a real pleasant time.

Mr. and Mrs. C. C. Griffin, of Castalia, spent a few days here last week with Mr. and Mrs. T. H. Strickland. Mr. Griffin is a brother-in-law of Mr. Strickland. He did not speak of any brag crops, but thinks they look better around Schloss than lower down the country.

The W. A. Connell Shuttle Co., finished up the work of sawing blocks some time ago. We miss the "racket" of the hammering machinery, and the presence of the busy young men, who assisted Manager Strickland in the work. Mr. T. C. Denton, one of the number, returned to his work at the Gold Mine. Mr. Denton is a clever young man, and makes friends wherever he goes. We will be glad to see him up this

way again.

The W. A. Connell Shuttle Co., have been hauling blocks to Loureburg the past week, having loaded three cars for shipment.

Dr. and Mrs. D. T. Smithwick spent Tuesday here with Mr. and Mrs. Manning.

Crops on the big Schloss farm compare favorably with any I have seen.

Mr. Paul Gupton, who lives at the Burt place, has a very good crop of early corn. Other crops are also fairly good with Mr. Gupton. X.

The farmers are quite busy laying by their crops.

Little Miss Frances Smithwick, of Loureburg, is spending some time with her cousin, little Miss Elizabeth Manning.

Little Miss Emma Tharrington, of near Alert, is visiting her aunt, Mrs. D. Newman, of Warrenton.

Mrs. W. H. Tharrington, of Alert, visited her sister, Mrs. D. Newman, of Warrenton, last Sunday.

Several of this community went to Trinity last Saturday. They returned reporting a very enjoyable trip.

Much success to the editor and the dear old FRANKLIN TIMES. E. F.

The Cow.

The dairy cow, if able to express herself in a way which the human family would comprehend, might well lay claim to being man's best friend. She might establish such a claim by calling attention to the fact that from her product and from her carcass man manufactures more of the necessities of life than from any other similar source. She furnishes these necessities to him from infancy until such a time as temporal things are no longer associated with his existence, and she does it ungrudgingly and constantly.

In addition to contributing to man's necessity and his pleasure, the prosperity of an agricultural community is more closely identified with her than with any of the domestic animals. The horse is quite

essential in tilling the soil, but where necessity requires it the sturdy son of the cow can take his place, as he has done in every agricultural section on earth. The horse can only furnish labor and can only return a profit to his owner when conditions are right for returning satisfactory grain crops. It is a well known fact that the dairy cow is the salvation of the farmer in times of poor crops as she is able to convert the rough crops which are never a total failure, into dairy products which always have a cash value.

In addition to this she furnishes skim milk and butter milk for the calves, pigs and poultry and fertility for the soil, without which a farm becomes less valuable each year and the whole country less prosperous.

The elimination of the dairy cow would necessitate an almost revolutionary readjustment of man's tastes and requirements. It would mean untold suffering and hardship. Of course she will not be dispensed with but her value can perhaps best be appreciated by contemplating such a loss.

She will continue to be man's best friend as long as the human family exists and will keep on supplying him with his greatest needs just as she has done through all the ages.—The National Dairy Union, E. K. Slater, Secretary; St. Paul, Minn.,

MOVED!

I have moved my stock of goods from the Carlyle building to the Bailey building, next door to the Farmers-Merchant Bank, where I will increase my stock and will be ready to serve you in a better capacity than ever before. Give me a call.
